CONFIRMED MINUTES

Shire of West Arthur Ordinary Council Meeting 27 July 2023

MISSION STATEMENT

To value and enhance our community lifestyle and environment through strong local leadership, community involvement and effective service delivery.

DISCLAIMER

No responsibility whatsoever is implied or accepted by the Shire of West Arthur for any act, omission or statement or intimation occurring during Council or Committee meetings or during formal/informal conversations with staff. The Shire of West Arthur disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement or intimation occurring during Council or Committee meetings or discussions. Any person or legal entity that act or fails to act in reliance upon any statement does so at the person's or legal entity's own risk.

The purpose of this council meeting is to discuss and, where possible, make resolutions about items appearing on the agenda. Whilst Council has the power to resolve such items and may in fact, appear to have done so at the meeting, no person should rely on or act on basis of such decision or on any advice or information provided by a member or officer, or on the content of any discussion occurring, during the course of the meeting.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or limitation of approval made by a member or officer of the Shire of West Arthur during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of West Arthur. The Shire of West Arthur warns that anyone who has an application lodged with the Shire of West Arthur must obtain and only should rely on WRITTEN CONFIRMATION of the outcome of the application, and any conditions attaching to the decision made by the Shire of West Arthur in respect of the application.

Persons should be aware that the provisions of the Local Government Act 1995 (section 5.25 (e)) establish procedures for revocation or rescission of a Council decision.

The Shire of West Arthur expressly disclaims liability for any loss or damage suffered by any person as a result of relying on or acting on the basis of any resolution of Council, or any advice or information provided by a member or officer, or the content of any discussion occurring, during the course of the Council meeting

These Minutes were confirmed at the ordinary council meeting on: 24 August 2023

CR. GRAGME VEIRE

Signed:

Presiding Member at the meeting at which the Minutes were Confirmed.

LOCAL EMERGENCY MANAGEMENT COMMITTEE MINUTES

May
2023

SHIRE OF WEST ARTHUR

MINUTES for the Local Emergency Management Committee held on Tuesday 30th May 2023 commencing at 5.30pm at the West Arthur CRC, Darkan.

1. Declaration of Opening:

The Chairperson, Graeme Peirce, declared the meeting open at 5.40pm.

2. Record of Attendance and Apologies:

Neil Morrell President, Shire of West Arthur Vin Fordham Lamont CEO, Shire of West Arthur

Cassandra Squires Works Admin Assistant, Shire of West Arthur Ben Robinson Chief Bushfire Control Officer, Shire of West Arthur

Kohdy Flynn Community Emergency Services Manager

Sgt Rob Shields OIC, Williams Police

Adrian South St John Ambulance Darkan Sub-Centre

Brigid Doudle WA Country Health

John Paul Collins DPIRD

Joanne Newhouse Darkan Primary School
Jo Spadaccini (Via Teams) Department of Communities

Graeme Peirce Deputy President, Shire of West Arthur

2.1 Apologies:

Paul Blechynden Department of Fire and Emergency Services
Graeme Blake Dept of Water & Environmental Regulation

Jenny Manasse WA Country Health

Jody Pollard National Emergency Management Agency
Lester Fawcett Williams Volunteer Fire and Rescue Service

Ronan Blaney St Johns, Community Paramedic

3. Confirmation of Minutes of Previous Minutes:

Moved: Kohdy Flynn Seconded: Adrian South

That the minutes of the Shire of West Arthur LEMC Meeting held 26th October 2022 be confirmed as a true and correct record.

CARRIED

4. Officers Reports:

4.1 Williams Police, Sgt Rob Shields:

One major road crash rescue in the area involving a multi-agency response resulting in a good outcome and casualty expected to make full recovery, nothing else major to report.

4.2 Department of Fire and Emergency Services, Paul Blechynden:

Apology for the meeting report sent in: Attached report was tabled at the meeting.

4.3 Department of Biodiversity Conservation and Attractions:

No report received.

4.4 St John Ambulance, Adrian South:

Attended major road crash rescue on 31st March, was well attended, multi-agency response which saw everyone working in well together, volunteer numbers are good.

1

LOCAL EMERGENCY MANAGEMENT COMMITTEE MINUTES
May
2023

4.5 Williams Volunteer Fire and Rescue Service, Lester Fawcett:

Apology for the meeting but report sent in: Nothing of significance to report for the West Arthur Shire apart from the incident on 31st March, excellent response from all emergency services and was a good outcome for all.

4.6 Shire of West Arthur:

Nothing of significance to report.

4.7 CBFCO and Volunteer Bush Fire Brigade, Ben Robinson:

Nothing major to report, business as usual, have attended some small fires and escaped burns.

4.8 Community Emergency Services Manager, Kohdy Flynn:

Nothing of significance to report, conducted a review of the Shire's Welfare centres in consultation with the Dept of Communities. Will be sending out correspondence as it comes in inviting LEMC members to provide feedback on policy and guideline reviews.

4.9 Department of Communities, Jo Spadaccini:

Full report attached, The department have been heavily involved with deployments to support the Kimberly region during the recent floods and Cyclone Ilsa, along with responding to communities impacted by bushfires requiring evacuation centre being stood up. The Dept would like to organise some training to Shire staff and organisations who may be involved in the initial stages of opening an evacuation centre up in the Shire.

4.10 Department of Primary Industries and Regional Development, John Paul Collins:

Full report attached. Brief overview of invasive pests and diseases that the department is currently dealing with both on a local and international scale, funding available to Local Government to better equip them to deal with animals in emergencies.

4.11 Darkan Primary School, Joanne Newhouse:

Continuing to review the school's emergency management plans that includes lock down procedures, some issues around the siren notification not being broadcast into classrooms is being investigated, school grounds/undercover area potentially being used as a nominated evacuation or welfare centre, organisation of emergency services visit at the School with a fire truck.

4.12 Western Australia Country Health Service, Brigid Doudle:

Currently experiencing some staff shortages and are in the recruitment process at the Williams Health Centre.

5.0 Contact Register:

A LEMC contact register is being developed, input will be sought from the committee once a draft has been completed, the register will include contacts of suppliers both local and from neighbouring Shires that can provide goods and services should the Shire be impacted by a major event, the register's contacts should be updated regularly and at each meeting of the LEMC, this register will be available both in hard copy and electronic form.

2

LOCAL EMERGENCY MANAGEMENT COMMITTEE MINUTES

May
2023

6.0 General Business:

It was raised if there is any training or exercises planned into the future to test and exercise the LEMC. It was agreed that an exercise possibly based around a bush fire scenario that includes an ISG meeting would be beneficial to all, the issue was raised of the complexities around organising such an exercise, the DEMA would need to have significant involvement.

A 42kva generator has now been installed at the Shire's primary evacuation centre being the Darkan Sporting Complex and another trailer mounted 37kva generator is also available to run the Shire office should the buildings be without power.

7.0 Next Meeting:

The date of the next meeting is TBA.

8.0 Closure:

The Chair of the meeting declared the meeting closed at 6.45pm.

DFES Report

West Arthur BFAC 30 May 2023

Paul Blechynden

2022/23 Fire Season

This season has been milder than some previous seasons, 151 bushfires reported since 1/7/2022 (175 in 2021/22 season), West Arthur - 9 fires since 1/7/2022, 4 were unreported, 2 suspicious/deliberate, 2 vehicles (farming activities) and one from a burn-off.

Key points from this season:

- Two bushfire related fatalities in WA. Goomalling (farmer) and Mt Gibson (shire employee).
- A higher number of header fires reported across the Upper Great Southern Region
- The grain harvest water bomber program saw water bombers start in the north (Geraldton)
 and follow the harvest south. Bombers were based in Narrogin (Nov Dec) and were well
 used across the region.

Key water bomber messages:

- water bombers can be requested anytime during the season important to make the call early and clearly state why they are needed
- Need to have trained Ground Controllers locally available otherwise there can be issues / delays in sending a ground controller out.
- o Crews need to understand how to work with water bombers

Australian Fire Danger Rating System (AFDRS)

The AFDRS was implemented across Australia on the 1 September 2023. A national review will be underway shortly (mid-May) where key stakeholders will have the opportunity to participate in surveys.

Everyone with an interest is encouraged to participate with these surveys, noting that the weather we experienced during the last fire season and autumn burning season were not a strong test of the system.

Training

Many shires have committed to significant improvements to their bushfire training in the form of:

- Rural Fire Awareness as a minimum level of training
 - successfully run as a single late afternoon / evening course (meal included) with local FCOs assisting with the delivery by sharing their experience and local knowledge
- Higher level training (e.g. Ground Controller, Advanced Bushfire Firefighting)
- Fire Control Officer

I strongly encourage the West Arthur BFB Leadership to get behind this training and assist with encouraging as many brigade members to attend as possible. Kohdy is your point of contact, I'm happy to assist if and when needed.

District Emergency Services Officer - Wheatbelt DEMC Update: May 2023

In the event of an emergency please call the All Hazards - State On-Call Coordinator on 0418 943 853, this number is manned 24/7. emergencyservices@communities.wa.gov.au. (Not for public distribution)

Meetings, exercise details or information request can be emailed to joanne.spadaccini@communities.wa.gov.au

Name Change

Our Directorate has been changed from the Emergency Services Unit to Emergency Relief and Support. Our responsibilities and contact details remain the same.

Emergency Relief and Support - Operations Update

TC IIsa

On 12 April 2023, Communities was activated as the support organisation providing emergency relief and support for Severe Tropical Cyclone Ilsa.

- Severe Tropical Cyclone Ilsa crossed the coast as a Category 5 system, around midnight on Thursday 13 April 2023, with an estimated intensity of 213 kmph.
- On Thursday 13 April, Communities opened four evacuation centres, which were closed on the 14 April 2023.
- o In total, Communities accommodated 68 people in evacuation centres, and
- o Supported 10 people to return to country.
- Communities will continue to respond to requests for assistance as required. This will be managed through Communities staff on the ground and the Disaster Response Hotline.

Kimberley Floods

The Department of Communities (Communities) is providing emergency welfare services to residents impacted by the Kimberley Floods from January 2023.

As of 26 April 2023:

- 17 people are in Communities' supported commercial accommodation in Broome and Derby.
- 88 people are in Phase 1 Temporary Accommodation utilising Humanihuts in Fitzroy Crossing and Bungardi community, and in the Derby Hostel.
- Since the Disaster Response Hotline (DRH) opened on the 11 January 2023 until COB 24 April 2023, Communities has responded to a total of 1,792 calls.
- Communities has assisted 171 residents to apply for the Premier's Grant via the DRH and hubs in Broome, Derby and Fitzroy Crossing.

