## **DISCLAIMER**

### **INFORMATION FOR THE PUBLIC ATTENDING COUNCIL MEETINGS**

#### **Please Note:**

The recommendations contained in this agenda are officers' recommendations only and should not be acted upon until Council has resolved to adopt those recommendations.

The resolutions of Council should be confirmed by perusing the minutes of the Council meeting at which these recommendations were considered.

Members of the public should also note that they act at their own risk if they enact any resolution prior to receiving official written notification of Council's decision.

#### **Meeting Procedures:**

1. All Council meetings are open to the public, except for matter raised by Council under "confidential items".
2. Members of the public may ask a question at an ordinary Council Meeting under "public question time".
3. Members of the public who are unfamiliar with meeting procedures are invited to seek advice at the meeting. If unsure about proceeding, just raise your hand when the presiding member announces public question time.
4. All other arrangements are in accordance with the Council's standing orders, policies and decision of the Shire of West Arthur.

#### **Council Meeting Information:**

Your Council generally handles all business at Ordinary or Special Council Meetings.

From time to time Council may form a Committee to examine subjects and then report back to Council.

Generally all meetings are open to the public; however, from time to time Council will be required to deal with personal, legal and other sensitive matters under "confidential items". On those occasions Council will generally close that part of the meeting to the public. Every endeavour will be made to do this as the last item of business of the meeting.

**Public Question Time.** It is a requirement of the *Local Government Act 1995* to allow at least fifteen (15) minutes for public question time following the opening and announcements at the beginning of the meeting. Should there be a series of questions the period can be extended at the discretion of the presiding member.

Written notice of each question should be given to the Chief Executive Officer fifteen (15) minutes prior to the commencement of the meeting. A summary of each question and the response is included in the meeting minutes.

When a question is not able to be answered at the Council Meeting a written answer will be provided after the necessary research has been carried out. Council staff will endeavour to provide the answers prior to the next ordinary meeting of Council.

Councillors may from time to time have a financial interest in a matter before Council. Councillors must declare an interest and the extent of the interest in the matter on the Agenda. However, the Councillor can request the meeting to declare the matter trivial, insignificant or in common with a significant number of electors or ratepayers. The Councillor must leave the meeting whilst the matter is discussed and cannot vote unless those present agree as above.

Members of staff, who have delegated authority from Council to act on certain matters, may from time to time have a financial interest in a matter on the Agenda. The member of staff must declare that interest and generally the presiding member of the meeting will advise the Officer if he/she is to leave the meeting.

Agendas, including an Information Bulletin, are delivered to Councillors within the requirements of the *Local Government Act 1995*, i.e. seventy-two (72) hours prior to the advertised commencement of the meeting. Whilst late items are generally not considered there is provision on the Agenda for items of an urgent nature to be considered.

Agendas, are delivered to Councillors within the requirements of the *Local Government Act 1995*, i.e. seventy-two (72) hours prior to the advertised commencement of the meeting. Whilst late items are generally not considered there is provision on the Agenda for items of an urgent nature to be considered.

Should an elector wish to have a matter placed on the Agenda the relevant information should be forwarded to the Chief Executive Officer in time to allow the matter to be fully researched by a Shire Officer. An Agenda item, including a recommendation, will then be submitted to Council for consideration. The Agenda closes 10 days prior to the Council Meeting.

Agendas for Ordinary Meetings are available at the Shire of West Arthur Office and on the Shire website seventy-two (72) hours prior to the meeting and the public are invited to view a copy at the Shire Office.

Agenda items submitted to Council will include a recommendation for Council consideration. Electors should not interpret and/or act on the recommendations until after they have been considered by Council. Please note the Disclaimer in the Agenda (page 3).

A copy of the unconfirmed Minutes of Ordinary and Special Meetings will be available for public inspection from the Shire of West Arthur Office and the Shire of West Arthur website within ten (10) working days after the Meeting.

