Indicates a variance between Year to Date (YTD) Budget and YTD Actual data as per the adopted materiality threshold. Refer to Note 1 for an explanation of the reasons for the variance.

This statement is to be read in conjunction with the accompanying Financial Statements and notes.

Note 1: Explanation of Material Variances

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date budget materially.

The material variance adopted by Council for the 2016/17 year is \$10,000 or 10% whichever is the greater.

Operating Grants, Subsidies and Contributions

The bridge funding will be claimed by Main Roads for bridge works so there will be an expenditure to offset the income with nil impact on the Shire's financial position

The swimming pool grant will not be received. This is offset by reduced expenditure, with a nil permanent variance

(32,000) impact on the Shire's financial position.

(54,273) Direct Road Grants below budget permanent variance (35,373) Grants Commission Road Grant and General Purpose Grant is below budget . permanent variance

This will be the same for each quarter. Therefore the total amount for the year will be \$47,164

below budget.