Bushfires –

At the same time Communities have responded to a number of bushfires requiring Evacuation Centres including:

- Cervantes (Nambung)
- Armadale

- Henderson
- Albany Bakers Junction
- Thomson Brook
- Donnybrook Complex
- Donnybrook (Glenn Mervyn)
- Toodyay

Strategic Opportunities

- Review of the State Support Plan Consultation feedback for the State Support Plan
 Emergency Welfare has closed. Communities is currently reviewing feedback.
- Capability Audit Communities has procured Nous Group to conduct an audit of Western Australia's emergency relief and support capability.
- Community Sector Capability working with community support organisations to enhance the delivery and coordination of welfare services
- Disaster Information Support Coordination Centre (DISCC) Guidelines being reviewed at request of WA Police
- People at Risk developing a framework to promote a shared approach to preparedness, response and recovery for people at risk in emergencies
- Emergency Financial Assistance review of the State Emergency Financial Assistance initiatives.

If you would like any further information, please contact me on 0429 102 614 or email joanne.spadaccini@communities.wa.gov.au.

Jo Spadaccini

District Emergency Services Officer – Wheatbelt 0429 102 614 Emergency Relief and Support Department of Communities

Incident and Emergency Management

Agency Name:	Department of Primary Industries a	Date: May 2023	
Report prepared by:	Helen Kent	Position:	Emergency Preparedness Coordinator – Incident & Emergency Management Branch

LEMC and DEMC report – May 2023

- 1. Declared incidents DPIRD is managing:
 - Eight (8) declared level 1 and 2 incidents in relation to plant pests/diseases and aquatic pests/diseases
 - Nil animal pest/disease incidents

Queensland fruit fly

The Department of Primary Industries and Regional Development (DPIRD) is working to stem the spread of the significant invasive pest, Queensland fruit fly (Qfly), after a recent confirmed detection in Bayswater.

A level 2 incident was called on 1 March 2023 after several male Qfly were detected in a residential part of Bayswater, Perth. No Qfly have been detected in commercial areas or outside of the Perth metropolitan area at this time.

Quarantine Area

The Quarantine Area (QA) covers a 15 km radius from the Qfly detection points and includes Perth, Belmont, Gosnells, Kalamunda, Vincent, Joondalup, Swan, Wanneroo, Melville, Canning, Bayswater, South Perth, Subiaco, Stirling, Nedlands, Bassendean, Belmont, Claremont, Victoria Park, Cambridge and Mundaring. Please find the full Quarantine Area Notice this webpage https://www.agric.wa.gov.au/plant-biosecurity/biosecurity-alerts-queensland-fruit-fly-updates.

The QA is divided into two main zones: the Corrective Action Zone and the Export Assurance Zone.

Corrective Action Zone

The Corrective Action Zone is the 1.5 km area surrounding each detection point.

Residents located within this zone are required to comply with the following QA requirements:

- Qfly host fruit cannot be removed from or moved within any part of the Corrective Action Zone, unless treated or processed (cooked, frozen or solarised).
- All ripe or ripening host fruit on plants or trees must be picked, and all fallen host fruit must be removed every three days.
- Fruit can be eaten, or must be treated, bagged and then binned in residential waste bins.
- Residents must provide DPIRD personnel access to their premises to inspect and bait host plants twice a week until further notice

Export Assurance Zone

The **Export Assurance Zone** covers the area in a 15 km radius from the detection point - the area of the QA that is not part of the Corrective Action Zone. The area will act as a buffer zone to further prevent further spread of the pest.

The requirements for the management of Qfly host fruit for this area are less stringent but commercially grown Qfly host fruit cannot move either within the QA or outside the QA unless it is treated.

Qfly is one of the most serious pests of fruit and vegetables in Australia, attacking over 300 species of fruit and vegetables and impacting a range of horticulture industries and access to valuable markets. While Qfly has been found in other areas of the country, Western Australia has remained free of the pest.

Further information is available at: Queensland fruit fly (Qfly) updates | Agriculture and Food

Carpet sea squirt (Didemnum vexillum)

Carpet sea squirt (CSS) is a highly invasive marine invertebrate animal that can overgrow and smother native species. It can overgrow rocks, shellfish, sea sponges and man-made structures such as wharves, jetty pylons, pontoons, buoys and vessels.

A level 2 incident was declared on 25 January 2023 in response to the detection of CSS in WA.

On 17 March 2023 a Quarantine Area Notice was put in place for the waters adjacent to the Australian Marine Complex Common User Facility at Henderson South.

The aim of the QAN is to:

• Manage the movement of vessels into the QA to minimise the spread of the pest.

2

• Strengthen the requirements for biofouling inspections and treatments for vessels that regularly operate in the Quarantine Area or have been in the Quarantine Area for a period of six days or more.

CSS has the potential to impact oyster and mussel aquaculture, marine environments, dive tourism industries as well as increasing maintenance costs for commercial and recreational vessels.

The aquatic pest has been detected in two locations in WA; Garden Island and at a marine facility in Henderson. The detection at Garden Island was the first confirmed detection in Australia.

Biosecurity alerts: Carpet sea squirt | Agriculture and Food

Polyphagous shot-hole borer

Polyphagous shot-hole borer (PSHB) *Euwallacea fornicatus* is a beetle native to Southeast Asia. The beetle attacks a wide range of plants by tunnelling into trunks, stems and branches.

DPIRD has been responding to the confirmed detections of an exotic beetle Polyphagous Shot-Hole Borer in the Perth metropolitan area.

Response activities include:

- Conducting surveillance to determine the distribution of PSHB
- Containing the pest to prevent further spread to non-infested regions within Western Australia
- Providing advice and information to residents, industry and other stakeholders
- Ensuring that all response activities are conducted safely, consistently and efficiently

To stop the spread, a Quarantine Area Notice (QAN) is in place to support the Department of Primary Industries and Regional Development's ongoing surveillance program to determine the spread of the pest.

The Quarantine Area covers 25 local government areas. The new areas added to the expanded QAN on 21 March 2023 are:

- Beckenham, Canning Vale, Huntingdale, Kenwick, Langford, Maddington and Thornlie in the City of Gosnells
- Duncraig, Greenwood, Marmion, Sorrento and Warwick in the City of Joondalup
- Alexander Heights, Girrawheen, Koondoola and Marangaroo in the City of Wanneroo
- Ballajura, Beechboro, Bennett Springs, Dayton, Hazelmere, Kiara, Lockridge, Malaga, Middle Swan, Midland, Viveash, West Swan and Woodbridge in the City of Swan

3

• Forrestfield, High Wycombe, Perth Airport and Wattle Grove in the City of Kalamunda

Link to information about Polyphagous shot-hole borer | Agriculture and Food

2. State alerts and investigations

DPIRD is investigating four (4) pests or diseases.

3. National alerts & investigations

DPIRD and other state jurisdictions continue to monitor reported outbreaks of:

- African Swine Fever countries in the Asia Pacific which have reported African Swine Flu since August 2018:
 China, Mongolia, Viet Nam, Cambodia, Democratic People's Republic of Korea, Lao People's Democratic Republic, Myanmar,
 The Philippines, Republic of Korea, Timor-Leste, Indonesia, Papua New Guinea, India, Malaysia, Bhutan, Thailand, Nepal and Singapore
 - Link to information about African Swine Fever situation update in Asia and Pacific: https://www.fao.org/animal-health/situation-updates/asf-in-asia-pacific/en
- Lumpy Skin Disease Indonesia, Vietnam, Thailand and Malaysia
- Foot and Mouth Disease Indonesia

Information regarding Foot and Mouth Disease prevention is available on the WA government website: Foot-and-mouth disease advice for Western Australians (www.wa.gov.au)

Information is also available on the DPIRD website:

Foot-and-mouth disease: prevention and preparedness | Agriculture and Food

Important to note that there are, currently, no known incidences of these diseases in Australia.

4. Ex TC Ellie (Kimberley Floods) - January 2023

DPIRD is providing support to affected communities, in relation to its areas of responsibility, in the recovery from the January flooding in the west Kimberley.

• The State Support Plan – Animal Welfare in Emergencies was formally activated on 9 January 2023 and remained activated until 3 May 2023 to provide support to the local government in relation to the coordination of animal welfare.

4

Recovery:

- Wheatbelt Development Commission CEO, Rob Cossart, has been appointed as the State Recovery Coordinator for the Kimberley floods.
- The State recovery structure, across the four recovery environments of Social, Economic, Built and Natural environment, has been formalised with appropriate State Government agencies leading the domains:
 - Social: Department of Communities
 - Economic: DPIRD
 - Built: Department of Treasury and Main Roads WA
 - Natural environment: DWER
- The Shire of Derby West Kimberley has established its local recovery group and relevant subcommittees which are:
 - Media
 - Getting Home
 - Cadjebut Airport
 - Pastoral
 - Social/Wellbeing
- DPIRD has provided a departmental representative on the Shire of Derby West Kimberley's local recovery group and relevant subcommittees.
- Dedicated DPIRD web page for affected primary producers outlining available assistance: <u>Kimberley flood recovery | Agriculture</u> and Food

Disaster Recovery Funding Arrangements WA (DRFAWA):

Support measures are designed to assist in meeting the needs of primary producers whose assets or primary production business has/have been affected by a disaster for which DRFAWA has been invoked.

Category B - Assistance measures for primary producers may include grants for:

- Professional advice
 - Reimbursement of fees (maximum \$1,500) to obtain professional advice directly related to addressing issues arising from the declared natural disaster event
- Freight subsidy (reimbursement)
 - Primary producers can claim a maximum of 50% of the costs to the producer of transporting any of the following items as a direct result of a natural disaster:

5

- Livestock;
- Fodder or water for livestock; or
- Building or fencing equipment or machinery.
- Fencing (for livestock producers only)

Primary producers can claim 100% of the costs associated with any of the following:

- restoration/replacement of fencing (to pre-disaster standard) where the fencing has been deliberately dismantled or damaged due to counter disaster operations activities undertaken in order to combat the eligible natural disaster event; and/or
- reimbursement of the costs of materials only (to pre-disaster standard) to repair/replace boundary fencing damaged/lost as a direct result of the eligible natural disaster event. The measure is only available where the fencing adjoins a major road/rail transport corridor and where the roaming of livestock may present a danger to the travelling public (i.e., the aim being to preserve public safety).

The applicant must demonstrate to DPIRD's satisfaction that at the time of the natural disaster event the property was being used to hold or agist livestock.

