Chief Executive Officer

DISCLAIMER

No responsibility whatsoever is implied or accepted by the Shire of West Arthur for any act, omission or statement or intimation occurring during Council or Committee meetings or during formal/informal conversations with staff. The Shire of West Arthur disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement or intimation occurring during Council or Committee meetings or discussions. Any person or legal entity that act or fails to act in reliance upon any statement does so at the person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or limitation of approval made by a member or officer of the Shire of West Arthur during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of West Arthur. The Shire of West Arthur warns that anyone who has an application lodged with the Shire of West Arthur must obtain and only should rely on WRITTEN CONFIRMATION of the outcome of the application, and any conditions attaching to the decision made by the Shire of West Arthur in respect of the application.

AGENDA

Shire of West Arthur
Ordinary Council Meeting
15th February 2022

MISSION STATEMENT

To value and enhance our community lifestyle and environment through strong local leadership, community involvement and effective service delivery.

DISCLAIMER

INFORMATION FOR THE PUBLIC ATTENDING COUNCIL MEETINGS

Please Note:

The recommendations contained in this agenda are officers' recommendations only and should not be acted upon until Council has resolved to adopt those recommendations.

The resolutions of Council should be confirmed by perusing the minutes of the Council meeting at which these recommendations were considered.

Members of the public should also note that they act at their own risk if they enact any resolution prior to receiving official written notification of Council's decision.

Meeting Procedures:

1. All Council meetings are open to the public, except for matter raised by Council under "confidential items".
2. Members of the public may ask a question at an ordinary Council Meeting under "public question time".
3. Members of the public who are unfamiliar with meeting procedures are invited to seek advice at the meeting. If unsure about proceeding, just raise your hand when the presiding member announces public question time.
4. All other arrangements are in accordance with the Council's standing orders, policies and decision of the Shire of West Arthur.

Council Meeting Information:

Your Council generally handles all business at Ordinary or Special Council Meetings.

From time to time Council may form a Committee to examine subjects and then report back to Council.

Generally all meetings are open to the public; however, from time to time Council will be required to deal with personal, legal and other sensitive matters under "confidential items". On those occasions Council will generally close that part of the meeting to the public. Every endeavour will be made to do this as the last item of business of the meeting.

Public Question Time. It is a requirement of the *Local Government Act 1995* to allow at least fifteen (15) minutes for public question time following the opening and announcements at the beginning of the meeting. Should there be a series of questions the period can be extended at the discretion of the presiding member.

Written notice of each question should be given to the Chief Executive Officer fifteen (15) minutes prior to the commencement of the meeting. A summary of each question and the response is included in the meeting minutes.

When a question is not able to be answered at the Council Meeting a written answer will be provided after the necessary research has been carried out. Council staff will endeavour to provide the answers prior to the next ordinary meeting of Council.

Councillors may from time to time have a financial interest in a matter before Council. Councillors must declare an interest and the extent of the interest in the matter on the Agenda. However, the Councillor can request the meeting to declare the matter trivial, insignificant or in common with a significant number of electors or ratepayers. The Councillor must leave the meeting whilst the matter is discussed and cannot vote unless those present agree as above.

Members of staff, who have delegated authority from Council to act on certain matters, may from time to time have a financial interest in a matter on the Agenda. The member of staff must declare that interest and generally the presiding member of the meeting will advise the Officer if he/she is to leave the meeting.

Agendas, including an Information Bulletin, are delivered to Councillors within the requirements of the *Local Government Act 1995*, i.e. seventy-two (72) hours prior to the advertised commencement of the meeting. Whilst late items are generally not considered there is provision on the Agenda for items of an urgent nature to be considered.

Should an elector wish to have a matter placed on the Agenda the relevant information should be forwarded to the Chief Executive Officer in time to allow the matter to be fully researched by a Shire Officer. An Agenda item, including a recommendation, will then be submitted to Council for consideration. The Agenda closes the Friday week prior to the Council Meeting (i.e. ten (10) days prior to the meeting).

The Information Bulletin produced as part of the Agenda includes items of interest and information, which does not require a decision of Council.

Agendas for Ordinary Meetings are available at the Shire of West Arthur Office and on the Shire website seventy-two (72) hours prior to the meeting and the public are invited to view a copy at the Shire Office.

Agenda items submitted to Council will include a recommendation for Council consideration. Electors should not interpret and/or act on the recommendations until after they have been considered by Council. Please note the Disclaimer in the Agenda (page 2).

Public Inspection of Unconfirmed Minutes (Regulation 13).

A copy of the unconfirmed Minutes of Ordinary and Special Meetings will be available for public inspection from the Shire of West Arthur Office and the Shire of West Arthur website within ten (10) working days after the Meeting.

DISCLOSURE OF FINANCIAL INTEREST, PROXIMITY INTEREST AND/OR INTEREST AFFECTING IMPARTIALITY

Financial pursuant to Sections 5.60A of the Local Government Act 1995

5.60A – Financial Interest

For the purpose of this Subdivision, a person has a financial interest in a matter if it is reasonable to expect that the matter will if dealt with by the local government, or an employee or committee of the local government or member of the council of the local government, in a particular way, result in a financial gain, loss, benefit or detriment for the person.

[Section 5.60A inserted by No. 64 of 1998 s. 30; amended by No. 49 of 2004 s. 50.]

Proximity pursuant to Section 5.60B of the Local government Act 1995

5.60B – Proximity Interest

- (1). For the purposes of this Subdivision, a person has a proximity interest in a matter if the matter concerns –
 - (a). a proposed change to a planning scheme affecting land that adjoins the person's land;
 - (b). a proposed change to zoning or use of land that adjoins that person's land; or
 - (c). a proposed development (as defined in section 5.63 (5)) of land that adjoins the person's land.
- (2). In this section, land ("**the proposal land**") adjoins a person's land if –
 - (a). the proposal land, not being a thoroughfare, has a common boundary with the person's land;
 - (b). the proposal land, or any part of it, is directly across a thoroughfare from, the person's land; or
 - (c). the proposal land is that part of a thoroughfare that has a common boundary with the person's land.
- (3). In this section a reference to a person's land is a reference to any land owned by the person or in which the person has any estate or interest.

[Section 5.60B inserted by No 64 of 1998 s. 30.]

Indirect Financial pursuant to Section 5.61 of the Local Government Act 1995

5.61 – Indirect financial interest

A reference in this Subdivision to an indirect financial interest of a person in a matter includes a reference to a financial relationship between that person and another person who requires a local government decision in relation to the matter.

Impartiality pursuant to Regulation 11 of the Local Government (Rules of Conduct) Regulation 2007

11 – Disclosure of interest

- (1). In this regulation –
Interest means an interest that could, or could reasonably be perceived to; adversely affect the impartiality of the person having the interest arising from kinship friendship or membership of an association.
- (2). A person who is a council member and who has an interest in any matter to be discussed at a council or committee meeting attended by the member must disclose nature of the interest –
 - (a). in a written notice given to the CEO before the meeting;
 - or
 - (b). at the meeting immediately before the matter is discussed.

- (3). Sub-regulation (2) does not apply to an interest referred to in section 5.60 of the Act.
- (4). Sub-regulation (2) does not apply if –
 - (a). A person who is a council member fails to disclose an interest because the person did not know he or she has an interest in the matter; or
 - (b). A person who is a council member fails to disclose an interest because the person did not know the matter in which he or she had an interest would be discussed at the meeting and the person disclosed the interest as soon as possible after the discussion began.
- (5). If, under sub-regulation (2)(a), a person who is a council member discloses an interest in a written notice given to the CEO before a meeting then –
 - (a). Before the meeting the CEO is to cause the notice to be given to the person who is to preside at the meeting; and
 - (b). At the meeting the person presiding is to bring the notice and its contents to the attention of the persons present immediately before a matter to which the disclosure related is discussed.
- (6). If –
 - (a). Under sub-regulation (2)(b) or (4)(b) a person's interest in a matter is disclosed at a meeting; or
 - (b). Under sub-regulation (5) (b) notice of a person's interest in a matter is brought to the attention of the persons present at a meeting.

The nature of the interest is to be recorded in the minutes of the meeting.

Describe the extent of your interest (If seeking to participate in the matter under the s.5.68 of the act)

5.68 – Councils and committees may allow members disclosing interests to participate etc. in meetings

- (1). If a member has disclosed, under section 5.65, an interest in a matter, the members present at the meeting who are entitled to vote on the matter
 - (a). may allow the disclosing member to be present during any discussion or decision making procedure relating to the matter; and
 - (b). may allow , to the extent decided by those members, the disclosing member to preside at the meeting (if otherwise qualified to preside) or to participate in discussions and the decision making procedures relating to the matter if –
 - (i) the disclosing member also discloses the extent of the interest; and
 - (ii) those members decide that the interest –
 - (I) is so trivial or insignificant as to be unlikely to influence the disclosing member's conduct in relation to the matter; or
 - (II) is common to a significant number of electors or ratepayers.
- (2). A decision under this section is to be recorded in the minutes of the meeting relating to the matter together with the extent of any participation allowed by the council or committee.
- (3). This sections does not prevent the disclosing member from discussing, or participating in the decision making process on, the question on whether an application should be made to the Minister under section 5.69.

Summary:

Council is requested to consider endorsing the appointment of a full time Manager Corporate Services to replace the retiring Manager Financial Operations.

Background:

The Shire currently employs a Manager Financial Operations and a Manager Financial Reporting. Both of these roles are part-time. The Manager Financial Operations has resigned, effective 4 March 2022. Having observed the current operations of the Shire, particularly in relation to the Administrative functions, the author believes that the organisation would be best served by replacing the part-time Manager Financial Operations with a new role to manage the office and corporate functions, including Finance.

