

Protect your garden from Polyphagous shot-hole borer (PSHB)

Symptoms to look for:

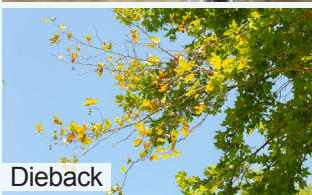

Galleries

Beetle entry hole

Frass/Sawdust

Dieback

Do:

- ✓ Monitor plants for signs and symptoms of PSHB.
- ✓ Report signs of PSHB via the MyPestGuide® Reporter App.
- ✓ Talk to your neighbours about PSHB.
- ✓ Check your local quarantine zone requirements before moving plants or wood.

Don't:

- ✗ Take living plants or wood outside your quarantine zone.
- ✗ Ignore possible symptoms of PSHB.