- Expression of interest for interest subsidy on a new loan to recover
 An interest rate subsidy may be available to primary producers for new loans:
 - to repair/replace assets lost or damaged / repair damage caused by the natural disaster event
 - for carry on purposes to implement the next season's production program
 - or to replace livestock lost in the disaster for which the assistance measures under the DRFAWA have been activated

Link to further information regarding available funding and relevant conditions: https://www.agric.wa.gov.au/emergency-response/disaster-recovery-funding-arrangements

Category D – Exceptional circumstances:

Freight Assistance Program

- Purposes: The Commonwealth and WA State Government jointly funded Freight Subsidy Program is to assist with the ongoing exceptional freight requirements for businesses impacted by ex Tropical Cyclone Ellie (DRFA AGRN1044).
- Eligible applicants: Businesses located in, or delivering to, the four (4) DRFAWA activated local government districts which are the Shire of Broome, Shire of Derby West Kimberley, Shire of Halls Creek and the Shire of Wyndham East Kimberley
- Funding duration: All claims must be submitted no later than two (2) months after a suitable road connection is reestablished. Claims may be backdated for all freight movement that occurred on, or after, 1 January 2023

6

- DPIRD is the designated delivery agency for this funding

FAQs including details of eligibility: Publications (dfes.wa.gov.au)

DRFAWA Cat B and D assistance, the Department has approved as at 27 April 2023:

DRFA Measures	Under assessment	Approved	Approved \$
Category B	2	1	\$37,830.00
Category D	35	33	\$35,296.26

5. Severe Tropical Cyclone Seroja (Recovery funding)

DPIRD, through its Rural Business Development Unit, is managing Disaster Recovery Funding Arrangements WA assistance to primary producers impacted by TC Seroja.

DRFAWA Cat B and C assistance the Department has approved as at 27 April 2023:

DRFA Measures	Under assessment	Approved	Approved \$
Category B	14	29	\$ 465,513.95
Category C	23	111	\$2,254,594.10

6. Staff emergency management training:

DPIRD has an ongoing schedule to deliver emergency management training and exercising in both metropolitan and regional areas.

The non-accredited training focusses on both the Department's Hazard Management Agency responsibilities in relation to animal and plant biosecurity and its support role to other HMAs in relation to animal welfare during emergencies.

Animal Health Australia and Plant Health Australia online training:

DPIRD staff are encouraged to undertake suitable online training which is available on the Animal Health Australia (AHA) and Plant Health Australia (PHA) websites.

7

Links to AHA and PHA:

Home - Animal Health Australia

Plant Health Australia

7. Animal welfare in emergencies grants program 2023

Grants are available for local government officers to attend the Animal Welfare in Emergencies training at the Muresk Institute. This training is administered by the Department of Primary Industries and Regional Development and aims to enhance local government officers' skills and knowledge in safely dealing with animals during an emergency. The training focuses on livestock health, fauna handling, containment and transport, and includes a workshop about how to develop local animal welfare in emergencies plans.

Link to Animal Welfare in Emergencies training brochure: FINAL_2023_incident_response_flyer-(1).pdf (walga.asn.au)

Training dates:

June 7 - 9

June 14 -1 6

August 9 - 11

August 16 - 18

Applications open Thursday, 27 April 2023 and close 4pm, Friday 19 May 2023.

Link to application form: Emergency Management | WALGA | WALGA

8. DPIRD participation in fire and natural hazards during the natural hazard high season 2022 - 2023

Southern bushfire season – October to April North West tropical cyclone season – November to April

8

The Department of Primary Industries and Regional Development has provided support to the Department of Fire and Emergency Services as the hazard management agency for bushfire, tropical cyclone, flood and storm which are the predominant natural hazards of the southern and northern natural hazards high season.

From 1 November to 31 March, annually, DPIRD appoints an On Call Coordinator.

On Call Coordinator hours of operation:

Monday to Sunday: 0700 - 2000

On Call Coordinator number: 9368 3132

In addition to the On Call Coordinator role, DPIRD appoints regionally-based on call officers for the DPIRD Christmas and New Year 'close down' period and up to the Monday of the third week of January.

Incidents and emergencies response and recovery which DPIRD was involved in during the 2022-2023 natural hazards high season

Namban Bushfire - 23 November 2022:

Local government: Shire of Moora

State Incident Level: 1

DPIRD field staff provided advice regarding the assessment of injured stock

Donnybrook-Balingup Complex Fire (Sandhill and Noggerup fires) – 10 January 2023:

Local government area: Shire of Donnybrook-Balingup

DPIRD activities:

- Supported the Shire of Donnybrook-Balingup in the coordination of animal welfare including the assessment of injured stock
- Assistance to the Controlling Agency in relation to essential fruit pickers being able to access orchards to undertake picking on behalf of orchardists
- Contributed to the Controlling Agency's Impact Statement
- DPIRD officer appointed to assist with recovery activities for which DPIRD has responsibility and expertise

9

Ex Tropical Cyclone Ellie (Kimberley floods) – 6 January 2023:

Local government area: Shire of Derby West Kimberley (Shires of Broome, Halls Creek and Wyndham East Kimberley in relation to freight in and out of the region)

State Incident Level: 3

State Support Plan - Animal Welfare in Emergencies formally activated

DPIRD activities:

- Representation on the DFES All Hazards Liaison Group and the State Emergency Coordination Group
- Representation on the Incident Support Group and the Kimberley Operational Area Support Group
- Animal welfare needs assessment and advice and support in relation to mitigation activities
- Contributed to the Controlling Agency's Impact Statement
- Representation on the Shire of Derby West Kimberley Local Recovery Group and relevant subcommittees
- DPIRD is the lead agency for the State Economic Domain and appointed liaison officers to sit on the State Social, Infrastructure and Natural Environment domains

DPIRD's role in emergency management

DPIRD plays an important role in emergency management in Western Australia.

- Hazard Management Agency (HMA) for animal and plant biosecurity with responsibilities across prevention/mitigation,
 preparedness, response and recovery. Link to State Hazard Plan Animal and Plant Biosecurity: State Hazard Plan Animal and Plant Biosecurity (www.wa.gov.au)
- Provision of support to other HMAs by:
- coordinating animal welfare for other hazard emergencies including during bushfires, cyclones and floods;
- contributing to the Controlling Agency's impact statement in relation to impacts to primary producers, and other economic impacts through its regional development commissions across the state
- managing eligible assistance for primary producers under the Disaster Recovery Funding Arrangements WA and providing advice to primary producers in relation to this funding
- providing professional expertise to primary industry producers and small business in a regional context

Animal Welfare in Emergencies

Local governments are encouraged to develop a plan for animal welfare in emergencies (PAWE) which forms part of the local emergency management arrangements (LEMA).

For tools and resources to assist local governments to develop a local PAWE <u>click here</u> and for assistance in completing the PAWE template, speak to your LEMC or DEMC representative/s.

11 OFFICE OF THE CHIEF EXECUTIVE OFFICER

11.1 APPOINTMENT OF DUAL FIRE CONTROL OFFICER FOR SHIRE OF WEST ARTHUR AND SHIRE OF NARROGIN

File Reference: ADM118

Location: N/A
Applicant: N/A

Author: Vin Fordham Lamont, Chief Executive Officer
Authorising Officer: Vin Fordham Lamont, Chief Executive Officer

Date: 20/06/2023

Disclosure of Interest: Nil

Attachments: 1. Letter from Shire of Narrogin re Dual Fire Control Officer 4

SUMMARY:

Council is requested to consider approving the appointment of Murray Saunders as a Dual Fire Control Officer (FCO) for the Shires of Narrogin and West Arthur for 2023/2024.

BACKGROUND:

Section 40 of the *Bush Fires Act 1954* allows for two or more local governments, by agreement, to join in appointing, employing and remunerating bush fire control officers (known as dual FCOs) for the purposes of that Act. Dual FCOS are given the authority to perform their duties in all of the local governments that are party to the agreement.

Section 38 of the *Bush Fires Act 1954* states that all FCO appointments, dual or otherwise, are required to be approved by the local government(s), advertised locally, and the FCO provided with appropriate written authorisation.

COMMENT:

The attached letter was received from the Shire of Narrogin advising that it had resolved to nominate Murray Saunders to our Shire for consideration for appointment as Dual Fire Control Officer for 2023/2024.

CONSULTATION:

Bush Fire Advisory Committee Community Emergency Service Manager

Item 11.1 Page 25

STRATEGIC IMPLICATIONS:

Shire of West Arthur Strategic Community Plan 2021-2031

Theme: Community

Outcome: A safe place to work, live and visit

Strategy: Support for the provision of emergency services and volunteers

RISK IMPLICATIONS:

Risk management is the removal of uncertainty from business decisions. Risk is expressed in terms of likelihood it may occur and the consequences that may flow from it. The consequences may be positive or negative or simply a deviation from the expected. The risk or consequence may be related to health and safety; financial; business or service interruption; compliance; reputation; or the environment. Reference to the risk matrix below will generate a risk rating by assessing the likelihood and consequence and multiplying these scores by each other. The greater the risk rating, the greater the risk and the higher the need for specific plans to be developed. All items with a risk rating greater than 10 should be added to the Risk Register and specific controls developed.

Risk Themes:

A risk theme is the categorising of risk. For example, the collection of risks that represent compliance failure. The risk themes in the shire Risk Register include:

- Business Disruption
- Community Disruption
- IT or Communications Failure
- External Threat or Fraud
- Misconduct
- Inadequate safety or security practices
- Inadequate project or change management
- Errors Omissions or Delays
- Inadequate Document Management Processes
- Inadequate supplier / contract management
- Providing inaccurate advice / information
- Ineffective Employment practices
- Compliance failure
- Inadequate asset management
- Inadequate engagement practices
- Ineffective facility or event management
- Inadequate environmental management

Risk Matrix:

Consequence		Insignificant	Minor	Moderate	Significant	Severe
Likelihood		1	2	3	4	5
Almost	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Certain						
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

Item 11.1 Page 26

Description of Key Risk	If Fire Control Officers are not trained and authorised as required, there is a risk of loss of property and/or life and a risk of litigation against the Shire.

Dear Vin

APPOINTMENT OF DUAL FIRE CONTROL OFFICERS FOR THE 2023/24 SEASON

At the Shire of Narrogin Council meeting held on 22 March 2023, it was resolved to nominate Murray Saunders to your Shire for consideration for appointment as Dual Fire Control Officer.

Murray has completed the FCO training, I trust you find this satisfactory, and I seek your consent to the appointment.

Should you require further information or clarification on the above, please contact me via email, enquiries@narrogin.wa.gov.au or phone 9890 0900.

Yours sincerely

Azkar Awang **Executive Manager**

12 CORPORATE SERVICES

12.1 ACCOUNTS FOR PAYMENT LISTING - JUNE 2023

File Reference: ADM338

Location: N/A
Applicant: N/A

Author: Kylie Whitaker, Finance Officer

Authorising Officer: Rajinder Sunner, Manager Corporate Services

Date: 17/07/2023

Disclosure of Interest: Nil

Attachments: 1. Accounts for Payment Listing - June 2023 4

2. Corporate Card Summary - 29 April to 29 May 2023 U

SUMMARY:

Council is requested to endorse payments of accounts for June 2023 as listed and note the attached credit card transactions.

BACKGROUND:

The schedule of accounts for payment is included as an attachment for Council information.