## **DISCLOSURE OF FINANCIAL INTEREST, PROXIMITY INTEREST AND/OR INTEREST AFFECTING IMPARTIALITY**

### ***Financial pursuant to Sections 5.60A of the Local Government Act 1995***

#### **5.60A – Financial Interest**

For the purpose of this Subdivision, a person has a financial interest in a matter if it is reasonable to expect that the matter will if dealt with by the local government, or an employee or committee of the local government or member of the council of the local government, in a particular way, result in a financial gain, loss, benefit or detriment for the person.

*[Section 5.60A inserted by No. 64 of 1998 s. 30; amended by No. 49 of 2004 s. 50.]*

### ***Proximity pursuant to Section 5.60B of the Local government Act 1995***

#### **5.60B – Proximity Interest**

- (1) For the purposes of this Subdivision, a person has a proximity interest in a matter if the matter concerns –
  - 1) a proposed change to a planning scheme affecting land that adjoins the person's land;
  - 2) a proposed change to zoning or use of land that adjoins that person's land; or
  - 3) a proposed development (as defined in section 5.63 (5)) of land that adjoins the person's land.
- (2) In this section, land ("the proposal land") adjoins a person's land if –
  - 1) the proposal land, not being a thoroughfare, has a common boundary with the person's land;
  - 2) the proposal land, or any part of it, is directly across a thoroughfare from, the person's land; or
  - 3) the proposal land is that part of a thoroughfare that has a common boundary with the person's land.
- (3) In this section a reference to a person's land is a reference to any land owned by the person or in which the person has any estate or interest.

*[Section 5.60B inserted by No 64 of 1998 s. 30.]*

### ***Indirect Financial pursuant to Section 5.61 of the Local Government Act 1995***

#### **5.61 – Indirect financial interest**

A reference in this Subdivision to an indirect financial interest of a person in a matter includes a reference to a financial relationship between that person and another person who requires a local government decision in relation to the matter.

### ***Impartiality pursuant to Regulation 11 of the Local Government (Rules of Conduct) Regulation 2007***

#### **22 – Disclosure of interest**

- (1) In this clause –  
Interest –
  - 1) means an interest that could, or could reasonably be perceived to; adversely affect the impartiality of the person having the interest and
  - 2) includes an interest arising from kinship friendship or membership of an association.
- (2) A council member who has an interest in any matter to be discussed at a council or committee meeting attended by the member must disclose nature of the interest –
  - (a) in a written notice given to the CEO before the meeting; or
  - (b) at the meeting immediately before the matter is discussed.
- (3) Subclause (2) does not apply to an interest referred to in section 5.60 of the Act.

- (4) Subclause (2) does not apply if a council member fails to disclose an interest because the person did not know –
  - (a) That they had an interest in the matter; or
  - (b) That the matter in which they had an interest would be discussed at the meeting and the council member disclosed the interest as soon as possible after the discussion began.
- (5) If, under sub-regulation (2)(a), a person who is a council member discloses an interest in a written notice given to the CEO before a meeting then –
  - (a) Before the meeting the CEO is to cause the notice to be given to the person who is to preside at the meeting; and
  - (b) At the meeting the person presiding is to bring the notice and its contents to the attention of the persons present immediately before a matter to which the disclosure related is discussed.
- (6) Subclause (7) applies in relation to an interest if –
  - (a) Under subclause (2)(b) or (4)(b) the interest is disclosed at a meeting; or
  - (b) Under subclause (5)(b) notice of the interest is brought to the attention of the persons present at a meeting.
- (7) The nature of the interest is to be recorded in the minutes of the meeting.