Essentially the position would be focussed inwards which would then allow the CEO to focus outwards, which should always be the case. The CEO would then be able to work with Council on strategic matters, liaise with external stakeholders and the community, and generally improve and develop services/facilities which will contribute to the long-term sustainability of the district.

Comment:

The author has made some initial enquiries and has sourced an appropriate person with strong local government finance and management experience. This person has indicated a willingness to undertake the role on a casual basis, with an initial 3-month period. This is appropriate as it will give all parties a good understanding of what may be required moving forwards into a new financial year.

The person would drive from Perth on a Monday and drive back on a Friday and the author's suggestion is that the second chalet at the caravan park be utilised for his accommodation. Ideally, the author will be close to moving into the CEO house at that time so one of the chalets would eventually still be available to the public. Alternative arrangements could be looked at in due course.

Consultation:

Acting CEO – Ian McCabe
Manager Financial Operations – Maxine McKenzie
Manager Financial Reporting – Melinda King

Statutory Environment:

Local Government Act 1995
S6.8 Expenditure from municipal fund not included in annual budget

Policy Implications:

G1.10 Human Resources Policy

Financial Implications:

Given that the new full-time role will be replacing a part-time role, and that the new role is more senior than the previous one, there will be a cost involved with the change in structure. This will be addressed via the Budget Review process next month.

The new arrangements can then be included in discussions regarding the 2022/2023 budget.

Strategic Implications:

Community Strategic Plan Towards 2031

Leadership and Management – inspirational, dynamic, transparent

Outcome 5.2 Shire staff are well trained, motivated and customer focused

Risk Implications:

Risk	N/A
Risk Likelihood (based on history and with existing controls)	5
Risk Impact / Consequence	4
Risk Rating (Prior to Treatment or Control)	20
Principal Risk Theme	Compliance Failures
Risk Action Plan (Controls or Treatment Proposed)	Invest in adequate human resources.

Risk Matrix:

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of 2 has been determined for this item. Any items with a risk rating over 10 (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating over 17 will require a specific risk treatment plan to be developed.

Voting Requirements:

Absolute Majority

Officer Recommendation:

That Council:

1. by absolute majority, approve the creation of a new full-time Manager Corporate Services role to replace the part-time Manager Financial Operations role; and
2. authorise the use of one of the chalets at the Shire caravan park by the person filling the new role.

Summary:

Council is requested to consider approving out of budget expenditure of up to \$2,000 for the preparation of a COVID-19 Pandemic Plan and ongoing advice in relation to managing the pandemic.

Background:

COVID appeared in Western Australia approximately two years ago. Since then, various government agencies and other organisations have circulated copious amounts of information to local government. Sifting through all the information for useful advice has grown increasingly difficult, and this task has been made even more difficult by the constantly changing directions issued by the State Government. So far as the author is able to determine, there has been minimal action taken by the Shire in relation to COVID thus far.

Comment:

The author considers it imperative to have a suitable plan in place so that when/if an outbreak of COVID occurs, team members are very clear in what action, including recordkeeping, we are required to take to ensure that the organisation can keep operating through the pandemic.

A proposal for the development of a pandemic plan and for the provision of ongoing COVID support has been obtained from a Workplace Health and Safety professional, and is attached to this item.

3. COSTS & TERMS

Currently, I understand the Shire's need to enhance its HR/WHS response to COVID-19. As such I will look to support the Shire initially by:

1. Preparing a COVID-19 Pandemic Plan.

Costs for preparation of the Plan excluding GST : \$633 excluding travel and workforce consultation support (to be quoted upon request).

To further support the Shire's response in the evolving and challenging COVID-19 environment the following outcomes are recommended and or offered for which a fixed price can be quoted upon request

1. Review and provide information for the Shire's website
2. Review and update Recruitment policies and or other relevant employment policies;
3. Review and update employment contract terms;
4. Review and update the Shire's HSE (Safety) policy and advise on consultation process;
5. Provision of and in person support for Vaccination non-compliance, COVID-19 workplace matters and or issues/incidents.
6. Providing a draft communication to contractors of the Shire as to its position on COVID-19, vaccinations, health directives;
7. Review and provision of updates to Shire's Business Continuity Plan
8. Representation of the Shire should a claim be lodged in the WAIRC or other jurisdiction or in alternate dispute resolution processes.

Where no fixed cost agreement exists between the parties DKM Workplace Solutions standard consultation rate shall apply.

Standard Consultation work - review/written responses for employment relation matters beyond initial generalist guidance - HR project, policy development, reviews - on-site HR support, audits, compliance -	\$211 per hour exc GST
Travel rate – inclusive accommodation	Based upon request
Representation before the Fair Work Commission or WAIRC	\$290 per hour exc GST

1. Standard Consultation work – shall mean but is not limited to any written specific advice beyond initial generalist advice, inclusive of reviews and drafting of documents, responses, processes, HR projects, audits or other specific review undertaken as requested and on behalf of you.
2. *DKM Workplace Solutions* invoices fortnightly or upon completion of work requested excluding Telephone Advisory/Support Services whichever is sooner with .
3. Referrals – A referral that is accepted and results in the successful engagement (fee paying) of *DKM Workplace Solutions* will attract a 5% discount. The discount will be applied to your next invoice.
4. *DKM Workplace Solutions* reserves the right to terminate any contract for service at any time for non-payment of any invoice
5. You acknowledge and accept that from time to time, delays or interruptions may occur in *DKM Workplace Solutions* providing products and services to you. You acknowledge that *DKM Workplace Solutions* will not be responsible for any such delay or interruptions and that *DKM Workplace Solutions* will

not have any liability to you for any failure or delay in delivering the products or services to you.

6. In providing any services to you *DKM Workplace Solutions* will rely on the information provided by you. As such you acknowledge that any responses and the content of any documents created, or products and services provided to you will depend on the answers or responses you provide *DKM Workplace Solutions*.
7. You acknowledge that *DKM Workplace Solutions* is not a law firm and as such it does not provide legal advice.
8. You acknowledge and agree that *DKM Workplace Solutions* products and services are provided to you as an independent contractor. No other relationship can be implied.
9. Neither party to these Terms shall be liable for any failure or delay in performing their obligations where such failure or delay results from any cause that is beyond the reasonable control of that party. Such causes include, but are not limited to, power failure, Internet Service Provider failure, industrial action, civil unrest, fire, flood, storms, earthquakes, acts of terrorism, acts of war, governmental action or any other event that is beyond the control of the party in question.

Summary:

Council is requested to consider approving a partial refund of the applicant's 2021/2022 pool membership fee, due to her leaving the district during the pool season.

Background:

The applicant paid the \$80 membership fee on 22 October 2021, and handed back her key on 17 December 2021, as she has left the district. A request has now been received to refund the membership fee on a pro-rata basis due to her recent departure.

Comment:

The swimming pool season normally extends from October to early May, approximately seven months. It appears to be fair and reasonable, in this instance, to provide a refund of 5/7 of the annual fee, being \$57.

Beth

As discussed last week when I returned my key, I would appreciate it if consideration could be given to refund my pool membership fee pro-rata.

I have only used the key about 3 times and, with the sale of our house happening much more quickly than expected, we have now moved from the district.

Also, could you please return the pool key deposit by EFT to my bank. (Please call me at the number below and I will provide details.)

Many thanks for your consideration.

12.4 DRAFT HERITAGE SURVEY FOR PUBLIC CONSULTATION

File Reference:	6.5.14

Date:	3 February 2021

Summary:

A review of the 1997 Shire of West Arthur Municipal Heritage Inventory is a requirement of the Heritage Act 2018. Inventories have been renamed "Local Heritage Surveys". This review is in accordance with Part 8 of the Heritage Act 2018 that is essentially the same guidelines as the 1990 Heritage Act requirements, including the identification of the "Heritage List".

The review is undertaken in consideration of the Department of Planning, Lands and Heritage's guidelines; Criteria for the assessment of local heritage places and areas as recommended in State Planning Policy 3.5 Historic Heritage Conservation.

Assessments determine levels of significance for each place in consideration of the overall context of the Shire's towns and district. The levels of significance are consistent with the required categories (Heritage Act 2018). Council is requested to consider endorsing the attached draft version of its Local Heritage Survey to allow it to be released for public consultation.

Background:

The Shire of West Arthur has a Municipal Heritage Inventory (MI) which was prepared in 1997 and reviewed in 2009. In 2020/21 Shire staff participated in a Heritage Framework Discussion forum with the Department of Planning Lands and Heritage (DPLH).

As a result of this participation, the Shire were invited to apply for a grant to review its Municipal Inventory and was successful in receiving funding. Heritage Consultant Laura Grey was contracted to review the inventory, and include and research additional places that had been identified by the Project Officer since the last review in 2009.

The public were also invited to nominate places for inclusion in the Heritage Survey. Only one nomination was received and this was for Black Wattle Homestead. The owners of private places listed on the original MI were invited to attend an information session with Laura, who outlined the process and made them aware of implications of the process.

Laura has provide the Shire with a draft copy of the Heritage Survey and Heritage List which provides details on the heritage value of each place and assesses each place for a level of significance. Upon endorsement from Council, the draft Heritage Survey will be released for community review and comment. All private owners of sites that have been listed as a Category 1 or 2 have been contacted to advise them of the survey prior to it being released to the public.

Comment:

Understanding a place is the foundation for substantiation of the heritage value and inclusion in the Local Heritage Survey. Almost every place in the review has been photographed (with the exception of sites that no longer have built infrastructure).