COMMENT:

If you have any questions regarding payments in the listing please contact the office prior to the Council meeting.

CONSULTATION:

No consultation required.

STATUTORY ENVIRONMENT:

Local Government (Financial Management) Regulations 1996

- 12. Payments from municipal fund or trust fund, restrictions on making
 - (1) A payment may only be made from the municipal fund or the trust fund
 - (a) if the local government has delegated to the CEO the exercise of its power to make payments from those funds by the CEO; or
 - (b) otherwise, if the payment is authorised in advance by a resolution of the council.
 - (2) The council must not authorise a payment from those funds until a list prepared under regulation 13(2) containing details of the accounts to be paid has been presented to the council.
- 13. Payments from municipal fund or trust fund by CEO, CEO's duties as to etc.
 - (1) If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared —
 - (a) the payee's name; and
 - (b) the amount of the payment; and
 - (c) the date of the payment; and
 - (d) sufficient information to identify the transaction.
 - (2) A list of accounts for approval to be paid is to be prepared each month showing —

Item 12.1 Page 29

- (a) for each account which requires council authorisation in that month
 - (i) the payee's name; and
 - (ii) the amount of the payment; and
 - (iii) sufficient information to identify the transaction;

and

- (b) the date of the meeting of the council to which the list is to be presented.
- (3) A list prepared under sub regulation (1) or (2) is to be
 - (a) presented to the council at the next ordinary meeting of the council after the list is prepared; and
 - (b) recorded in the minutes of that meeting.

POLICY IMPLICATIONS:

Policy F20 – Purchasing and Tenders Policy Policy F2 – Corporate Transaction Cards Policy

FINANCIAL IMPLICATIONS:

There are no financial implications. Reported expenditure is assessed by management as being consistent with the 22/23 Annual Budget.

STRATEGIC IMPLICATIONS:

West Arthur Towards 2031

Theme: Leadership and Management

Outcome: Establish and maintain sound business and governance structures

Strategy: Comply with regulations and best practice standards to drive good decision making by

Council and Staff

RISK IMPLICATIONS:

Attachments: 1. Email from FER 26 June 2023 4

2. Email from FER 12 July 2023 J

3. Amended and New Fees and Charges 2023-2024 J

SUMMARY:

Council is requested to consider adopting the following amended and new Fees and Charges for 2023-2024:

1. Amend the following Fees for Fine Enforcement Agency as per Fines Regs Schedule 2 effective from 29 July 2023.

a.	Issuing Final Demand	26.10
b.	Preparing Enforcement Certificate	22.20
C.	Registration of Infringement Notice	83.50

- 2. New Fees collected on behalf of Heath Department of WA and remitted to Health Department of WA.
 - a. Construct or Install Apparatus for the Treatment of Sewage, where Chief Health Officer approval is required (With Local government report) 93.00
- 3. New Fees Development Assessment Panel and paid direct to DAP Sch 1 r.10.17 PDR.

1. (a) not less than \$2 million and not less than \$7 million	6,003
(b) not less than \$7 million and less than \$10 million	9,268
(c) not less than \$10 million and less than \$12.5 million	10,084
(d) not less than \$12.5 million and less than \$15 million`	10,371
(e) not less than \$15 million and less than \$17.5 million	10,659
(f) not less than \$17.5 million and less than \$20 million	10,948
(g) \$20 million or more	11,236
2. An Application under regulation 17 (Form 2: Amendment)	257

BACKGROUND:

A local government has the power to impose and recover a fee or charge for any goods or service it provides or proposes to provide, other than a service for which a service charge is imposed. Fees and charges are to be imposed when adopting the Annual Budget but may also be imposed during a financial year or amended from time to time during a financial year.

The 2023-2024 budget is scheduled to be adopted at the end of August. Adopting the fees from the 1 July, will result in consistent application of all fees through the whole financial year.

COMMENT:

A complete list of fees and charges, including statutory, have been included in the attached Schedule. Statutory fees and charges can be altered at any time by relevant government departments, and if this occurs, the Schedule will be updated accordingly.

CONSULTATION:

Chief Executive Officer

STATUTORY ENVIRONMENT:

In accordance with the Local Government Act 1995 S6.16, a local government may impose and recover a fee or charge for any goods or service it provides or proposes to provide.

The adopted Fees and Charges are to be advertised in accordance with Section 6.19 of the Local Government Act 1995.

POLICY IMPLICATIONS:

Nil

FINANCIAL IMPLICATIONS:

The adoption of fees and charges enables Council to charge appropriate fees from 1 July 2023.

Revenue raised from fees and charges set by Council will contribute to its ability to provide services and facilities for the 2023-2024 financial year and into the future.

STRATEGIC IMPLICATIONS:

There is no reference to this report in the Council's Strategic Community Plan.

RISK IMPLICATIONS:

Risk management is the removal of uncertainty from business decisions. Risk is expressed in terms of likelihood it may occur and the consequences that may flow from it. The consequences may be positive or negative or simply a deviation from the expected. The risk or consequence may be related to health and safety; financial; business or service interruption; compliance; reputation; or the environment. Reference to the risk matrix below will generate a risk rating by assessing the likelihood and consequence and multiplying these scores by each other. The greater the risk rating, the greater the risk and the higher the need for specific plans to be developed. All items with a risk rating greater than 10 should be added to the Risk Register and specific controls developed.

Risk Themes:

A risk theme is the categorising of risk. For example, the collection of risks that represent compliance failure. The risk themes in the shire Risk Register include:

- Business Disruption
- Community Disruption
- IT or Communications Failure
- External Threat or Fraud
- Misconduct
- Inadequate safety or security practices
- Inadequate project or change management.
- Errors Omissions or Delays
- Inadequate Document Management Processes
- Inadequate supplier / contract management
- Providing inaccurate advice / information
- Ineffective Employment practices

- Compliance failure
- Inadequate asset management
- Inadequate engagement practices
- Ineffective facility or event management
- Inadequate environmental management

Risk Matrix:

Consequence		Insignificant	Minor	Moderate	Significant	Severe
Likelihood		1	2	3	4	5
Almost	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Certain						
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

Description of Key Risk	Inability to charge fees prior to adoption of the budget if not adopted.
Risk Likelihood (based on history and with	Rare (1)
existing controls)	
Risk Consequence	Insignificant (1)
Risk Rating (Prior to Treatment or Control):	Low (1)
Likelihood x Consequence	
Principal Risk Theme	Business Disruption
Risk Action Plan (Controls or Treatment	Adopt and charge fees in accordance with the
Proposed)	fees and charges schedule.

VOTING REQUIREMENTS:

Absolute Majority

RESOLUTION CO-2023-075

Moved: Cr Duncan South Seconded: Cr Robyn Lubcke

That Council adopt the amended Schedule of Fees and Charges for 2023/2024 (as attached) which incorporates the following additions/amendments:

1. Amend the following Fees for Fine Enforcement Agency as per Fines Regs Schedule 2 effective from 29 July 2023.

a.	Issuing Final Demand	26.10
b.	Preparing Enforcement Certificate	22.20
C.	Registration of Infringement Notice	83.50

- 2. New Fees collected on behalf of Heath Department of WA. and remitted to Health Department of WA.
 - a. Construct or Install Apparatus for the Treatment of Sewage, Chief Health Officer approval is required (With Local government report) 93.00
- 3. New Fees charged by Development Assessment Panel and paid direct to DAP Sch 1 r.10.17 PDR.

1.	(a) not less than \$2 million and not less than \$7 million	6,003
	(b) not less than \$7 million and less than \$10 million	9,268
	(c) not less than \$10 million and less than \$12.5 million	10,084
	(d) not less than \$12.5 million and less than \$15 million`	10,371
	(e) not less than \$15 million and less than \$17.5 million	10,659
	(f) not less than \$17.5 million and less than \$20 million	10,948
	(g) \$20 million or more	11,236

2. An Application under regulation 17 (Form 2: Amendment) 257

In Favour: Crs Neil Morrell, Graeme Peirce, Robyn Lubcke, Neil Manuel, Duncan South and

From: Prosecuting Authority
To: Prosecuting Authority

Subject: Update to Fee increase 2023-2024 - DELAY Date: Monday, 26 June 2023 10:14:34 AM

Good Morning Prosecuting Authorities,

Due to delays in drafting the *Attorney General Fees and Charges Amendment Regulations 2023* the increase to fees and charges will not be implemented until **14 July 2023**.

The new fees will be:-

Fee for issuing a final demand \$26.10

Fee for preparing an enforcement certificate \$22.20

Fee for registering an infringement notice with FER \$83.50

I trust this information is of assistance, however if you have any further queries please do not hesitate to contact our office.

 Subject:
 Update to Fee increase 2023-2024 - DELAY

 Date:
 Wednesday, 12 July 2023 10:24:07 AM

Importance: High

Good Morning Prosecuting Authorities,

Due to further delays in drafting and approval by the Attorney General, the final amendment regulations relating to fees and charges have not yet been approved by Executive Council.

The timeline set by the Attorney General's Office is that the Regulations will on the agenda at the Executive Council Meeting on 25th July with publication due on Friday 28th July 2023 in the Government Gazette. This will mean the new fees will likely take affect the following day - **29** July 2023.

I trust this information is of assistance, however if you have any further queries please do not hesitate to contact our office.

Regards,

12.3 DRAFT FINANCIAL REPORTS - JUNE 2023

File Reference: ADM339

Location: N/A
Applicant: N/A

Author: Melinda King, Manager Financial Reporting

Authorising Officer: Rajinder Sunner, Manager Corporate Services

Date: 21/07/2023

Disclosure of Interest: Nil

Attachments: 1. Draft financial statements June 2023 &

SUMMARY:

Council is requested to consider the draft financial reports for the periods ending 30 June 2023.

BACKGROUND:

The financial reports for the period ending 30 June 2023 are included as attachments.

COMMENT:

The June financial reports are subject to year-end entries. Final accounts for the 2022/2023 year will be presented when audited. If you have any questions regarding details in the financial reports, please contact the office prior to Council meeting so that sufficient time is given to research the request. This will enable the information to be provided at the Council meeting.

CONSULTATION:

Not required.

STATUTORY ENVIRONMENT:

Section 34 (1) (a) of the Local Government (Financial Management) Regulations 1996 states that a Local Government is to prepare a monthly statement of financial activity including annual budget estimates, monthly budget estimates, actual monthly expenditure, revenue and income, material variances between monthly budget and actual figures and net current assets.

POLICY IMPLICATIONS:

Nil.

FINANCIAL IMPLICATIONS:

There are no financial implications. Reported income and expenditure is assessed by management as being consistent with the 2022/23 Annual Budget.