***Describe the extent of your interest (If seeking to participate in the matter under the s.5.68 of the act)***

**5.68 – Councils and committees may allow members disclosing interests to participate etc. in meetings**

- (1) If a member has disclosed, under section 5.65, an interest in a matter, the members present at the meeting who are entitled to vote on the matter –
  - (a) may allow the disclosing member to be present during any discussion or decision making procedure relating to the matter; and
  - (b) may allow, to the extent decided by those members, the disclosing member to preside at the meeting (if otherwise qualified to preside) or to participate in discussions and the decision making procedures relating to the matter if –
    - (i) the disclosing member also discloses the extent of the interest; and
    - (ii) those members decide that the interest –
      - (I) is so trivial or insignificant as to be unlikely to influence the disclosing member's conduct in relation to the matter; or
      - (II) is common to a significant number of electors or ratepayers.
- (2) A decision under this section is to be recorded in the minutes of the meeting relating to the matter together with the extent of any participation allowed by the council or committee.
- (3) This section does not prevent the disclosing member from discussing, or participating in the decision making process on, the question on whether an application should be made to the Minister under section 5.69.

<b>Attachments:</b>	<b>1. Shire of West Arthur Policy Manual (under separate cover)</b>

**SUMMARY:**

Council is requested to consider the revision of updated Policies and the addition of new policies as listed and adopt the updated Shire of West Arthur Policy Manual.

**BACKGROUND:**

At the May 2023 Ordinary Meeting of Council, all previous Shire policies were rescinded and a new Policy Manual was adopted. Council has amended, added and also deleted redundant policies as necessary in the time since then. As part of the annual review and in preparation of the implementation of the Local Government Amendment Act 2024, the current Policy Manual requires updating.

**COMMENT:**

As part of the Local Government Compliance Calendar, it is a requirement annually to undertake a review of all Council Policies and provide a report to Council as necessary to amend, add or delete redundant policies.

In this review, new policies to be adopted are:

- F33 – Community Organisation Support
- F34 – Digitisation Policy
- F35 – Source Records Policy
- LS1 – Emergency Management

Policy Amendments include:

- C3 – Audit Risk & Improvement Committee – Terms of Reference
- F9 – Australia Day Citizen of the Year Awards

Records Officer

West Australian Local Government Association (WALGA)

Department of Local Government, Sport, and Cultural Industries (DLGSC)

**STATUTORY ENVIRONMENT:**

Local Government Act 1995

**s.2.7 Role of Council**

- (1) The council -
  - (a) governs the local government's affairs; and
  - (b) is responsible for the performance of the local government's functions.
- (2) Without limiting subsection (1), the council is to -
  - (a) oversee the allocation of the local government's finances and resources; and
  - (b) determine the local government's policies.

**POLICY IMPLICATIONS:**

The Policy Manual Review will align the Council's policies with statutory requirements and best practices.

**FINANCIAL IMPLICATIONS:**

There are no Financial Implications.

**STRATEGIC IMPLICATIONS:**

Leadership and Management – inspirational, dynamic, transparent

Outcome 4.3 – Establish and maintain sound business and governance structures

- Comply with regulations and best practice standards to drive good decision making by Council and Staff
- Provide informed decision making based on our strategic directions and legal requirements and that these are open, transparent and adequately communicated with the community.

**RISK IMPLICATIONS:**

***Risk management is the removal of uncertainty from business decisions. Risk is expressed in terms of likelihood it may occur and the consequences that may flow from it.*** The consequences may be positive or negative or simply a deviation from the expected. The risk or consequence may be related to health and safety; financial; business or service interruption; compliance; reputation; or the environment. ***Reference to the risk matrix below will generate a risk rating by assessing the likelihood and consequence and multiplying these scores by each other.*** The greater the risk rating, the greater the risk and the higher the need for specific plans to be developed. All items with a risk rating greater than 10 should be added to the Risk Register and specific controls developed.