The information has been interpreted and formatted to the relevant place records, physically described from the photograph, cross referenced with other places, documented with references to the Department of Planning, Lands and Heritage's inHerit database number, and arranged according to Shire locality. This review has been extensive with a total of 141 places listed. Of these, 98 are new places that were not previously included on the MI and consist of many sites (rather than buildings) such as school sites, old town sites, telephone exchanges and sidings.

For each place deemed to be of heritage value, a level of significance and consequent category has been applied. The places with the highest level of significance are recommended for inclusion in the Shire of West Arthur's Heritage List that provides policies and the provisions of the Local Planning Scheme for future conservation. Of the 141 identified places (including sites) identified in the Local Heritage Survey, one place is State Registered: Category 1 (Arthur River Shearing Shed) and two places are listed as an Interim State Register listing (currently in consultation with adjacent land owners prior to listing) (St Paul's Anglican Church and Arthur River Precinct – Inn Kitchen, Post Office, Hall, wells).

The places recommended for the 2021 Heritage List are comprised of categories 1 and 2 in the Local Heritage Survey. Categories 3 and 4 are not included in the Heritage List and consequently have no implications. A total of 3 Category 1 places, together with 32 Category 2 places, forms the Heritage List.

1.0 INTRODUCTION

A review of the 2008 update of the original 1997 *Shire of West Arthur's Municipal Heritage Inventory of Heritage Places* is a requirement of the Heritage Act 2018. Inventories have been renamed 'Local Heritage Surveys'. This review is in accordance with the Part 8 of the Heritage Act 2018 that is essentially the same guidelines as the 1990 Heritage Act requirements, including the identification of the "Heritage List".

The review is undertaken in consideration of the Department of Planning, Lands and Heritage's guidelines; *Criteria for the assessment of local heritage places and areas* as recommended in *State Planning Policy 3.5 Historic Heritage Conservation*.

Assessments determine levels of significance for each place in consideration of the overall context of the Shire's towns and district. The levels of significance are consistent with the required categories (Heritage Act 2018).

1.1 Review Summary

Understanding a place is the foundation for substantiation of the heritage value and inclusion in the Local Heritage Survey. Almost every place in the review has been photographed, although that has not included a number of homesteads. Photographs are only taken from public space unless approval in advance on private properties. No further documentary research has been undertaken beyond the existing documentation and information provided by, or referenced by the Shire of West Arthur, and Conservation Plans prepared by L Gray.

The information has been interpreted and formatted, physically described from the photograph, cross referenced with other places, documented with references to the Department of Planning, Lands and Heritage's inHerit database number, and arranged in alphabetical order.

For each place deemed to be of heritage value, a level of significance and consequent category has been applied. The places with the highest level of significance are recommended for inclusion in the Shire of West Arthur's Heritage List that provides policies and the provisions of the Planning Scheme for future conservation.

Of the 140 identified places (including sites) identified in the Local Heritage Survey, only one place is State Registered: Category 1. The places recommended for the 2021 Heritage List are comprised of categories 1 and 2 in the Local Heritage Survey. Categories 3 and 4 are not included in the Heritage List and consequently have no implications.

"The Arthur" Wool Shed Group (2 buildings) is the only Category 1 place. "The Arthur River Precinct" (4 buildings) and St Mary's Church Group are both assessed and are in the stakeholder consultation process. Those category 1 places together with Category 2 places, form the 2021 Heritage List.

The Local Heritage Survey references places by their original owner/operators where possible with (fmr) after the name indicating the former naming rather than recent naming that changes over time.

Community consultation is invaluable in providing local input to places and their histories to further build on the Local Heritage Survey and to engage and empower the community in recognition of their heritage.

Kerryn Chia, Project Officer for the Shire of West Arthur, provided information, support and review of the documents.

2.0 CRITERIA for SIGNIFICANCE

Every place previously listed in the 2008 review of the Heritage inventory has been assessed within the Heritage Council's guidelines; *Criteria for the assessment of local heritage places and areas*. The four criteria for the assessment are summarised hereunder:

Assessment of significance

Aesthetic value*

Criterion 1 It is significant in exhibiting particular aesthetic characteristic.

Historic value

Criterion 2 It is significant in the evolution or pattern of the history of the local district.

Research value

Criterion 3A: It has demonstrable potential to yield information that will contribute to an understanding of the natural or cultural history of the local district.

Criterion 3B: It is significant in demonstrating a high degree of technical innovation or achievement.

Social value

Criterion 4 It is significant through association with a community or cultural group in Western Australia for social, cultural, education or spiritual reasons.

Degree of significance

Rarity

Criterion 5 It demonstrates rare, uncommon or endangered aspects of the cultural heritage of the local district.

Representativeness

Criterion 6 It is significant in demonstrating the characteristics of a class of cultural places or environments in the local district.

Condition refers to the current state of the place in relation to each of the values for which the place has been assessed. Condition reflects

the cumulative effects of management and environmental effects.

Integrity is a measure of the likely long-term viability or sustainability of the values identified, or the ability of the place to restore itself or be restored, and the time frame for any restorative process.

Authenticity refers to the extent to which the fabric is in its original state.

* For consistency, all references to architectural style are taken from Apperly, R., Irving, R., Reynolds, P. *A Pictorial Guide to Identifying Australian Architecture. Styles and Terms from 1788 to the Present*, Angus and Robertson, North Ryde, 2002.

3.0 LEVELS OF SIGNIFICANCE

For each place deemed to be of heritage value, a level of significance and consequent category is applied.

The following table from the Heritage Council's *Criteria for the assessment of local heritage places and areas* illustrates the details, and the amendments to facilitate the draft proposed categories are listed against them.

Each place was categorised on the basis of the following levels of significance:

LEVELS OF SIGNIFICANCE	DESCRIPTION	DESIRED OUTCOME
Category 1	Essential to the heritage of the locality	HERITAGE LIST
Exceptional significance	Rare or outstanding example.	Register of Heritage Places The place should be retained and conserved. Any alterations or extensions should reinforce the significance of the place and be in accordance with a Conservation Plan (if one exists for the place). Refer to Heritage Council. Planning Scheme provisions
Category 2	Very important to the heritage of the locality. High degree of integrity/ authenticity.	HERITAGE LIST Conservation of the place is highly desirable. Any alterations or extensions should reinforce the significance of the place. Planning Scheme provisions
Category 3	Contributes to the heritage of the locality, some altered or modified elements, not necessarily detracting from the overall significance of the item.	NO CONSTRAINTS Conservation of the place is desirable. Contributes to the heritage of the locality. Has some altered or modified elements, not necessarily detracting from the overall significance of the item. Any alterations or extensions should reinforce the significance of the place. Original fabric should be retained where possible.
Category 4	Some community interest to the history/heritage of the locality.	NO CONSTRAINTS Contributes to the history of the locality. Photographically record prior to any major development or demolition. Recognise and interpret the site.
Little significance	.	

4.0 CATEGORIES

In line with Heritage Council's guidelines, Category 1 and 2 places are recommended to be included in the Local Heritage Survey to facilitate a level of management through the Local Planning Scheme that will provide guidance to the owners, managers, and statutory authority, to respond to that assessed significance.

Categories have been determined relevant to the assessed level of significance for each place. Implications for each recommendation are also summarised.

There are

Category 1 Registered Places and those currently under consideration for the Register.

A place of exceptional cultural heritage significance to Shire of West Arthur and the state of Western Australia, that is either in the Heritage Council of Western Australia's Register of Heritage Places, or worthy of consideration for entry into the Register.

A place worthy of recognition and protection through provisions of the Shire of West Arthur's Planning Scheme.

Planning application needs to be submitted to Shire of West Arthur for any proposed development. A Heritage Impact Statement may be required.

Planning application referred for heritage comment and background information for Heritage Council of Western Australia (HCWA).

The development application needs to be submitted to HCWA for support for any proposed development, and Shire of West Arthur cannot approve contrary to HCWA recommendation.

Recommend: Maximum encouragement to owners to retain and conserve the place. Full consultation with property owner prior to making the recommendation.

IMPLICATIONS of REGISTRATION:

A Memorial is lodged on the Certificate of Title of the Registered place under the provisions of the *Heritage Act (2018)*.

By virtue of the *Heritage Act (2018)*, the owner is bound to conserve the place.

ALL development (including demolition) MUST be referred to Heritage Council for consideration PRIOR to undertaking any works.

The Shire of West Arthur cannot approve anything contrary to Heritage Council recommendations.

Private owners of Registered places qualify for the Heritage Council's Conservation Grants Funding. A Conservation Management Plan or Conservation Management Strategy is a pre-requisite for conservation works funding assistance from the Heritage Council.

Local Government, churches and community (not-for-profit) owners qualify for Lotterywest conservation funding. It is funded loosely on a \$ for \$ basis, although 'inkind' contributions are encouraged. Benefit to the community is a significant factor in assessment for

funding. A Conservation Management Plan or Conservation Management Strategy is a pre-requisite for conservation works funding and can also be funded.

Local Government owned Registered places qualify to claim for \$10,000 per annum 'Disability allowance' through the Grants Commission. Up to a maximum of \$50,000 is allowed for 5 buildings or more.

Category 2 A place of considerable cultural heritage significance to Shire of West Arthur that is worthy of recognition and protection through provisions of the Shire of West Arthur's Planning Scheme.

Planning application needs to be submitted to Shire of West Arthur for any proposed development for particular consideration of the heritage impact.

Recommend:

Inclusion in the Heritage List

Retain and conserve the place.

Document the place prior to any development; and photographic archive report if retention is not possible.