STRATEGIC IMPLICATIONS:

West Arthur Towards 2031

Theme: Leadership and Management

Outcome: Establish and maintain sound business and governance structures

Strategy: Ensure that the local community is provided with value for money through the prudent

expenditure of rates

RISK IMPLICATIONS:

Risk management is the removal of uncertainty from business decisions. Risk is expressed in terms of likelihood it may occur and the consequences that may flow from it. The consequences may be positive or negative or simply a deviation from the expected. The risk or consequence may be related to health and safety; financial; business or service interruption; compliance; reputation; or the environment. Reference to the risk matrix below will generate a risk rating by assessing the likelihood and consequence and multiplying these scores by each other. The greater the risk rating, the greater the risk and the higher the need for specific plans to be developed. All items with a risk rating greater than 10 should be added to the Risk Register and specific controls developed.

Risk Themes:

A risk theme is the categorising of risk. For example, the collection of risks that represent compliance failure. The risk themes in the shire Risk Register include:

- Business Disruption
- Community Disruption
- IT or Communications Failure
- External Threat or Fraud
- Misconduct
- Inadequate safety or security practices
- Inadequate project or change management.
- Errors Omissions or Delays
- Inadequate Document Management Processes
- Inadequate supplier / contract management
- Providing inaccurate advice / information
- Ineffective Employment practices
- Compliance failure
- Inadequate asset management
- Inadequate engagement practices
- Ineffective facility or event management
- Inadequate environmental management

Risk Matrix:

Consequence		Insignificant	Minor	•	Moderate	Major	Catastrophic			
Likelihood		1	2		3	4	5			
Almost	5	Medium (5)	High (1)	0)	High (15)	Extreme (20)	Extreme (25)			
Certain										
Likely	4	Low (4)	Medium (8)		Medium (8)		High (12)	High (16)	Extreme (25)	
Possible	3	Low (3)	Medium (6)		Medium (9)	High (12)	High (15)			
Unlikely	2	Low (2)	Low (4)		Medium (6)	Medium (8)	High (10)			
Rare	1	Low (1)	Low (2)		Low (3)	Low (4)	Medium (5)			
Description of K	ey R	Risk		Not preparing monthly financial statement which affects Council's ability to oversee the Shire's financial management.						
Risk Likelihood existing controls		sed on history	and with	Rare (1)						
Risk Consequer	nce			Minor (2)						
Risk Rating (Pri Likelihood x Cor			Control):	Low (2)						
Principal Risk TI	hem	е		Compliance failure						
Risk Action Plan Proposed)	an l	(Controls or T	reatment	Prepare monthly financial statement for Council						

VOTING REQUIREMENTS:

Simple Majority

RESOLUTION CO-2023-076

Moved: Cr Adam Squires Seconded: Cr Graeme Peirce

That Council accepts the draft financial reports for the period ending 30 June 2023 as presented.

In Favour: Crs Neil Morrell, Graeme Peirce, Robyn Lubcke, Neil Manuel, Duncan South and

Adam Squires

Against: Nil

CARRIED 6/0

Indicates a variance between Year to Date (YTD) Budget and YTD Actual data as per the adopted materiality threshold. Refer to Note 1 for an explanation of the reasons for the variance.

This statement is to be read in conjunction with the accompanying Financial Statements and notes.

Note 1: Explanation of Material Variances

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date budget materially.

The material variance adopted by Council for the 2022/23 year is \$10,000 or 10% whichever is the greater.

Operating Grants, Subsidies and Contributions

826,179 WALGGC - General Purpose Grant additional received and prepayment of 23/34 grant. Timing variance
 687,922 WALGGC - Local Roads Grant additional received and prepayment of 23/24 grant. Timing Variance
 (65,664) LRCI funds for operating projects below budget due to movement on finalisation of projects.
 \$57,664 will be carried forward to 23/24. Timing variance

Fees and Charges

14,475 Rent is greater than budgeted. Permanent variance

Interest Earnings

30,243 Municipal interest above budget. Permananent variance

Other Revenue

23,354 Recovery of legal costs - added to rate debtors. Permanent variance

Profit on Disposal of Assets

56,552 \$65,000 more received for traded loader. Permanent variance

Employee Costs

22,906 Employee costs are below budget.

Permanent variance

Less overhead and wage allocations

122,895 Allocations to capital projects above budget.

Materials and Contracts

(75,107) There are several non reportable variances.

(25,555) Compliance expenditure below budget - LTFP to be rebudgeted in 23/24 and invoices to be received. Timing variance Admin overheads are greater than budget. This includes additional laptop (\$2,500) and Council Chambers IT equipment (\$15,000)

 $52,380\,$ approved by Council in March 23 meeting. Permanent variance

 $120,\!650\,\,Plant\,operation\,costs\,are\,above\,budget\,ytd.\,\, \$52,\!805\,\,loader\,repair\,to\,be\,funded\,from\,the\,plant\,reserve.$

(62,664) Swimming Pool expenditure is below budget due to project not yet complete. Carry over to 23/24. Timing variance

less Pdepn and POC allocations

(70,981) Allocations to capital projects below budget.

Utility Charges

(18,795) Utility charges are greater than budget.

Depreciation on Non-Current Assets

(18,189) Depreciation is greater than budget ytd, draft figures only.

Other Expenditure

17,439 Councillor fees are below budget year to date.

Grants, Subsidies and Contributions

9,888 Additional funding received for Generator Project

8,000 More allocated to capital from LRCI, movement between projects.

15,316 Regional Road Group - additional funds received.

Proceeds from Disposal of Assets

65,000 Additional received for loader

(10,000) Water tanker and mower not traded.

Land and Buildings

583,733 See capital report

Infrastructure Assets - Roads

(6,158) See capital expenditure report. Timing variance

Note 1: Explanation of Material Variances

The material variance thresholds are adopted annually by Council as an indicator of whether the actual expenditure or revenue varies from the year to date budget materially.

The material variance adopted by Council for the 2022/23 year is \$10,000 or 10% whichever is the greater.

Infrastructure Assets - Other

- (21,894) Darkan Railway Reserve above budget. Additional funding allocated to project.
- (180,028) Darkan Sports Complex bowling green. Approved by Council April 23. Funded by reserve.
- $(50,\!488)\ \ Additional\ expenditure\ on\ Lake\ Towerrinning\ Access\ project.\ \ Primarily\ wage\ allocations.$
- 109,549 Darkan Refuse site expenditure below budget. see capital report.

Plant and Equipment

- 15,770 Mower purchased was below budget. Permanent variance
- (30,450) Water tanker greater than budget Approved by Council. Permanent variance see capital report

Transfer from Reserves

- 180,028 Transfer from Reserve to fund Bowling Green resurfacing Council approved.
- (498,468) House will be completed in 23/24 year
- (50,000) Housing reserve funds not used for refurbishments
- (90,240) Waste management reserve funds not transferred.
 - 7,622 Plant Reserve transfer below budget.

14.1 RURAL SUBDIVISION - CAPERCUP ROAD NORTH

File Reference: ADM354, A426 & A496

Author: Geoffrey Lush, Planning Consultant

Authorising Officer: Vin Fordham Lamont, Chief Executive Officer

Date: 19/07/2023

Disclosure of Interest: Nil

Location: Lots 118, 2183, and 2497 Capercup Road North, Duranillin

Applicant: Thompson Surveying Consultants

Owner: Frank and Kerryn Chia

Proposal: Rural subdivision to rationalise existing farming property

Attachments: 1. Site Plan J.

2. Subdivision Plan U

SUMMARY:

Council is requested to consider the referral of subdivision application by the WAPC (Ref No 163777) for a three lot rural subdivision.

BACKGROUND:

The subject land is located on Capercup Road North, 5kms west of Duranillin townsite. It has an area of 1142.8195 hectares and is comprised of three lots being:

- Lot 118 DP301898 being 807.6322 hectares;
- Lot 2497 DP137644 being 60.6803 hectares; and
- Lot 3447 DP201736 being 274.5070 hectares.

The existing conditions are lots as shown in Attachment 1.

Lot 118 is located on both sides of Capercup Road North. There is an existing dwelling on the eastern side and two derelict dwellings on the western side. O'Connell Road is on the northern border of the eastern portion of Lot 118.

Lot 3447 fronts the Bowelling – Duranillin Road reserve. This is split by the railway line reserve, with the constructed road being on the southern side. There is also an unconstructed road reserve on the northern boundary of Lot 3447 separating it from Lot 118.

Lot 2497 also fronts the Bowelling – Duranillin Road reserve but has a constructed access across the railway line. There was an existing dwelling on the site which was destroyed by fire several years ago.

The subject land is predominantly cleared farming land with several relatively small areas of remnant vegetation. Reserve 31209 is adjacent to the subject land. This is an A class reserve for flora and fauna conservation having an area of 146 hectares.

The proposed lots are shown in Attachment 2 having areas of 256, 335 and 551 hectares.

COMMENT:

The application does not create any additional lots and is rationalising the existing farm. The proposed lots are consistent or larger than the prevailing lots in the area.

Proposed Lot 3 initially looks as if it does not have any constructed road access but this is provided by the existing access from the Bowelling – Duranillin Road to the previous house site.

While portions of the site are designated as being bushfire prone, no Bushfire Attack Level (BAL) Assessment is required as there is sufficient areas available for any future house construction on land which is not bushfire prone.

CONSULTATION:

Applicant

STATUTORY ENVIRONMENT:

Local Planning Scheme No 2

The subject land is zoned Rural under Local Planning Scheme No 2. The objectives for the Rural zone include:

- to ensure the continuation of broad-hectare agriculture as the principal land use in the district, encouraging where appropriate the retention and expansion of agricultural activities.
- to provide for intensive agricultural uses and diversified farming which retain the rural character and amenity of the locality, and which are consistent with land suitability.

Clause 5.18.4 of the Scheme specifically deals with the subdivision of Rural zoned land stating when making recommendations to the Commission on applications for subdivision the local government will have regard to the relevant policies of the Commission and the following:

a) Subdivision for Intensive Agriculture

The local government will support subdivision in the Rural Zone where one or more of the proposed lots are for an existing or proposed intensive agriculture use and the application demonstrates that:

- (i) any intensive agriculture lot would be a minimum size of 80 hectares unless the Department of Agriculture advises that a lesser lot size is adequate for a long term sustainable intensive agriculture use;
- (ii) the land has high land capability for the use and all lots have a sustainable water supply for domestic, fire management, agricultural, and environmental needs;
- (iii) the use would not result in adverse impacts on the environment (e.g. waterways or native flora and fauna) or cause conflict with existing agricultural uses on adjoining lots;
- (iv) the balance lot would be usable in the long term as a viable broad acre agricultural enterprise without the need for clearing of remnant vegetation; and
- (v) the intensive agriculture use has been approved by the local government under the Scheme.

State Planning Policy 3.7 Planning in Bushfire Prone Areas

Portions of the subject land is designated as being bushfire prone on the State Bushfire Prone Maps.