**Risk Themes:**

A risk theme is the categorising of risk. For example, the collection of risks that represent compliance failure. The risk themes in the shire Risk Register include:

- Business Disruption
- Community Disruption
- IT or Communications Failure
- External Threat or Fraud
- Misconduct
- Inadequate safety or security practices
- Inadequate project or change management
- Errors Omissions or Delays
- Inadequate Document Management Processes
- Inadequate supplier / contract management
- Providing inaccurate advice / information
- Ineffective Employment practices

- Compliance failure
- Inadequate asset management
- Inadequate engagement practices
- Ineffective facility or event management
- Inadequate environmental management

**Risk Matrix:**

Consequence Likelihood		Insignificant 1	Minor 2	Moderate 3	Major 4	Catastrophic 5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (25)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

Description of Key Risk	Lack of transparency and accountability in decision making process.
Risk Likelihood (based on history and with existing controls)	Possible (3)
Risk Consequence	Moderate (3)
Risk Rating (Prior to Treatment or Control): Likelihood x Consequence	Medium (9)
Principal Risk Theme	All themes
Risk Action Plan (Controls or Treatment Proposed)	Endorse council policy manual and apply policies in making decisions.

**VOTING REQUIREMENTS:**

Simple Majority

**OFFICER RECOMMENDATION:**

That Council endorse the updated Policy Manual, including the adoption of any new policies (listed) and amendments of existing policies (listed), and publish it on the Shire's website.

### SUMMARY:

Council is requested to consider the following recommendations from the recent Bush Fire Advisory Committee (BFAC) meeting held on 15 April 2025:

- Appointment of Fire Control Officers (FCOs), Chief Bush Fire Control Officer (CBFCO), Deputy Chief Bush Fire Control Officer (Deputy CBFCO) and other BFB office bearers.
- Appointment of dual FCOs for adjoining local governments.
- Adoption of the 2025/2026 Bush Fire Notice.

### BACKGROUND:

Under the Bush Fires Act 1954, an FCO holds significant authority during a fire emergency, allowing them to assume responsibility for the situation, overriding any volunteer on the ground, including the Brigade Captain. The Brigade Captain, elected by the Brigade and subject to Council approval, holds authority limited to the Brigade area adopted by the Council.

Additionally, the authority of an FCO, including the CBFCO, can be superseded by a Department of Fire and Emergency Services Liaison Officer or a Department of Biodiversity, Conservation and Attractions' Parks and Wildlife Service Officer in specific circumstances.

As officers of the Shire, exercising statutory authority and powers on behalf of the Shire, there is an obligation on Council, and the Shire's CEO, as the employer, to consider the suitability of a person prior to appointment as an FCO. In this regard, Council should note the requirement of the Bush Fire Brigades Local Law that FCOs are to complete an FCO course and a refresher at least once every 10 years, for their appointment to remain valid.

Furthermore, pursuant to Section 33 of the Bush Fires Act 1954, owners or occupiers of land within the Shire of West Arthur are legally obliged to comply with the prescribed Bush Fire Notice. This entails clearing firebreaks and fuel-free areas before November 1 each year and maintaining them free of flammable materials until 15 April.

### COMMENT:

At the BFAC meeting held on 15 April 2025, the Committee resolved to recommend to Council to rescind all previous appointments and to make the appointments of CBFCO, Deputy CBFCO, FCOs, Fire Weather Officers and the Weather Committee as per Attachment 1. At that meeting, it was also recommended that the following Fire Control Officers be appointed as Dual FCOs for the following Shires:

- Shire of Woodanilling – Neil Morrell;
- Shire of Williams – Todd Lubcke.

The appointment of each FCO is typically associated with a specific Bush Fire Brigade (BFB), unless an FCO is appointed by an adjoining Shire for the area adjacent to the common boundary. Unless explicitly stated otherwise, the authority of FCOs extends across the entire district. It is proposed to maintain this arrangement without specific limitation.

An FCO is required to act within any restrictions or conditions placed on the role by the Shire. They cannot issue instructions to Shire employees to carry out works, nor do they have the authority to hire plant or contractors.

Nomination by an adjoining Shire does not mean automatic right to the role. Appointment becomes effective only on resolution of Council.