IMPLICATIONS:

Planning applications must be submitted to Shire of West Arthur for approval prior to undertaking any works.

Private owners do not qualify for any funding.

Local Government, churches and community (not-for-profit) owners qualify for Lotterywest conservation funding. It is funded loosely on a \$ for \$ basis, although 'inkind' contributions are encouraged. Benefit to the community is a significant factor in assessment for funding. A Conservation Management Plan or Conservation Management Strategy is usually a pre-requisite for conservation works funding and may also be funded on same basis as works funding assistance.

Category 3 A place (including a site with no built remains) of some /moderate cultural heritage significance to Shire of West Arthur.

No constraints.

Some/moderate contribution to the heritage of the Shire of West Arthur.

No constraints.

Recommend: Encourage retention of the place, or where there are ruins, archaeological findings or no built remains: Interpret the place.

IMPLICATIONS:

If a planning application is submitted to the Shire of West Arthur for approval, if approved a condition of development will require documentation and a photographic record of the place prior to any development or if retention is not possible.

There are **no statutory requirements** pertaining to heritage issues.

Private owners do not qualify for any funding.

Local Government, churches and community (not-for-profit) owners qualify for Lotterywest conservation funding, although at a lower priority. It is funded loosely on a \$ for \$ basis, although 'inkind' contributions are encouraged. Benefit to the community is a significant factor in assessment for funding. A Conservation Management Plan or Conservation Management Strategy is usually a pre-requisite for conservation works funding and may also be funded on same basis as works funding assistance.

Category 4 A place (including a site with no built remains) of little cultural heritage significance to Shire of West Arthur.

No constraints.

Recommend: Encourage retention of the place, or where there are ruins, archaeological findings or no built remains: Interpret the place.

IMPLICATIONS:

If a planning application is submitted to the Shire of West Arthur for approval, if approved a condition of development will require documentation and a photographic record of the place prior to any development or if retention is not possible.

There are **no statutory requirements** pertaining to heritage issues.

Private owners do not qualify for any funding.

Local Government, churches and community (not-for-profit) owners qualify for Lotterywest conservation funding, although at a lower priority. It is funded loosely on a \$ for \$ basis, although 'inkind' contributions are encouraged. Benefit to the community is a significant factor in assessment for funding. A Conservation Management Plan or Conservation Management Strategy is usually a pre-requisite for conservation works funding and may also be funded on same basis as works funding assistance.

5.0 LOCAL HERITAGE SURVEY

A number of new places and sites have been identified and listed (and identified as NEW) in the Local Heritage Survey (Refer to Appendix 1 for details).

The places proposed for the Heritage List are identified in the Local Heritage Survey by the colour block.

The Local Heritage Survey List is presented in alphabetical order of towns and districts except for Darkan and Darkan surrounds that are top of the list.

Refer to Appendix 1 for the detailed table of place records of the places listed hereunder.

6.0 HERITAGE LIST

Categories 1 & 2 places

An important part of the recognition and understanding of cultural heritage significance of a place, is that some guidance is provided to the owners, managers and statutory authority, to respond to that assessed significance.

Categories have been determined relevant to the assessed level of significance for each place. Implications for each recommendation are also summarised. The Heritage List is subject to the provisions of the Local Planning Policy.

The Heritage List is comprised of:

- Category 1** A place of exceptional cultural heritage significance to Shire of West Arthur and the state of Western Australia, that is either in the Heritage Council of Western Australia's (HCWA) Register of Heritage Places (R) or worthy of consideration for entry into the Register.
- Category 2** A place of considerable cultural heritage significance to Shire of West Arthur that is worthy of recognition and protection through provisions of the Shire of West Arthur's Planning Scheme.

Category 1 places (identified in list hereunder in colour block) are:

37	"The Arthur" Wool Shed group	Entered on Register of Heritage Places
38	St Paul's Anglican Church, Graveyard & Sandalwood trees	Assessed and in the process for entry on the Register
39	Arthur River precinct	Assessed and in the process for entry on the Register

Category 2 places are the remaining 32 places listed hereunder.

Refer to Appendix 2 for full details.

7.0 ABORIGINAL HERITAGE

The Heritage Inventory under the requirements of the Heritage Act (2018) is relevant to places of Aboriginal significance of the post-contact period only.

The Department of Aboriginal Affairs (DAA) oversees an “Aboriginal Sites Database” and works with Aboriginal people to protect their culture and to protect and manage places and objects of significance to Aboriginal heritage.

8.0 CONCLUSION

The 2022 Local Heritage Survey reiterates the considerable significance of the rich heritage and history of West Arthur's towns and districts and will provide strategic guidance to conserve those places of assessed as having a high level of cultural significance.

			DARKAN TOWN				
	1	NEW	St Mary's Catholic Church	33 Arthur Street	3	<p>St Mary's Catholic Church is of historical and social significance. After the culmination of many years of fundraising, it was finally constructed in 1964 and blessed and dedicated by the Bishop of Bunbury on 11 April 1965.</p> <p>The highlight of the numerous fundraising efforts was the annual Debutant Balls from 1957.</p> <p>It has considerable social significance for its role in religious activities of the local community and the sense of place evoked by those activities.</p> <p>It is aesthetically significant for the design and construction by Stan Costello, renowned through the 1950s for his Catholic churches in the Midwest and Wheatbelt regions. St Mary's is different to his previous design with the roof concealed by the pale-coloured decorative face-brick parapet walls, no gables, and a protruding frontage with a cross.</p>	N/A

	2	2700	Darkan Road Board Office (fmr)	29 Burrowes Street	2	<p>The former West Arthur Road Board building is of considerable historic and aesthetic significance, built in 1929 centenary year, in Inter-war free classical architectural style it is a fine regional example and arguably the finest architecture in Darkan and the entire West Arthur district.</p> <p>The building, replacing the original office on the site, represents the progress and optimism for the future, and associations with Administration, Board representatives and (later) Councillors, working for the benefit of the West Arthur communities. The Road's Board building was located in Darkan after much discontent and a referendum to decide Darkan or Duranillin as the centre for the West Arthur district. From the 1960s when a new Shire complex was opened it has provided various services and community functions and in 2021 houses the Betty Brown Heritage Centre.</p>	D8
	3	NEW	SITE RSL Hall	25 Burrowes Street	4	<p>The site of the RSL hall is significant for its associations with the commemoration of those who served in the wars. After World War Two, ex-servicemen reformed with World War One veterans to achieve a hall for their members, The RSL hall was volunteer built under the direction of builder Jack Lalor. It was opened by the State President of the Returned Soldiers League in 1958.</p> <p>In 1966 the Kindergarten moved into the RSL hall. In 2000 the Arts Council occupied the building.</p>	N/A

	4	NEW	Smith's General Store (former)	33 Burrowes Street	3	<p>The former Smith's General Store is of historic significance as it was the only commercial facility in the gazetted townsite south of the railway line in 1923 when it was built.</p> <p>Alf Galloway ran a drapery store there until 1964. Additions and alterations have taken place.</p>	N/A
	5	8813	Putland Motors	35 Burrowes Street	3	<p>Putland Motors is historically significant as the site of the first garage/mechanical repairs in Darkan and its association with transition from horse drawn vehicles to the motor age. It is also significant that the original building (part of it at the front) used local timber and was constructed in the period 1933-35 by Tom and Fred Curnow using timber cut on the family's 'The Angle' property at Boolading.</p> <p>Fred and Tom Curnow were two of 12 children of Jim and Sophia (nee Gibbs). Each of the seven sons displayed a strong degree of technical ability- inherited from their father Jim who was a much-valued wheelwright/blacksmith in the district.</p> <p>In 1937 the Curnow brothers introduced the first 32-volt lighting plant to the district.</p> <p>Later owners have made extensive alterations and modifications since that time. After the Second World War the business was sold to Dorsett's Motor Agency and changed hands a few times until the Putland family since 1963.</p>	D14

	6	NEW	Elder Smith's (former)	39 Burrowes Street	4	It is of historic significance evidencing progress in the 1960s associated with agricultural services, located in the central service area for the West Arthur Shire area. The shop has a semi-detached residence at the rear. It was later converted to a café.	N/A
	7	NEW	Butcher's shop (former)	47 Burrowes Street	3	The shop is of historic significance evidencing one of the only remaining original shops that were part of the post-World War Two development in the late 1940s in the main street of Darkan. In poor condition in 2022.	N/A
	8	NEW	SITE Darkan Bowling Club	Burrowes Street	4	Darkan Bowling Club was established in 1963. The site represents the social significance of the recreational activity. Darkan Bowling Club relocated to the Darkan and Districts Sports Club in 2010 after it was renovated under the Royalties for Regions scheme.	N/A

	9	NEW	War Memorial and gates	Coalfields Highway	2	<p>The Darkan War Memorial commemorates those who sacrificed during times of war. It is historically significant for its association with the two world wars and other conflicts.</p> <p>It is of historic and social significance that evokes a sense of place and remembrance for the community.</p>	N/A
	10	2703	Darkan Railway Station Precinct	Coalfields Highway	2	<p>The Collie-Narrogin railway line was constructed to facilitate agricultural land settlement in part of the area between the Great Southern and South Western lines, providing a direct link to the port at Bunbury. The townsite of Darkan was gazetted in December 1906, and after the railway line was completed in October 1907, Darkan developed as a railway station and local government centre for the West Arthur farming region. The traffic office was constructed in 1912 and Stationmaster's house in 1913. When the Wagin-Bowellington branch line was completed in 1918, the Darkan Stationmaster was moved to Bowelling and Darkan became an unmanned station. Passenger services on the Collie-Narrogin line ceased in 1949 and, in 1969, the complete replacement of steam locomotives with diesel resulted in a further reduction of traffic on the line. In 1988, the Collie-Narrogin and Wagin-Bowellington lines were closed.</p> <p>Darkan Railway Precinct, comprising brick and iron traffic office (1912); brick and iron Stationmaster's house (1913); and, loading ramp and crane (1965), has cultural heritage significance for the following reasons:</p>	N/A