State Planning Policy SPP3.7 Planning in Bushfire Prone Areas requires that any subdivision application must be accompanied by a bushfire assessment which includes:

- a) a Bushfire Attack Level (BAL) Assessment or a BAL Contour Map to show the expected BAL ratings for the developed site;
- b) the identification of any bushfire hazard issues arising from the BAL Contour Map or the BAL assessment; and

c) an assessment against the bushfire protection criteria requirements contained within the Guidelines demonstrating compliance within the boundary of the development site.

State Planning Policy 2.5 Rural Land

State Planning Policy 2.5 Rural Land has a presumption against the subdivision of rural land except for specific circumstances being:

- a) A boundary re-alignment;
- b) To protect and actively conserve places of cultural and natural heritage;
- c) To allow for the efficient provision of utilities and infrastructure;
- d) Homestead lots: and
- e) For other unusual or unanticipated purposes which, in the opinion of the WAPC, do not conflict with this and other relevant policies and are necessary to the public interest.

In addition to the provisions of the policy the WAPC will have due regard to:

- the provisions of a local planning scheme;
- a local planning strategy or local rural strategy;
- applicable region schemes;
- applicable regional strategies;
- relevant State planning and operational policies;
- the individual merits of the proposal; and
- existing precedent(s) or any potential precedent the proposal may create.

POLICY IMPLICATIONS:

Nil

FINANCIAL IMPLICATIONS:

Nil

STRATEGIC IMPLICATIONS:

Shire of West Arthur Strategic Community Plan – Strategic Direction – Local Economy – supporting agriculture and local business.

RISK IMPLICATIONS:

Risk management is the removal of uncertainty from business decisions. Risk is expressed in terms of likelihood it may occur and the consequences that may flow from it. The consequences may be positive or negative or simply a deviation from the expected. The risk or consequence may be related to health and safety; financial; business or service interruption; compliance; reputation; or the environment. Reference to the risk matrix below will generate a risk rating by assessing the likelihood and consequence and multiplying these scores by each other. The greater the risk rating, the greater the risk and the higher the need for specific plans to be developed. All items with a risk rating greater than 10 should be added to the Risk Register and specific controls developed.

Risk Themes:

A risk theme is the categorising of risk. For example, the collection of risks that represent compliance failure. The risk themes in the shire Risk Register include:

- Business Disruption
- Community Disruption
- IT or Communications Failure
- External Threat or Fraud
- Misconduct
- Inadequate safety or security practices
- Inadequate project or change management

- Errors Omissions or Delays
- Inadequate Document Management Processes
- Inadequate supplier / contract management
- Providing inaccurate advice / information
- Ineffective Employment practices
- Compliance failure
- Inadequate asset management
- Inadequate engagement practices
- Ineffective facility or event management
- Inadequate environmental management

Risk Matrix:

Consequence		Insignificant	Minor	Moderate	Significant	Severe
Likelihood		1	2	3	4	5
Almost	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Certain						
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

RESOLUTION CO-2023-077

Moved: Cr Adam Squires Seconded: Cr Neil Manuel

That Council advise the Western Australian Planning Commission that it has no objection to the proposed subdivision of Lots 118, 2183, and 2497 Capercup Road North, Duranillin (Ref No 163777) on the basis that:

- The proposed lot size is consistent with the prevailing lot size in the area;
- There are suitable locations for future dwellings on land which are not designated as being bushfire prone; and
- All the proposed lots have constructed road access, with proposed Lot 3 having an existing access to the Bowelling – Duranillin Road.

14.2 LOCAL PLANNING SCHEME REVIEW (WIND FARMS)

File Reference: ADM205

Author: Geoffrey Lush, Planning Consultant

Authorising Officer: Vin Fordham Lamont, Chief Executive Officer

Date: 19/07/2023

Disclosure of Interest: Nil

Location: Whole of Municipality

Applicant: Nil
Owner: N/A

Proposal: Considerations for inclusion in Local Planning Strategy

Attachments: 1. Wind Farm Discussion Paper <u>U</u>

SUMMARY:

Council is requested to consider the issue of Wind Farms in the preparation of the Local Planning Strategy and review of Local Planning Scheme No 2.

BACKGROUND:

Council at its Meeting of the 27 April 2023 considered the review of Local Planning Scheme No 2 and resolved (in summary) that:

- A. It will incrementally investigate and prepare briefing papers on the local development issues for the preparation of the Local Planning Strategy; and
- B. The priority for examining local development issues will be:
 - 1) Windfarms;
 - 2) Protection of agricultural land, plantations and agro forestry;
 - 3) Residential development and housing requirements;
 - 4) Tourist accommodation.

Contained as Attachment 1 is a discussion paper on wind farms which has been prepared having regard to the WAPC's Position Statement on Renewable energy facilities (2020), SAT appeal decisions, DAP agenda reports and the provisions of other Local Planning Schemes and Strategies. The discussion paper identifies the relevant development provisions and the following issues:

- Land Use Definition:
- Responsible Authority;
- Local Planning Scheme Provisions;
- Environmental Assessment;
- Noise Impact;
- Visual and Landscape Impact;
- Amenity:
- Bushfire Management;
- Shadow Flicker;
- Traffic: and
- Network Connections.

COMMENT:

From the above issues, general statements of intent objectives can be prepared to assist in the preparation of the Local Planning Strategy. In the interim period, these can also form the basis of a Local Planning Policy to assist in the consideration of any development application. More information on each of these issues is contained in the discussion paper.

- 1) Ensure that any proposal for a wind farm that has the potential to impact upon the locality requires a development approval, irrespective of the number of proposed turbines or whether the facility is intended primarily for use within a business/industry.
- 2) That as an unspecified land use a wind farm may be consistent with the objectives of the Rural zone where they:
 - Do not prevent the continuation of broad-hectare agriculture;
 - Are being provided for intensive agricultural uses;
 - Retain the rural character and amenity of the locality;
 - Do not involve substantial clearing of remnant vegetation; or
 - They can be shown to be of benefit to the district and not detrimental to the natural resources or the environment.
- 3) That applications for wind farms should be referred to the Department of Water and Environmental Regulation for assessment.
- 4) The minimum recommended distance between noise-sensitive land uses and a wind turbine is 1,500 metres. That applications for wind farms be required to document the proposed buffer setback to existing sensitive land uses (dwellings). Consideration of the suitability of the proposed buffer setback will also have regard to the likelihood of future sensitive land uses on vacant properties.
- 5) In order to consider the potential impact of a wind farm on the landscape character of an area a visual and landscape impact assessment should be required.
- 6) That Council identify the district landscape features which should be protected including but not limited to:
 - Heritage sites;
 - Tourist sites i.e. Lake Towerrinning;
 - Major roads being Albany and Coalfields Highways; Williams Road, Bowelling Duranillin Road, Boyup Brook - Arthur Road and the Darkan - Kojonup Road (which has several local names).
- 7) Where a wind farm is proposed to be located on a development site which is bushfire prone, a Bushfire Management Plan will be required to demonstrate the suitability of the land for the development. This includes the need to provide a Broader Landscape Assessment to document its contextual setting of the development site and a possible risk assessment.
- 8) Any application for a wind farm should provide information on the transportation of the structures to the development site including:
 - The access road classification and its suitability to accommodate oversized vehicles; and
 - The identification and need to remove any roadside vegetation which may require specific approval especially within the Wellington Catchment Special Control Area.

CONSULTATION:

Nil

STATUTORY ENVIRONMENT:

Responsible Authority

Applications for wind farms are likely to be determined by a Development Assessment Panel (DAP) as where the development has a value of more than:

- \$10 million, then it must be referred to a Development Assessment Panel (DAP); or
- \$2 million, then the applicant can elect to refer it to a DAP.

In these situations, Council is not the decision making authority, but it still makes a recommendation to the DAP.

Local Planning Scheme No 2

Any proposed wind farms will most likely be located within the 'Rural' zone under Local Planning Scheme No 2. Wind farms are not a defined land use within the Planning Scheme.

A development application for a land use which is not specifically referred to in the zoning table is defined under the Planning and Development (Local Planning Schemes) Regulations 2015 as a "complex application." All complex applications must be advertised.

Prior to the introduction of the Regulations, in considering an unspecified land use Council would have to consider if:

- the proposed use is or may be consistent with the objectives of the relevant zone; or
- is not consistent with the objectives of the relevant zone and is therefore not permitted.

State Planning Policy 3.7 Planning in Bushfire Prone Areas

Large areas of the Rural zone are designated as being bushfire prone. The Deemed Provisions stipulate that a Bushfire Attack Level (BAL) Assessment is required for any "habitable building" in a bushfire prone area, while the Guidelines recommend that a Bushfire Management Plan be prepared for any proposed development application.

POLICY IMPLICATIONS:

A revised Local Planning Strategy will be a major policy document for the Shire to be considered alongside the Corporate and Community Strategic Plans.

FINANCIAL IMPLICATIONS:

The normal planning application fee paid to Council still applies to wind farms even when they are referred to a DAP for consideration.

STRATEGIC IMPLICATIONS:

The Shire's Strategic Community Plan Towards 2031 and Corporate Business Plan 2021 – 2025 do not contain any reference to wind farms. More general outcomes that could be relevant are:

Outcome 2.1 – Improved employment through diversification in agricultural

 Support agricultural diversification opportunities which have the potential to provide economic benefits and employment growth and promote funding opportunities on social and traditional media when they arise.

Outcome 2.2 – A growing, diverse business community

- Promote and consider opportunities to develop industrial sites to attract new businesses to the Shire.
- Monitor land sales and development opportunities and investigate further land release (including larger lot sizes) as needed.
- Prepare and implement an economic plan and for the Shire which identifies opportunities in key sectors including health and medical, manufacturing and downstream processing to attract investment and create employment.

Outcome 3.1 – Maintain and improve our key natural assets

• Consider environmental impacts and biodiversity when assessing land use applications through council.

Outcome 4.4 – Appropriate planning and development

 Review and update the Shire Policy Register to reflect current policies and develop new policies relevant to recent regulatory changes.

RISK IMPLICATIONS:

Risk management is the removal of uncertainty from business decisions. Risk is expressed in terms of likelihood it may occur and the consequences that may flow from it. The consequences may be positive or negative or simply a deviation from the expected. The risk or consequence may be related to health and safety; financial; business or service interruption; compliance; reputation; or the environment. Reference to the risk matrix below will generate a risk rating by assessing the likelihood and consequence and multiplying these scores by each other. The greater the risk rating, the greater the risk and the higher the need for specific plans to be developed. All items with a risk rating greater than 10 should be added to the Risk Register and specific controls developed.