Under the Work Health and Safety Act 2020, for Volunteers and Volunteer Organisations, the Shire's CEO is personally responsible and criminally liable for all actions of volunteers within the Bush Fire Brigades. The Shire's CEO is legally required to ensure that all the FCOs and Bush Fire volunteers have undertaken the appropriate or required training to allow them to perform their role(s) safely.

The DFES minimum recommended standard for Bush Fire Brigade Volunteers with a Local Government Grants Scheme Fire Appliance, is completion of the Bushfire Safety Awareness and Firefighting Skills courses, consistent with DFES managed volunteers who are required to undertake both courses prior to commencing operational duties.

**Training:**

- All Fire Control Officers (FCOs) must as a minimum complete the FCO's course training within the first 12 months of being appointed and complete a refresher at least once every 10 years;
- A sub-committee consisting of the CBFCO and Deputy CBFCO, be authorised to assess volunteer fire fighters competency with regards to the Rural Fire Awareness, Bushfire Safety Awareness, and Firefighting Skills and if satisfied, to recommend to the Shire's CEO that their previous experience be accepted as Recognised Prior Learning (RPL), although FCOs should be encouraged to complete the training;
- Only volunteers fire fighters that have successfully completed or have been RPL assessed for and passed the DFES approved Bushfire Safety Awareness and Firefighting Skills courses should drive or operate Shire Fire Trucks;
- Only volunteer firefighters that have recognised RPL for, or passed the DFES approved Rural Fire Awareness course, either in person or online, are eligible to be registered as an active operational (in the field) Shire Volunteer Firefighter.

While it is crucial that the driver of a Shire fire truck is adequately trained, it is also significant to encourage, though not imperative, that the second or subsequent officers on the fire truck possess the required training.

The Committee also has recommended to adopt the attached 2024/2025 Bush Fire Notice as presented (see Attachment 1).

**CONSULTATION:**

- Bush Fire Advisory Committee
- Chief Bush Fire Control Officer

**STATUTORY ENVIRONMENT:**

Sections of the Acts, Regulations and/or Local Laws that apply to this item include:

- Bush Fires Act 1954 Section 38, 39, 40 and 56 – Appointment of Bush Fire Control Officers;
- Work Health and Safety Act 2020 (Act) and Regulations; and
- Shire of West Arthur Bush Fire Brigades Local Law 1988 (to be reviewed in 2025).

**POLICY IMPLICATIONS:**

Policy F14 Harvest & Vehicle Movement Ban – Christmas Day, Boxing Day & New Year's Day

**FINANCIAL IMPLICATIONS:**

The administrative expenditure is wholly contained in the budget and is minor in nature

**STRATEGIC IMPLICATIONS:**

Shire of West Arthur Strategic Community Plan 2021-2031

Theme: Community – Safe, Friendly and Inclusive

Outcome: A safe place to live, work and visit

Strategy: Support for the provision of emergency services and volunteers

**RISK IMPLICATIONS:**

***Risk management is the removal of uncertainty from business decisions. Risk is expressed in terms of likelihood it may occur and the consequences that may flow from it.*** The consequences may be positive or negative or simply a deviation from the expected. The risk or consequence may be related to health and safety; financial; business or service interruption; compliance; reputation; or the environment. ***Reference to the risk matrix below will generate a risk rating by assessing the likelihood and consequence and multiplying these scores by each other.*** The greater the risk rating, the greater the risk and the higher the need for specific plans to be developed. All items with a risk rating greater than 10 should be added to the Risk Register and specific controls developed.