						<p>it is one of a number of remaining examples of the type of traffic office with associated railway structures in their original setting, and one of three such small railway precincts which include the Stationmaster's house. The place demonstrates a way of life and functions no longer practiced;</p> <p>it illustrates the State Government's proactive attitude to agricultural land settlement, and the importance of the railway system in the development of the agricultural areas and their supporting townships;</p> <p>it is highly valued by the Darkan community as an identifiable built representation of the significant railway presence in the town. The places and elements within the precinct are valued for their individual aesthetic characteristics, and landmark quality. Together they form a significant group which contributes to the local community and the wider district's sense of place; and,</p> <p>it is a good representative example of the type of traffic office and Stationmaster's house constructed on the agricultural railway lines early in the twentieth century.</p>	
	10a	24447	Precinct; Darkan Railway Station (traffic office)	Coalfields Highway	2	<p>Railway Station (traffic office) (1912) is of historical and aesthetic significance as one several remaining examples of the type of traffic office constructed on the agricultural railway lines early in the twentieth century. It represents functions no longer practiced.</p> <p>The railway line was completed in October 1907, Bowelling was one of three sidings along the line west of Darkan, until the Wagin-Bowelling branch line was completed in 1918, and Bowelling became a junction. A Stationmaster's house and</p>	D3

						traffic office and were built at Bowelling, and the Darkan Stationmaster was relocated to Bowelling. Darkan became an unmanned station.	
	10b	23917	Precinct; Darkan Station Master's House	Coalfields Highway	2	Stationmaster's house, 1913, is of historic and aesthetic significance as a good representative example of the type of Stationmaster's house constructed on the agricultural railway lines early in the twentieth century, that demonstrates a way of life no longer practiced and contributes to the historic townscape of Darkan. It was built initially for the station master and was later occupied by other railway staff.	D4
	10c	NEW	Precinct; SITE Railway Refreshment rooms	Coalfields Highway	2	In 1908 the Government Railways announced a refreshment stop for Darkan Railway Station, Located directly across from the hotel. Fred Smith, the hotel licensee took the lease over the refreshment rooms and operated it in conjunction with the hotel.	N/A
	10d	23874	Precinct; Railway Crane & Loading Ramp	Coalfields Highway	2	The ramp and crane are of significance as elements integral to the railway operation on the site. Ramp 1908, crane 1965). The Ramp (1908) is built up and retained by timber railway sleepers and iron railway line construction. In 1949 the Farmers Union of WA requested a crane for the loading ramp to handle the offloading of heavy machinery and goods. A second-hand crane was finally provided in 1965.	D15

	11	18827	SITE: Sarah Ann Gibbs tree (replacement tree)	Coalfields Highway	4	<p>The site of Sarah Ann Gibbs Tree is an important representation of the pioneering women of the district, honouring Sarah Ann Gibbs.</p> <p>A pine tree was planted in 1906 by Mrs Sarah Ann Gibbs the wife of pioneer settler William Gibbs. A plaque was erected on the tree in 1947 and it read:</p> <p><i>"This tree was planted in 1906 by Mrs. Sarah Ann Gibbs, wife of pioneer settler William Gibbs. Born near Brunswick in 1854. Mrs. Gibbs lived at Boolading Farm for over 70 years and died on 30th July 1946 at the age of 92 years. Erected in memory of a pioneer country woman by the Darkan Branch, CWA."</i></p> <p>The pine tree was significant for the association with Herbert Spencer who acquired trees from New Zealand and grew them from seeds that he gave away to the community to enhance the environment including trees in Darkan townsite. The Sarah Ann Gibbs tree was one of those pine trees.</p> <p>In 1990, the Pine tree was deemed unsafe by the Shire Council and was felled. Members of the community considered the tree so important that it was replaced with a young pine tree that was transplanted from the Boolading Siding in 2001.</p>	D18
	12	NEW	CWA meeting rooms	9873 Coalfields Highway	2	<p>The Country Women's Association meeting rooms represents the organisation that is of considerable historic and social significance for the invaluable contribution they have made to women and children in regional areas and their community spirit, fundraising and participation.</p> <p>The meeting rooms are aesthetically pleasing, traditionally modest in form and scale presenting a homely atmosphere.</p>	

						<p>The Darkan branch of the CWA formed in 1938, and in 1939, Jack Knight of Carberry, donated the land for a CWA rest room. Associations with Mrs Ida Spencer are of considerable significance as she was to become the State President of the CWA (1955-1958), National President in 1958, Member of the British Empire honour in 1961, and represented the state and the nation in World Women's conferences.</p> <p>Ida Spencer became a member of the Darkan branch in 1941 after marrying Jack Spencer of Boodaling and by 1952 established a Duranillin-Moodiarup branch with 29 members.</p> <p>The Darkan CWA, members worked for the Red Cross Comforts fund during the war years and secured a fortnightly Infant Health sister from Wagin in 1945. In 1950 they erected a fence around the site and by 1952 had their first meeting in their rest rooms that officially opened by the Divisional President, Mrs Ida Spencer in 1954.</p>	
	13	NEW	Darkan Post Office (fmr) SITE Lintott's Darkan Trading Co	9875 Coalfields Highway	3	<p>The former Darkan Post Office demonstrates the historic development of communication services that operated in the town for many years and was a critical service to the community.</p> <p>The original post office on the site was built in 1912, with quarters. In 1927, the post office section was shifted from the shop to the quarters. Lewis Hibble started the post office business in 1912, and his brother Gus took over in 1923. The telephone exchange started in 1925. Charles Lintott purchased the PO in 1931 working until 1945 when he died and his wife continued the business. In 1957 the new post office building, in post war austerity style, housed the telephone exchange with continuous service for 55</p>

Automatic mode took over the manual operation in 1979, and the Dardadine subscribers connected to Darkan achieving 156 subscribers. A new post office was established in Burrowes Street in 2015.</p>	
	14	8786	<p>National Bank (fmr) SITE of original bank SITE Darkan Dining Rooms</p>	9879 Coalfields Highway	3	<p>The Darkan Dining Rooms, Mrs Lintott's tea rooms were located on this site prior to the National Bank/s.</p> <p>The site and existing former National Bank building are of historical significance for the banking services, associations with Bank Managers, as a place of business in the centre of the region, and hospitality associated with the dining rooms.</p> <p>The original National Bank opened on this site (part of Burrow's land) in 1906 was a result of a community partition, as an agency of the Williams branch that was serviced weekly. It was rebuilt on in 1951 as a full-time branch that operated an agency in Duranillin (until 1963), closed in 1990 when a new bank was built in Burrowes Street.</p> <p>The modest form for a bank function evidences in post-World War Two austerity architectural style with simple form gabled roof and weatherboard cladding.</p> <p>It makes a contribution to the Coalfields Highway streetscape on the north side of the former railway line in Darkan townsite.</p>	

	15	NEW	SITE Green Gable Tearooms (roadhouse)	9881 Coalfields Highway	4	The site of the Green Gable tearooms is of historic and social significance recognising the hospitality business that was located on Coalfields Highway opposite the railway station and near the hotel, providing for the convenience of travellers.	
	16	2702	Darkan Hotel	9889 Coalfields Highway	2	<p>Darkan Hotel is of social and historic significance. The hotel has played an important role in the community as a meeting place and venue for social events. A fine example of a country hotel, it makes a significant contribution to the streetscape and the architectural heritage of Darkan. It was under construction when the town of Darkan, south of the railway line, was gazetted in 1906. The owner, Mrs Francis opened the hotel without a license or any alcoholic drinks. The stone hotel with surrounding verandas was strategically located opposite the railway station. Mrs Francis ran the hotel until 1925. A major brick extension to the southeast corner of the old hotel in the 1960's resulted in the bar being enlarged and now faces the Coalfields Road.</p> <p>The hotel has been developed over the years and has always been an important social venue for the town and district.</p>	D2

	17	18807	Aboriginal Reserve and Nissan Hut (caravan park)	Coalfields Highway	2	<p>The Aboriginal Reserve and Nissan Hut is of considerable historic and social significance in recognising the provisions for Aboriginal people to camp in Darkan in the 1960s and played a significant role as a meeting place and often housed up to fifty Aboriginal people at any one time.</p> <p>The site was vested on the 3rd of July 1964 as an Aboriginal Camping Ground. The Department of Native Affairs erected a few small cement houses and a Nissan Hut for recreational purposes, a few years later.</p> <p>In 1972 the Reserve was closed. In 1975 the Pony Club and Girl Guides operated until the 1980's.</p>	D16
	18	8789	Darkan School	Darkan Road South	2	<p>Darkan School is historically and socially significant for its ongoing role in education and associated socialisation and recreation for generations of the Darkan and broader community. It is the first school in the West Arthur district. The building is a good example of the building style of the period. It is an important part of the town's original building stock and makes a positive contribution to the streetscape.</p> <p>Originally a one room building on the site opened on 27 April 1908.</p> <p>During World War two the children dug air raid shelters and trenches in the playground. They were infilled when the school was extended significantly in Post-World War Two. At that time buses were introduced for outlying communities to attend the central education facility. The 1952 addition is clearly evidenced, as is the separate more contemporary addition.</p>	D7