Risk Themes:

A risk theme is the categorising of risk. For example, the collection of risks that represent compliance failure. The risk themes in the shire Risk Register include:

- Business Disruption
- Community Disruption
- IT or Communications Failure
- External Threat or Fraud
- Misconduct
- Inadequate safety or security practices
- Inadequate project or change management
- Errors Omissions or Delays
- Inadequate Document Management Processes
- Inadequate supplier / contract management
- Providing inaccurate advice / information
- Ineffective Employment practices
- Compliance failure
- Inadequate asset management
- Inadequate engagement practices
- Ineffective facility or event management
- Inadequate environmental management

Risk Matrix:

Consequence		Insignificant	Minor	Moderate	Significant	Severe
Likelihood		1	2	3	4	5
Almost	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Certain						
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

Description of Key Risk	Loss of reputation, hindering development		
Risk Likelihood (based on history and with existing controls)	Unlikely (2)		
Risk Consequence	Moderate (3)		
Risk Rating (Prior to Treatment or Control): Likelihood x Consequence	Medium (6)		
Principal Risk Theme	Compliance Failure

CARRIED 6/0

Attachment 1 - Wind Farm Discussion Paper

1.0 Background

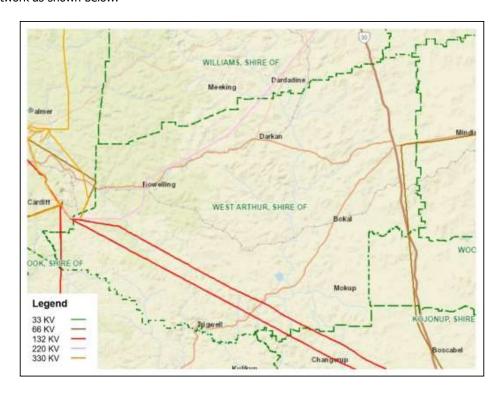

The purpose of this discussion paper is to consider the potential town planning issues associated with the development of renewable energy facilities and, in particular, wind farms.

In March 2019, the McGowan Government launched Western Australia's Energy Transformation Strategy. This sets out the proposed transition from coal-fired power generation to cleaner, cheaper electricity produced by both large-scale wind and solar farms and rooftop solar photovoltaic (PV) systems.

The State Planning Strategy 2050 promotes renewable energy initiatives.

Renewable energy facilities in Western Australia are principally wind turbine and solar array systems. Other systems include geothermal, biogas, ocean power and hydro-electric power for on-grid and off grid locations.

Wind farms are likely to provide a connection in to the South West Interconnected System (SWIS) network as shown below.

2.0 Land Use Definition

Wind farms are defined in the Model Scheme Text (Town Planning Regulations) as:

A premises used to generate electricity by wind force and any associated turbine, building or other structure but does not include anemometers or turbines used primarily to supply electricity for a domestic property or for private rural use.

The Department of Planning Lands and Heritage 2020 Position Statement on Renewable Energy Facilities has the following definition:

Renewable energy facility means premises used to generate energy from a renewable energy source and includes any building or other structure used in, or relating to, the generation of energy by a renewable resource. It does not include renewable energy electricity generation where the energy produced principally supplies a domestic and/or business premises and any on selling to the grid is secondary.

Wind farms are not specifically defined within Local Planning Scheme. No 2.

The Department's definition excludes facilities designed for primary use within a business/industry. This potentially causes an issue as there is a trend for rural industries to be more self-sufficient and conscious of sustainability issues. Consequently, a rural industry may wish to install wind turbines to supplement their power supply.

For example, Westpork (Gorn Road piggery) obtained approval for 8 wind turbines and associated infrastructure on its Moora piggery site. These supply up to 4 megawatts of power being 80% of Westpork's annual electricity requirements. The turbines are 86 metres tall to the blade tip height, with a hub height 65 metres and rotor diameter of 40 metres.

Issue 1

Ensure that any proposal for a wind farm that has the potential to impact upon the locality requires a development approval, irrespective of the number of proposed turbines or whether the facility is intended primarily for use within a business/industry.

3.0 Responsible Authority

Where an application for a windfarm has a value of more than \$10 million, then it must be referred to a Development Assessment Panel (DAP) for consideration and determination. If the application has a value of more than \$2 million, then the applicant can elect to refer it to a DAP.

In these situations, Council is not the decision making authority, but it still makes a recommendation to the DAP.

Development Assessment Panels are independent decision making bodies and do not form part of the Department of Planning, Lands and Heritage or the Western Australian Planning Commission. West Arthur is located in the Regional Joint Development Assessment Panel area which covers the whole of the State excluding the Perth metropolitan area.

4.0 Local Planning Scheme Provisions

It is expected that any proposed wind farms will be located within the 'Rural' zone under Local Planning Scheme No 2 (LPS No 2). Unless otherwise provided for in the Scheme, all development within the Rural zone requires a development approval.

The objectives of the Rural zone (Clause 4.2) are:

- to ensure the continuation of broad-hectare agriculture as the principal land use in the district, encouraging where appropriate the retention and expansion of agricultural activities.
- b) to provide for intensive agricultural uses and diversified farming which retain the rural character and amenity of the locality, and which are consistent with land suitability.
- c) to help protect rural land from land degradation and further loss of biodiversity by:
 - minimising clearing of remnant vegetation
 - encouraging retention and protection of remnant vegetation
 - encouraging development and protection of vegetation corridors
 - encouraging development of sustainable surface and sub-surface drainage works

- encouraging rehabilitation of salt-affected land
- encouraging soil conservation through land management measures
- · encouraging identification and protection of wetlands
- d) to consider non-rural uses where they can be shown to be of benefit to the district and not detrimental to the natural resources or the environment.
- e) to allow for facilities for tourists and travellers, and for recreation uses.
- to have regard to use of adjoining land at the interface with other zones to avoid adverse effects on local amenities.

Wind farms are not specifically defined land use within the Planning Scheme. Within the Rural zone industrial uses are classified as follows:

industry – cottage	D	Requires planning approval
industry - extractive	D	Requires planning approval
industry - general	Х	A use that is not permitted by the Scheme
industry - light	Х	A use that is not permitted by the Scheme
industry – mining	D	Requires planning approval
industry - rural	D	Requires planning approval
industry – service	Х	A use that is not permitted by the Scheme

A development application for a land use which is not specifically referred to in the zoning table is defined under the Planning and Development (Local Planning Schemes) Regulations 2015 as a "complex application." All complex applications must be advertised.

The consideration of a "complex application" under the Regulations supersede the provisions of Clause 4.4.2 of the Scheme which state that the local government may:

- a) determine that the use is consistent with the objectives of the particular zone and is therefore permitted; or
- b) determine that the proposed use may be consistent with the objectives of the particular zone and thereafter follow the advertising procedures of clause 9.4 in considering an application for planning approval; or
- determine that the use is not consistent with the objectives of the particular zone and is therefore not permitted.

Issue 2

That as an unspecified land use a wind farm may be consistent with the objectives of the Rural zone where they:

- · Do not prevent the continuation of broad-hectare agriculture;
- Are being provided for intensive agricultural uses;
- Retain the rural character and amenity of the locality;
- Do not involve substantial clearing of remnant vegetation; or
- They can be shown to be of benefit to the district and not detrimental to the natural resources or the environment.

5.0 Environmental Assessment

The Environmental Protection Act 1986 (EP Act) requires that a planning authority, as a decision-making authority (DMA), must refer a significant proposal to the EPA for a decision on whether the proposal should be subject to environmental impact assessment where there are potential impacts relating to:

- i. Native vegetation and fauna;
- ii. Wetlands, water bodies, watercourses, inlets, estuaries, coast;

- iii. Public drinking water sources;
- iv. Soil and catchment issues;
- v. Contamination;
- vi. Infrastructure, industry and activities associated with off-site noise, air emissions and/or other pollution impacts; and
- vii. Sites of heritage, cultural or social significance.

Item (iii) public drinking water sources is already addressed by Clause 6.2 of the Scheme being the special control area for the catchment of the Wellington Dam.

Item (vi) relates to the need to consider appropriate buffer distances between the wind farm and sensitive land uses which are typically dwellings. This is discussed further in Section 6.1 below.

Item (vii) regarding sites of heritage, cultural or social significance typically means sites in Council's Heritage List. It can also include other important sites with landscape significance or other importance provided these are identified and defined by Council.

Issue 3

That applications for wind farms should be referred to the Department of Water and Environmental Regulation for assessment.

6.0 Development Issues

6.1 Noise Impact

A primary issue with wind farms is the need to provide an appropriate buffer distance between the wind farm and sensitive land uses which are typically dwellings.

The minimum recommended distance between noise-sensitive land uses and a wind turbine is 1,500 metres. This distance may be reduced based upon advice from DWER. Applications for new wind turbines within 1,500 metres of an existing or new noise sensitive premises should have an acoustic study to demonstrate the acceptability of a lesser separation distance.

Often an environmental assessment will only consider the location of existing dwellings. However, this should also consider the likelihood of a new dwelling being developed on a vacant rural lot. It is noted that under the provisions of a Scheme that a dwelling is a (P) permitted use in the Rural zone. It does not require any planning approval where it complies with the setback provisions of the Scheme being 20m from the front and rear boundaries and 10m from the side boundary. On a large rural property, it is unlikely that a dwelling would be constructed near the rear boundary.

The prescribed noise levels are contained in The Environmental Protection (Noise) Regulations 1997. The assigned noise level which is not be exceeded for more than 10% of the time for a dwelling in a rural area is:

- 45dB plus the influencing factor between 0700 to 1900 hours Monday to Saturday; and
- 35dB plus the influencing factor between 2200 to 0700 hours Monday to Saturday and 0900 hours on Sunday or a public holiday.

Even where noise levels meet the criteria with the specified buffer distance, residents may experience or be aware of the noise generated by the wind farm. This is because it is a new type of noise source which may have a character that people are unfamiliar with and so they listen for it.

Issue 4

That applications for wind farms be required to document the proposed buffer setback to existing sensitive land uses. Consideration of the suitability of the proposed buffer setback will also have regard to the likelihood of future sensitive land uses on vacant properties.

6.2 Visual and Landscape Impact

Under the Deemed Provisions, the Responsible Authority is required when considering an application to have regard to:

The compatibility of the development with its setting including the relationship of the development to development on adjoining land or on other land in the locality including, but not limited to, the likely effect of the height, bulk, scale, orientation and appearance of the development.

Wind farms by the nature of the scale, bulk and height of the development will have an impact upon the surrounding landscape.

The landscape of the rural zone is not static and is subject to ongoing progressive changes. Similarly, the recognition of important landscape features by the community may also change over time. The landscape character is also influenced by the underlying landform. This character changes in the Shire especially from west to east.

The Shire Planning Strategy does not address landscape issues.

Determining when a development has an unacceptable impact on the landscape quality of an area has a subjective element and can be difficult to quantify. The Department of Planning Lands and Heritage has prepared guidelines for Visual Landscape Planning in WA to assist in the consideration of the visual impacts of developments. The impact upon the landscape is also a function of the distance between the development site and the feature being protected.