**Risk Themes:**

A risk theme is the categorising of risk. For example, the collection of risks that represent compliance failure. The risk themes in the shire Risk Register include:

- Business Disruption
- Community Disruption
- IT or Communications Failure
- External Threat or Fraud
- Misconduct
- Inadequate safety or security practices
- Inadequate project or change management
- Errors Omissions or Delays
- Inadequate Document Management Processes
- Inadequate supplier / contract management
- Providing inaccurate advice / information
- Ineffective Employment practices
- Compliance failure
- Inadequate asset management
- Inadequate engagement practices
- Ineffective facility or event management
- Inadequate environmental management

**Risk Matrix:**

Consequence		Insignificant	Minor	Moderate	Major	Catastrophic
Likelihood		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (25)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)

<b>Unlikely</b>	<b>2</b>	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
<b>Rare</b>	<b>1</b>	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

Description of Key Risk	Without appointed Fire Officers, there may be delays in coordinating responses to fire emergencies within the Shire of West Arthur and surrounding areas. This delay could result in greater property damage, loss of life, and environmental destruction.
Risk Likelihood (based on history and with existing controls)	(5) Almost Certain
Risk Consequence	(5) Catastrophic
Risk Rating (Prior to Treatment or Control): Likelihood x Consequence	(25) Extreme
Principal Risk Theme	Compliance Failure
Risk Action Plan (Controls or Treatment Proposed)	Endorse the recommendations of the BFAC.

**VOTING REQUIREMENTS:**

Simple Majority

**OFFICER RECOMMENDATION:**

That with respect to the recommendations of the Bush Fire advisory Committee, Council:

1. Rescind all other Bush Fires Act appointments made previously.
2. Pursuant to Section 38 of the *Bush Fires Act 1954*, approve the appointment of the Chief Bush Fire Control Officer, Deputy Chief Bush Fire Control Officer, Fire Control Officers and Fire Weather Officers (each of them for 'whole of Shire') (subject to point 3) as listed in Attachment 1.
3. Pursuant to Section 38 (6) and (7) of the *Bush Fires Act 1954*, request the Fire and Emergency Services Commissioner to approve the Shire of West Arthur for the purposes of giving effect to the appointment of Fire Weather Officers.
4. Pursuant to Section 38 of the *Bush Fires Act 1954*, approve the nominations of the following persons as Dual Fire Control Officers for the following Shires:
  - Shire of Woodanilling – Neil Morrell
  - Shire of Williams – Todd Lubcke
5. Approve the Bush Fire Notice for the 2024/2025 year as presented in Attachment 1.
6. Note the appointment of the Fire Weather Committee as listed in Attachment 1.
7. Cause Notice of the Fire Control Officer Appointments to be published in "The Bleat" newsletter, and on the Shire's Website and Public Noticeboards.
8. Cause Notice of any approval to point 3 to be published in the "The Bleat" newsletter, on the Shire's Website and Public Noticeboards, and in the Government Gazette.

**BUSHFIRE ACT 1954****Compliance date: 1<sup>st</sup> November Annually****Maintained Until: 15<sup>th</sup> April Annually**

Notice to all owners or occupiers of land in the Shire of West Arthur. Pursuant to powers contained in Section 33 of the Bush Fires act 1954 (as amended) you are required to carry out fire prevention work on land owned or occupied by you in accordance with the provisions of this notice.

The penalty for non-compliance with this notice is a maximum fine of \$5,000 and, notwithstanding prosecution, the Shire may enter upon the land and carry out required works at the owners/occupier's expense.

The Shire regularly conducts property inspections to ensure compliance. Persons who fail to commence the requirements of this Notice will be issued with infringements in accordance with the Bushfires Act or Orders to rectify. Inspections commence in November of each year.

If for any reason it is considered impracticable to comply with the requirements of this order, you may make written application to the Shire CEO no later than 1st November for permission to position fire-breaks in alternative locations or to take alternative action to abate fire hazards on your land. The application must be countersigned by the Fire Control Officer for your local area. No applications, whether verbal or written, will be considered after this date.

**TOWNSITES**

For town lots where the area of the land is less than 2023 square metres (1/2 acre), all inflammable material is to be removed from the land excluding living plants and trees. Grasses are to be slashed or mowed and maintained below 100mm in height throughout the period of 1<sup>st</sup> November until 15<sup>th</sup> April each year.