	22	NEW	Darkan Town Hall	Hillman St	2	Darkan Town Hall (1962, 2015) is historically socially and aesthetically significant as a fine example of 1960s architecture that as part of the Shire administration complex in 1962. It represented moving into the future and a facility for generations of the community, adjoining the Pioneer Hall in 2015 with contemporary architecture that makes a substantial contribution to the Darkan townscape and character. The place represents a sense of place for the events that have taken place including recreational, civic, social and formal. The proposal for the hall was very controversial in the community. There was a referendum, and in 1961, a meeting in Moodiarup Hall in 1961 protesting against the rates required for the Darkan Hall. Legal action pursued. The budget for the Darkan Hall and shire offices was reduced, and a new community hall was built in Duranillin in 1966.	N/A

	23	3327	Darkan Pioneer Hall	32 Hillman St	2	<p>Darkan Pioneer Hall was the first substantial building constructed in the official townsite of Darkan on the south side of the railway line. It is of considerable social and historic significance as the venue for civic and social events and school overflow, from when it was constructed in 1910. It is a fine example of Federation vernacular architecture of local stone construction by George Cuthbert. It was re-structured in 1960. Darkan Pioneer Hall makes a substantial contribution to the historic townscape of Darkan.</p>	D11
	24	15260	Darkan Uniting Church	43 Hillman St	3	<p>The Uniting Church is of historical and social significance dedicated on 19 November 1955. The historic significance of the Church is demonstrated in the original establishment by the Methodist Church and their amalgamation into the Uniting Church.</p> <p>It has considerable social significance for its role in religious activities of the local community and the sense of place evoked by those activities.</p> <p>The historical and aesthetic significance of the cement brick building is typical of the post-war 1950s austere construction, in the use of local materials made with a brickmaking machine at a sand deposit at Tachbrook and the builder EN Devereux assisted by volunteer labour.</p>	N/A

	25	8791	Mick & Maude King's House	46 Hillman St	3	<p>The 1930s residence has historical significance for its association with Mrs Maude King, a respected local citizen, and her husband Mick. The railway line was completed in October 1907, Bowelling was one of three sidings along the line west of Darkan, until the Wagin-Bowelling branch line was completed in 1918, and Bowelling became a junction. The traffic office and Stationmaster's house were built at Bowelling, and the Darkan Stationmaster was relocated to Bowelling and Darkan became an unmanned station. The junction station developed. Passenger services on the Collie-Narrogin line ceased in 1949 and, in 1969, the complete replacement of steam locomotives with diesel resulted in a further reduction of traffic on the line. 	117	8808	Hillman Dam, channels and catchment	Hillman nature reserve off Hillman-Dardadine Road	2	Hillman Dam is historically significant for its connection with the railways which assisted in the development of the district and the sustenance workers during the depression. When the Narrogin-Collie railway was built in 1906, a concrete weir was erected across the Hillman River. A steam engine was used to pump water from the dam to the overhead tank, at Hillman Siding, for the steam trains. By the early 1930s the water had become too saline, causing the boilers of the engines to rust, so a new dam was built, using the catchment from the Julikin Rock. Most of the labour was sustenance workers and the dam was sunk by	H2

					<p>horse teams owned and driven by local farmers. A concrete channel 1.5 kilometres long, was made from the base of Julikin Rock where the stone wall around the base directed the rock runoff into the stone channels to the dam and a pipeline ran from the dam to the siding where it gravity fed into the overhead storage tank. The dam has been covered by an asbestos roof supported by timber uprights. The cover has collapsed in many places.</p>	
	118	8799	Hillman Airfield (not buildings)	Hillman-Dardadine Rd	<p>Hillman Airfield is significant for its historical association representing the district's involvement in the Second World War.</p> <p>Prior to the war, an airfield at Hillman had been discussed. In 1933, the Defence Department inspected the Hillman Flat ascertained that it would be an appropriate site for an aerodrome. Although the Road Board made a representation to the Federal Minister for Defence in 1937, it wasn't until a possible invasion was imminent, that work started.</p> <p>When Japan entered the war in the north of Australia was under threat of invasion, it was decided to build airfields along the coast at a distance of 60 to 80 miles inland. The Hillman Flat was considered an ideal place for an airfield, and work started in 1942. Between 1952 and 1954 the Colie Motorcycle Club conducted organised events on the sealed airstrip.</p> <p>In August 1975 20 skydivers in the Westralian Skydivers Club jumped in drops with two aircraft. The Airstrip is now the base for the Hillman Sky Diving Club, one of only several in Western Australia. The skydiving club have set up basic overnight accommodation at the airfield.</p>	H1

	119	NEW	Hillman Speedway		4	Hillman Speedway is significant as a social and recreational attraction in the district. It was established from a disused gravel pit on Hillman farm. The West Arthur Motor Sports Club held their first meet here in 1971. It was officially opened in 1972. In 1975, the State Championship of Formula 500 short circuit was held. It was the only track in the state to conform with the required standard.	N/A

SHIRE OF WEST ARTHUR

LOCAL HERITAGE SURVEY 2022

A review of the Shire of west Arthur's
2008 Municipal Inventory of Heritage Places

HERITAGE LIST Recommendation

DRAFT February 2022

HERITAGE LIST

Recommended (DRAFT)

Refer to primary report for the overall context and further details pertaining to the relevant categories.

An important part of the recognition and understanding of cultural heritage significance of a place, is that some guidance is provided to the owners, managers and statutory authority, to respond to that assessed significance.

In line with Heritage Council's guidelines, Categories 1 and 2 places are recommended to be included in the Shire of West Arthur's Heritage List to provide a level of management through the Shire's Planning Scheme and local planning policies

The Heritage List is comprised of:

Category 1 A place of exceptional cultural heritage significance to Shire of West Arthur and the state of Western Australia, that is either in the Heritage Council of Western Australia's (HCWA) Register of Heritage Places (R) or worthy of consideration for entry into the Register.

Category 2 A place of considerable cultural heritage significance to Shire of West Arthur that is worthy of recognition and protection through provisions of the Shire of West Arthur's Planning Scheme.

Category 1 places are:

37	"The Arthur" Wool Shed group	Entered on Register of Heritage Places
38	St Paul's Anglican Church, Graveyard & Sandalwood trees	Assessed and in the process for entry on the Register
39	Arthur River precinct	Assessed and in the process for entry on the Register

Category 1 and 2 places are detailed hereunder, comprising the Heritage List.

			DARKAN TOWN				
	2	2700	Darkan Road Board Office (fmr)	29 Burrowes Street	2	<p>The former West Arthur Road Board building is of considerable historic and aesthetic significance, built in 1929 centenary year, in Inter-war free classical architectural style it is a fine regional example and arguably the finest architecture in Darkan and the entire West Arthur district.</p> <p>The building, replacing the original office on the site, represents the progress and optimism for the future, and associations with Administration, Board representatives and (later) Councillors, working for the benefit of the West Arthur communities. The Road's Board building was located in Darkan after much discontent and a referendum to decide Darkan or Duranillin as the centre for the West Arthur district. From the 1960s when a new Shire complex was opened it has provided various services and community functions and in 2021 houses the Betty Brown Heritage Centre.</p>	D8
	9	NEW	War Memorial and gates	Coalfields Highway	2	<p>The Darkan War Memorial commemorates those who sacrificed during times of war. It is historically significant for its association with the two world wars and other conflicts.</p> <p>It is of historic and social significance that evokes a sense of place and remembrance for the community.</p>	N/A

	10	2703	Darkan Railway Station Precinct	Coalfields Highway	2	<p>The Collie-Narrogin railway line was constructed to facilitate agricultural land settlement in part of the area between the Great Southern and South Western lines, providing a direct link to the port at Bunbury. The townsite of Darkan was gazetted in December 1906, and after the railway line was completed in October 1907, Darkan developed as a railway station and local government centre for the West Arthur farming region. The traffic office was constructed in 1912 and Stationmaster's house in 1913. When the Wagin-Bowelling branch line was completed in 1918, the Darkan Stationmaster was moved to Bowelling and Darkan became an unmanned station. Passenger services on the Collie-Narrogin line ceased in 1949 and, in 1969, the complete replacement of steam locomotives with diesel resulted in a further reduction of traffic on the line. In 1988, the Collie-Narrogin and Wagin-Bowelling lines were closed.</p> <p>Darkan Railway Precinct, comprising brick and iron traffic office (1912); brick and iron Stationmaster's house (1913); and, loading ramp and crane (1965), has cultural heritage significance for the following reasons:</p> <p>it is one of a number of remaining examples of the type of traffic office with associated railway structures in their original setting, and one of three such small railway precincts which include the Stationmaster's house. The place demonstrates a way of life and functions no longer practiced;</p> <p>it illustrates the State Government's proactive attitude to agricultural land settlement, and the importance of the railway system in the</p>	N/A

						<p>development of the agricultural areas and their supporting townships;</p> <p>it is highly valued by the Darkan community as an identifiable built representation of the significant railway presence in the town. The places and elements within the precinct are valued for their individual aesthetic characteristics, and landmark quality. Together they form a significant group which contributes to the local community and the wider district's sense of place; and,</p> <p>it is a good representative example of the type of traffic office and Stationmaster's house constructed on the agricultural railway lines early in the twentieth century.</p>	
	10a	24447	Precinct; Darkan Railway Station (traffic office)	Coalfields Highway	2	<p>Railway Station (traffic office) (1912) is of historical and aesthetic significance as one several remaining examples of the type of traffic office constructed on the agricultural railway lines early in the twentieth century. It represents functions no longer practiced.</p> <p>The railway line was completed in October 1907, Bowelling was one of three sidings along the line west of Darkan, until the Wagin-Bowelling branch line was completed in 1918, and Bowelling became a junction. A Stationmaster's house and traffic office and were built at Bowelling, and the Darkan Stationmaster was relocated to Bowelling. Darkan became an unmanned station.</p>	D3