Council needs to identify the district landscape features which should be protected. This can include views from specific locations such as:

- Heritage sites;
- Tourist sites i.e. Lake Towerrinning;
- Major roads being Albany and Coalfields Highways; Williams Road, Bowelling Duranillin Road, Boyup Brook - Arthur Road and the Darkan - Kojonup Road (which has several local names).

Issue 5

In order to consider the potential impact of a wind farm on the landscape character of an area a visual and landscape impact assessment should be required.

That Council identify the district landscape features which should be protected.

6.3 Amenity

Under the Deemed Provisions, the Responsible Authority is required when considering an application to have regard to:

> The amenity of the locality including the character of the locality.

Amenity is a fundamental but sometimes elusive concept in planning law. The amenity of a neighbourhood is a complex mix of many attributes. It goes much further than mere "pleasantness" and "agreeableness" or the landscape character. Amenity is often cited as a planning objective which is to be considered or protected in relation to any development proposal.

In town planning terms it embraces all the features, benefits and advantages inherent in the environment in question. It may not only be concerned with physical surroundings but also the social and economic effects of proposed use or development. Likewise, `amenity' may relate to the future as well as the present.

The specific characteristics which people value in an area can differ. Similarly, the tolerances of individuals to any changes may also vary. While some impact upon amenity is to be expected, it is

determining when the nature and degree of that impact is not acceptable which can be difficult to quantify.

6.4 Bushfire Management

Under the Deemed Provisions, the Responsible Authority is required when considering an application to have regard to:

(q) the suitability of the land for the development taking into account the possible risk of flooding, tidal inundation, subsidence, landslip, **bush fire**, soil erosion, land degradation or any other risk.

Large portions of the Rural zone are designated as being bush fire prone land. Development sites within bushfire prone areas normally require a bushfire assessment which can be in the form of a Bushfire Attack Level (BAL) Assessment or a Bushfire Management Plan.

Energy generating facilities have been classified as a high risk land use under State Planning Policy SPP3.7 Planning in Bushfire Prone Areas, which stipulates that a Bushfire Management Plan and a possible risk assessment should be prepared. However, this classification has been subject to different interpretations and is being deleted from the draft 2023 version of the Guidelines which are currently being advertised for comment.

The consideration of the bush fire risk has two components being:

- The location of the site and its relationship to the surrounding area which may make it more vulnerable to external bushfires. This is referred to as a Broader Landscape Assessment. Development site which have continuous bushland surrounding the site, even when the site might be cleared, are not likely to be considered suitable for development.
- The potential for the development itself to ignite, prolong or increase the intensity of a bushfire. This also includes the associated infrastructure and especially overhead power lines.

Issue 6

Where a wind farm is proposed to be located on a development site which is bushfire prone, a Bushfire Management Plan will be required to demonstrate the suitability of the land for the development. This includes the need to provide a Broader Landscape Assessment to document its contextual setting of the development site and a possible risk assessment.

6.5 Shadow Flicker

Shadow flicker is the flickering effect caused when rotating wind turbine blades periodically cast shadows through constrained openings such as the windows of neighbouring properties. Landowners have also objected on the basis that flickering adversely affects livestock.

The impact of shadow flicker is understood to be only significant for a variable distance of between $800 \, \mathrm{m}$ to $1,400 \, \mathrm{m}$.

6.6 Traffic

The traffic impact of the completed development should be minimal depending upon the number of staff at the facility. Transportation of the tower sections, nacelle (cover housing) and rotor blades can be problematic due to their size.

Teena 7

Any application for a wind farm should provide information on the transportation of the structures to the development site including:

- The access road classification and its suitability to accommodate oversized vehicles; and
- The identification and need to remove any roadside vegetation which may require specific approval especially within the Wellington Catchment Special Control Area.

6.7 Network Connection

The development of a wind farm is likely to require a connection to the South West Interconnected System (SWIS) power network. The nature of this connection can be an issue where:

- It is undertaken as a public work by Western Power and not subject to any planning approval;
- Crosses over neighbouring properties; or
- Requires the removal of remnant vegetation.

14.3 PLANNING APPLICATION - KNIGHT ROAD, DARKAN

File Reference: ADM250

Author: Geoffrey Lush, Planning Consultant

Authorising Officer: Vin Fordham Lamont, Chief Executive Officer

Disclosure of Interest: Nil

Location: 140 Knight Road, Darkan

Applicant: P & A Lubcke

Owner: P & A Lubcke

Proposal: Replace an existing dwelling

Attachments: 1. Floor Plan U

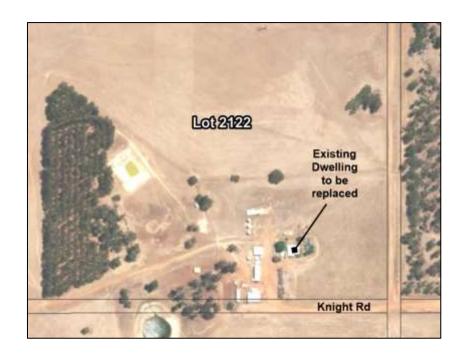

SUMMARY:

Council is requested to consider an application to replace an existing dwelling on a rural property located within the Wellington Catchment Special Control Area.

BACKGROUND:

The subject land is Lot 2122 on DP233017 Knight Road having an area of 89 hectares. The property is located approximately 12kms north east of the Bowelling townsite. It is proposed to replace the existing dwelling as shown below.

The proposed dwelling will have an area of 124.7 sqm and will be setback 65m from the southern boundary and 141m from the eastern boundary.

COMMENT:

An application is only required for the dwelling as the subject land is located within the Special Control Area (SCA) under the Scheme for the Wellington Catchment.

The application has been referred to DWER which has previously advised that the Department does not object to this form of development, within the Wellington Dam Catchment subject to:

- There being no clearing of native vegetation;
- The development being acceptable under the Shire's Local Planning Scheme, and
- Normal development standards being met, including the installation of a suitably approved wastewater system.

The development site is not designated as being bushfire prone and the boundary setbacks comply with the Scheme. If the subject land was not located within the Wellington Catchment Special Control Area, then no planning application would be required.

The referral time period is 42 days which will close before the next Council Meeting. In order to avoid any delays with the application, if no objection is received or the Department advises that is does not object, then the application should be approved.

CONSULTATION:

The application has been referred to the Department of Water and Environmental Regulation (DWER). A response was received and DWER confirmed it had no objections or special conditions in relation to this application.

STATUTORY ENVIRONMENT:

Local Planning Scheme No 2

The subject land is zoned Rural under Local Planning Scheme No 2. The minimum boundary setbacks in the Rural zone are 20m from the front and rear boundary and 10m from the side boundary.

The subject land is located within the Wellington Reservoir Catchment Special Control Area. Clause 6.2. of the Scheme stipulates that:

- Planning approval is required for all development including a single house; and
- All applications are to be referred to the Department of Environment (DWER) and the local government is to have due regard to recommendations/advice received from the Department when determining applications.

Bushfire Prone Land

A portion of the subject land is designated as being bushfire prone, but this does not include the actual development site and no Bushfire Attack Level (BAL) Assessment is required.

POLICY IMPLICATIONS:

Nil

FINANCIAL IMPLICATIONS:

Nil

STRATEGIC IMPLICATIONS:

The Shire's Strategic Community Plan Towards 2031 and Corporate Business Plan 2021 – 2025 Outcome 2.1 – Improved employment through diversification in agriculture

• Liaise with key stakeholders to continue to support agriculture in the Shire

RISK IMPLICATIONS:

Risk management is the removal of uncertainty from business decisions. Risk is expressed in terms of likelihood it may occur and the consequences that may flow from it. The consequences may be positive or negative or simply a deviation from the expected. The risk or consequence may be related to health and safety; financial; business or service interruption; compliance; reputation; or the environment. Reference to the risk matrix below will generate a risk rating by assessing the likelihood and consequence and multiplying these scores by each other. The greater the risk rating, the greater the risk and the higher the need for specific plans to be developed. All items with a risk rating greater than 10 should be added to the Risk Register and specific controls developed.

Risk Themes:

A risk theme is the categorising of risk. For example, the collection of risks that represent compliance failure. The risk themes in the shire Risk Register include:

- Business Disruption
- Community Disruption
- IT or Communications Failure
- External Threat or Fraud
- Misconduct
- Inadequate safety or security practices
- Inadequate project or change management
- Errors Omissions or Delays
- Inadequate Document Management Processes
- Inadequate supplier / contract management
- Providing inaccurate advice / information
- Ineffective Employment practices
- Compliance failure
- Inadequate asset management
- Inadequate engagement practices
- Ineffective facility or event management
- Inadequate environmental management

Risk Matrix:

Consequence		Insignificant	Minor	Moderate	Significant	Severe
Likelihood		1	2	3	4	5
Almost	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Certain						
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (20)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

Description of Key Risk	Development occurs in a manner not consistent with legislative requirements		
Risk Likelihood (based on history and with existing controls)	Unlikely (2) The event may only occur in exceptional circumstances		
Risk Consequence	Minor (2) Non-compliance results in termination of services / approval or imposed penalties		
Risk Rating (Prior to Treatment or Control): Likelihood x Consequence	Low (4)		
Principal Risk Theme	Compliance failure		
Risk Action Plan (Controls or Treatment Proposed)	Ensure compliance with conditions of approval and other applicable Regulations.		

VOTING REQUIREMENTS:

Simple Majority

RESOLUTION CO-2023-079

Moved: Cr Adam Squires Seconded: Cr Graeme Peirce

That, subject to there not being any objection received from DWER, Council approve the use and development of a dwelling at Lot 2122 on DP233017 Knight Road, Darkan subject to the following conditions:

- 1 The development hereby approved shall occur generally in accordance with the proposal submitted with the application and this shall not be altered or modified without the prior written approval of the Shire.
- 2 The existing dwelling is to be demolished.
- 3 Any use, additions to and further intensification of any part of the building or land (not the subject of this consent) shall be subject to a further development application and consent for that use.
- 4 Effluent disposal system(s) being sensitive to the current environmental concerns associated with nutrient leaching and runoff and being to the satisfaction of the Shire's Principal Health Surveyor.

17 MATTERS BEHIND CLOSED DOORS

RESOLUTION CO-2023-080

Moved: Cr Robyn Lubcke Seconded: Cr Adam Squires

That Council considers the confidential report(s) listed below in a meeting closed to the public in accordance with Section 5.23(2) of the Local Government Act 1995:

17.1 Execution of Deed of Assumption and Variation

This matter is considered to be confidential under Section 5.23(2) - (d) of the Local Government Act, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with legal advice obtained, or which may be obtained, by the local government and which relates to a matter to be discussed at the meeting.