	10b	23917	Precinct; Darkan Station Master's House	Coalfields Highway	2	<p>Stationmaster's house, 1913, is of historic and aesthetic significance as a good representative example of the type of Stationmaster's house constructed on the agricultural railway lines early in the twentieth century, that demonstrates a way of life no longer practiced and contributes to the historic townscape of Darkan.</p> <p>It was built initially for the station master and was later occupied by other railway staff.</p>	D4

Fred Smith, the hotel licensee took the lease over the refreshment rooms and operated it in conjunction with the hotel.</p>	N/A
	10d	23874	Precinct; Railway Crane & Loading Ramp	Coalfields Highway	2	<p>The ramp and crane are of significance as elements integral to the railway operation on the site. Ramp 1908, crane 1965).</p> <p>The Ramp (1908) is built up and retained by timber railway sleepers and iron railway line construction.</p> <p>In 1949 the Farmers Union of WA requested a crane for the loading ramp to handle the offloading of heavy machinery and goods. A second-hand crane was finally provided in 1965.</p>	D15

	12	NEW	CWA meeting rooms	9873 Coalfields Highway	2	<p>The Country Women's Association meeting rooms represents the organisation that is of considerable historic and social significance for the invaluable contribution they have made to women and children in regional areas and their community spirit, fundraising and participation.</p> <p>The meeting rooms are aesthetically pleasing, traditionally modest in form and scale presenting a homely atmosphere.</p> <p>The Darkan branch of the CWA formed in 1938, and in 1939, Jack Knight of Carberry, donated the land for a CWA rest room. Associations with Mrs Ida Spencer are of considerable significance as she was to become the State President of the CWA (1955-1958), National President in 1958, Member of the British Empire honour in 1961, and represented the state and the nation in World Women's conferences.</p> <p>Ida Spencer became a member of the Darkan branch in 1941 after marrying Jack Spencer of Boodaling and by 1952 established a Duranillin-Moodiarup branch with 29 members.</p> <p>The Darkan CWA, members worked for the Red Cross Comforts fund during the war years and secured a fortnightly Infant Health sister from Wagin in 1945. In 1950 they erected a fence around the site and by 1952 had their first meeting in their rest rooms that officially opened by the Divisional President, Mrs Ida Spencer in 1954.</p>	
---	----	-----	-------------------	-------------------------	---	---	--

	16	2702	Darkan Hotel	9889 Coalfields Highway	2	<p>Darkan Hotel is of social and historic significance. The hotel has played an important role in the community as a meeting place and venue for social events. A fine example of a country hotel, it makes a significant contribution to the streetscape and the architectural heritage of Darkan. It was under construction when the town of Darkan, south of the railway line, was gazetted in 1906. The owner, Mrs Francis opened the hotel without a license or any alcoholic drinks. The stone hotel with surrounding verandas was strategically located opposite the railway station. Mrs Francis ran the hotel until 1925. A major brick extension to the southeast corner of the old hotel in the 1960's resulted in the bar being enlarged and now faces the Coalfields Road.</p> <p>The hotel has been developed over the years and has always been an important social venue for the town and district.</p>	D2
	17	18807	Aboriginal Reserve and Nissan Hut (caravan park)	Coalfields Highway	2	<p>The Aboriginal Reserve and Nissan Hut is of considerable historic and social significance in recognising the provisions for Aboriginal people to camp in Darkan in the 1960s and played a significant role as a meeting place and often housed up to fifty Aboriginal people at any one time.</p> <p>The site was vested on the 3rd of July 1964 as an Aboriginal Camping Ground. The Department of Native Affairs erected a few small cement houses and a Nissan Hut for recreational purposes, a few years later.</p> <p>In 1972 the Reserve was closed. In 1975 the Pony Club and Girl Guides operated until the 1980's.</p>	D16

	18	8789	Darkan School	Darkan Road South	2	<p>Darkan School is historically and socially significant for its ongoing role in education and associated socialisation and recreation for generations of the Darkan and broader community. It is the first school in the West Arthur district. The building is a good example of the building style of the period. It is an important part of the town's original building stock and makes a positive contribution to the streetscape.</p> <p>Originally a one room building on the site opened on 27 April 1908.</p> <p>During World War two the children dug air raid shelters and trenches in the playground. They were infilled when the school was extended significantly in Post-World War Two. At that time buses were introduced for outlying communities to attend the central education facility. The 1952 addition is clearly evidenced, as is the separate more contemporary addition.</p> <p>Darkan School represents significant associations with generations of students and teachers and evokes memories of a sense of place.</p>	D7
	20	18808	Darkan Cemetery	Darkan South Road	2	<p>Darkan Cemetery recorded the first burial in 1914. It is a significant record of the early settlers and generations of residents of Darkan and the broader West Arthur area.</p> <p>The Cemetery evokes a sense of place, of reverence and commemoration. The memorials, palisades and railings evidence a range of designs and emotive inscriptions that contribute to the reverence and sense of place.</p> <p>The only serving Aboriginal soldier who served in the AIF during WW1, Frank H. Smith is interred in the cemetery.</p> <p>A niche wall was erected in 1982/83.</p>	D17

	22	NEW	Darkan Town Hall	Hillman St	2	<p>Darkan Town Hall (1962, 2015) is historically socially and aesthetically significant as a fine example of 1960s architecture that as part of the Shire administration complex in 1962. It represented moving into the future and a facility for generations of the community, adjoining the Pioneer Hall in 2015 with contemporary architecture that makes a substantial contribution to the Darkan townscape and character. The place represents a sense of place for the events that have taken place including recreational, civic, social and formal. The proposal for the hall was very controversial in the community. There was a referendum, and in 1961, a meeting in Moodiarup Hall in 1961 protesting against the rates required for the Darkan Hall. Legal action pursued. The budget for the Darkan Hall and shire offices was reduced, and a new community hall was built in Duranillin in 1966.</p>	N/A
	23	3327	Darkan Pioneer Hall	32 Hillman St	2	<p>Darkan Pioneer Hall was the first substantial building constructed in the official townsite of Darkan on the south side of the railway line. It is of considerable social and historic significance as the venue for civic and social events and school overflow, from when it was constructed in 1910. It is a fine example of Federation vernacular architecture of local stone construction by George Cuthbert. It was re-structured in 1960. Darkan Pioneer Hall makes a substantial contribution to the historic townscape of Darkan.</p>	D11

			DARKAN DISTRICT				
 	27	8787	Darkan Sawmill/Mill Houses	9994 Coalfields Highway	2	<p>Darkan Sawmill was an important local industry providing building materials and local employment. It is representative of a number of sawmills that were located throughout the western half of the Shire until recent years.</p> <p>It represents a way of life for the employees who were provided with housing for their families, to work in the country.</p> <p>The mill houses form a significant vista in the Coalfields Highway streetscape.</p> <p>In 1952 Guiseppi (Jack or Joe) Coli built the mill and together with his Quindanning Road mill operating, Coli employed at about forty men cutting and hauling timber at the mill sites.</p> <p>The Darkan Mill mainly supplied railway sleepers, railway requirements, building materials and fence posts.</p> <p>After the mill burnt down in 1964, it was rebuilt in six weeks. Approximately one hundred guests comprising business associates, workers and local residents, enjoyed high tea and barbeque to celebrate the reopening.</p> <p>Coli built six the mill houses for employees and their families.</p> <p>Several of the cottages have been restored and are used for short stay accommodation.</p>	D5

	34	8792	Nangip Homestead	Darkan South Road	2	<p>Nangip Homestead, is historically significant as an important part of the district's early building stock in 1905.</p> <p>It's associations with the Fisher family who were very early pioneers of the Darkan are significant as the Fishers are also linked with the Marsh and Gibbs families, all who had a considerable role in opening up the district for further settlement.</p> <p>It is also aesthetically significant as a very good example of the Federation bungalow detailed in Flemish bond brickwork, with relatively few interventions, making a contribution to the rural landscape.</p> <p>Thomas Fisher (b.1841/42) moved to 'Nangip' in about 1871, and married Sofia Gibbs in 1891. Although they had no children of their own, they fostered their nephew Charlie (son of Emma Marriott nee Fisher), then Bella Marsh, and later Bill Marsh's two children. Bill Marsh and his wife Elizabeth had two children with her dying at the birth of the second child Charlie in 1915.</p> <p>In 1916 Thomas Fisher died while attending a sheep that was down. Sofia marked the spot with a wooden cross which is still evident.</p> <p>Bella Marsh eventually inherited 'Nangip'. Charlie Fisher inherited Hillman Downs but managed Nangip for Bella who married Bill Kelliher, whose sons own the property.</p> <p>The kiln on the property was used to make bricks for the homestead and later, the Darkan Hotel.</p> <p>The house was built in two stages - the front section using the Flemish bond brick pattern and the rear English bond.</p>	D9

						<p>Aesthetically, the church, built of local stone, is a fine example of regional ecclesiastical architecture evidencing details influenced by the Victorian Romanesque style. It is a significant landmark on Albany Highway in Arthur River.</p> <p>The church with surrounding graveyard is relatively uncommon with only a few other pioneer period churches evidencing the same.</p> <p>The cemetery evokes a sense of place, of reverence and commemoration. The memorial, palisades and railings evidence a range of designs and emotive inscriptions that contribute to the reverence and sense of place.</p> <p>The Sandalwood trees inform of employment and income in the area from the 1850's to after the turn of the century.</p>	
	39		Arthur River Precinct	Albany Hwy	1	<p><i>Arthur River Precinct</i>, comprising Arthur River Hall (c.1898, c.1934, 1950s), Mt Pleasant Inn kitchen (1869, c.1990) and inn site (1869, 1907, 1934 demolished), Post Office (fmr) (c.1882, c.1990), and various other elements including a stone well is of cultural heritage significance :</p> <p>The development of Arthur River Group evolved from the original land acquisition in 1865 at the 125 mile on the Albany Road. By 1869, James Spratt had established an inn and a staging post on the Albany Road, with a post office function within the inn. The Mt pleasant Inn was a substantial facility that was extended in 1907, but after being delicensed, operated as a boarding house in the 1920s, it was demolished in 1934.</p> <p>The post office function ceased in 1940 when the post office was operated from the store.</p> <p>The hall evidences three distinct periods of development and demonstrates the continued</p>	N/A

	39a	4269 23904	Arthur River Precinct: Mount Pleasant Inn Kitchen Wayside Inn (fmr) & wells	Albany Hwy	1	<p>Mt Pleasant Inn kitchen is of considerable historic, aesthetic and social significance for its association with the Mount Pleasant Inn (demolished 1930s). The kitchen was located to the rear of the remnants of the inn. It is on the site of one of the earliest settlements on the Albany Road and the kitchen is one of the oldest surviving buildings along the line of the road. The building style with Flemish bond brickwork is a good example of the building style from the period it is an important part of the district's building stock and makes a positive contribution to the streetscape.</p> <p>The site was taken up c.1865 by James Spratt and built the inn in 1869.</p>	AR3

						<p>The inn became an important social centre and a resting place for travellers. The Mail Coach used this as a staging post until the police took over the Mail Service in 1878. The inn was used for Road Board elections and meetings a number of inquests following deaths and other public uses. Following the building of the Great Southern Railway in 1889, the importance of the Albany Road settlement quickly diminished. James Spratt realising the new opportunities opened the Wagin Hotel.</p> <p>After several changes of ownership, the licence was transferred to the McKenzie family in 1921, it was then delicensed and Mrs. McKenzie ran it as a boarding house. Later sold to Arthur Trimming.</p> <p>The Arthur River Restoration Society formed in 1980, was granted the land and restored the remaining building, and in 1988 funding for a she-oak shingle roof.</p>

The stone hall, now lesser hall is a fine vernacular example of local stone. The main hall dominates and adds to the landmark value of Arthur River.</p> <p>From 1906, the hall was the half time venue for school in conjunction with Tarwonga until 1913 when a separate school was built.</p> <p>It has served as a meeting venue for the local branches of the Arthur River Farmers Club Association (pre-WW I) the Country Women's Association, Farmers Union (post WW II), Junior Farmers, Arthur River Fire Brigade etc. It also</p>	AR5

The form is identifiable as a part of original, after it was reconstructed in 2021, but still identifies as the post office, a landmark element on the highway in Arthur River.</p> <p>On 16 January 1866, Miss Mary Ann Spratt was appointed postmistress at the 125-mile, Arthur River. Gazetted as a post office in 1882. Her brother James had Mount Pleasant Inn that was built in 1869, and the Post Office was located in a room at the north of the inn. The Post Office building was constructed and connected by telegraph in c.1883 and by telephone shortly after the turn of the century.</p> <p>In 1905, the Arthur River Post Office was downgraded to the status of a 'non-official' Post Office despite a reported "90% increase in population within the last few years."</p> <p>In 1913 a subscriber service was available. During the Second World War the post office duties were transferred to the store across the highway.</p>	AR4

It is historically significant as an integral part of the State Government decision and the settlement of Agricultural land, directly impacting the development of the region since the original proposal of developing a rail line. The 1906 opening of the junction of the Narrogin-Darkan-Collie and Wagin-Duranillin-Bowelling lines at Bowelling Siding, marked a significant increase in economic growth and development in the district with the arrival of local and migrant workers as timber cutters and/or rail gangs, during the operation and development of the station until closure in 1967.</p>	BW1

						<p>Restored by the Shire in 2007, with a water tank installed, it is a stopping place and temporary camp for groups of trekkers and hikers utilising the Darkan-Collie Rail Trail (opened 2005).</p> <p>The Collie-Narrogin railway line was constructed to facilitate agricultural land settlement in part of the area between the Great Southern and South Western lines, providing a direct link to the port at Bunbury. The railway line was completed in October 1907, Bowelling was one of three sidings along the line west of Darkan, until the Wagin-Bowelling branch line was completed in 1918, and Bowelling became a junction. The traffic office and Stationmaster's house were built at Bowelling, and the Darkan Stationmaster was relocated to Bowelling and Darkan became an unmanned station. The junction station developed. Passenger services on the Collie-Narrogin line ceased in 1949 and, in 1969, the complete replacement of steam locomotives with diesel resulted in a further reduction of traffic on the line. In 1988, the Collie-Narrogin and Wagin-Bowelling lines were closed.</p>

	90	8788	Duranillin Store	Farrell St Lot 6	2	<p>Duranillin Store, established in 1925, is historically and socially significant as the hub of the communities in Duranillin/Moodiarrup district- an area isolated by distance and poor roads until the 1950's. It provided food and other goods, telephone exchange (until 1979) and postal services and later, a liquor outlet. The historical associations with store owners, in particular, the long-term proprietor, K.B. Thompson, a notable district personality, who took over the store in 1929, with his wife Biddy, a double certificated nursing sister who provided her services in the community.</p> <p>The previous store on the site had burnt down (1917-1923), and a new store built by Ted Nordstrom in 1925.</p> <p>Mr. & Mrs. K.B. Thompson were celebrated at Duranillin Hall in 1978 for 50 years' service, when KB was listed in the Queen's Birthday Honours; awarded the British Empire Medal in recognition of his services to Australia Post and to the people of the district.</p>	DU1

						<p>The historical significance of such community service is worth, and also demonstrates a way of life that is no longer practiced.</p> <p>In 1987, he was honoured with the first ever Freeman of the Shire of the West Arthur recognition to be bestowed on a local resident.</p>	
	91	18813	Duranillin Garage (fmr)	Farrell St	2	<p>1949 The former Duranillin Garage is a significant part of the Duranillin streetscape and historically significant for the associations with Tom Elias and Tom Atkinson, the letterboxes, and the mechanical services it provided in the community from 1949.</p> <p>Although Ken Thompson owned the land, Tom Elias, a qualified mechanic and a good builder, built the garage. The garage was fitted with a very modern hydraulic hoist. He repaired and cars and trucks and employed a number of locals over the years. In 1957, Tom Atkinson came to work for Tom Elias and leased the garage. During Atkinson's tenure Tom Elias made hundreds of mailboxes out of recycled oil drums for the farmers of Duranillin and surrounding localities. He had them painted and the farmers' name and farm name painted by Collie sign writer Harry Fellows. Many are still at farm entrances.</p> <p>After the garage closed, it was vacant for a period before a group of five local ladies formed a woollen quilt business between 1991 and 1998. Later it housed a wool buying business and is now vacant.</p>	DU4

In 1936 Treasury approved the relocation of Moodiarrup State School to the existing Glenorchy site that was land donated by Hilton MacLean Campbell, part of his "Mokup Springs" property. The school opened in February 1937 with 16 students. In 1948, Dinnup School was added to Glenorchy school and it became a two-teacher school. In 1951 another room was added. The largest attendance was in 1954 with 69 students. In 1956 the school shelter was relocated from Westcliffe School.</p> <p>In 1996 the school closed due to the Education Department's rationalisation policy.</p> <p>The Principal's residence was on the west side of the school.</p>	M2

A steam engine was used to pump water from the dam to the overhead tank, at Hillman Siding, for the steam trains.</p> <p>By the early 1930s the water had become too saline, causing the boilers of the engines to rust, so a new dam was built, using the catchment from the Julikin Rock. Most of the labour was sustenance workers and the dam was sunk by</p>	H2

A concrete channel 1.5 kilometres long, was made from the base of Julikin Rock where the stone wall around the base directed the rock runoff into the stone channels to the dam and a pipeline ran from the dam to the siding where it gravity fed into the overhead storage tank. The dam has been covered by an asbestos roof supported by timber uprights. The cover has collapsed in many places.</p>

A risk is often specified in terms of an event or circumstance and the consequences that may flow from it. An effect may be positive, negative or a deviation from the expected and may be related to the following objectives; occupational health and safety, financial, service interruption, compliance, reputation and environment. A risk matrix has been prepared and a risk rating of 2 has been determined for this item. Any items with a risk rating over 10 (considered to be high or extreme risk) will be added to the Risk Register, and any item with a risk rating over 17 will require a specific risk treatment plan to be developed.

Voting Requirements:

14. Planning and Technical Services**15. Elected Members Motions of Which Previous Notice Has Been Given****16. New Business or Urgent Business Introduced by Decision of the Meeting**

New business of an urgent nature introduced by decision of the meeting. Best practice provides that Council should only consider items that have been included on the Agenda (to allow ample time for Councillors to research prior to the meeting) and which have an Officer Report (to provide the background to the issue and a recommended decision).

16.1 Elected Members**16.2 Officers****PROCEDURAL MOTION****Officer Recommendation:**

That the meeting be closed to the public to allow discussion on matters in relation to a contract that may be entered into, pursuant to section 5.23 (2) of the *Local Government Act 1995*.