All town lots where the area of the land is greater than 2023 square metres (1/2 acre) shall have the inflammable material maintained to a height of no more than 100mm and where undeveloped land abuts developed land, a firebreak of not less than 2.5 metres wide is required.

## DEFINITIONS

**FIREBREAK:** A bare mineral earth break immediately inside all boundaries no less than 2.5 metres wide and with a vertical clearance of 4 metres.

**HAYSTACKS:** Means a collection of hay including fodder rolls or large bales placed or stacked together within 200 metres of any homesteads, buildings, or fuel installations.

**PLANTATIONS:** Defined as an area exceeding 3ha within a town site, or an area exceeding 20ha within a rural area, of trees planted for commercial purposes.

**HARVEST VEHICLE MOVEMENT BAN:** Ban imposed for a defined period of time to restrict the use of engines, vehicles, plant and machinery that may contribute to activities that are likely to cause a bush fire or contribute to the spread of a bush fire.

## RURAL PROPERTIES

A firebreak or a combination of firebreaks or closely grazed land is required to completely surround any rural homestead, buildings, haystacks, stacks of fodder, bulk fuel, drums and/or liquid petroleum.

This may be:

- A firebreak not less than 10 metres wide constructed immediately surrounding; if provided by cultivation, spraying, or burning; or
- A firebreak at least 30 metres wide completely surrounding if provided by closely grazed land; with the outer 2.5 metres cultivated or completely free of flammable material as required under the definition of firebreaks.

**Where land abuts the Darkan & Duranillin townsites, a firebreak is required.**

Firebreaks constructed on road verges do not constitute legal firebreaks under the Bush Fires Act.

Property owners/occupiers of land over 40 hectares must have a fully operational mobile fire unit with a minimum capacity of 400 litres. Slip on units are to be bolted or chained securely to the tray of the vehicle. Properties are to comply with the provision.

## HARVESTING OPERATIONS

A harvesting, swathing, baling or forestry machine may not be operated in any crop or timber cell during the PBT or RBT unless it is equipped with a fire extinguisher (minimum 7.5 litres). A fully operational mobile firefighting unit with a tank of 400 litre minimum capacity is to be located in or adjacent to any paddock/cell where harvesting, swathing, baling or slashing of stubble is being undertaken.

The operation of harvesting machines and the movement of grain equipment in paddocks on Christmas Day, Boxing Day and New Years Day is prohibited. From time-to-time weather conditions may result in the issue of a Harvest and Vehicle Movement Ban being imposed which will place restrictions on the movement of vehicles and use of plant or machinery in paddocks. Bans will be advertised on local radio. It is the responsibility of persons harvesting to be aware if bans are in place.

**Ignorance to the existence of a ban will not avoid prosecution.**

## PLANTATIONS

The *Guidelines for Plantation Fire Protection* provide the minimum standards and a consistent approach to fire management. In addition, the Shire requests that no heaps be lit after 31 August each year and that the Shire is notified prior to any plantation burning.

## STUMP GRINDING

A fully operational mobile firefighting unit with a tank of 400 litres minimum capacity to be located in the same cell of the plantation at all times during stump grinding. Any ignition from stump grinding is to be reported to an FCO. Person to remain on site for at least 1 hour after finishing stump grinding in the RBT and PBT.

## STUBBLE PADDOCK BURNING

A firebreak of no less than 2.5m wide is to surround the paddock prior to burning the stubble.

## BURNING OF GARDEN REFUSE & RUBBISH

Permits are required during the restricted burning times. Garden refuse and rubbish may be burnt as follows:

- In a properly constructed incinerator designed to prevent the escape of sparks or burning material provided it is situated no less than 2 metres from any building or fence, and an area of 2 metres surrounding the incinerator is clear of inflammable material.
- On the ground between 6:00pm and 11:00pm of the same day, and completely extinguished no later than midnight on that day. An area of 5 metres must be cleared all around the site during the whole time the fire is burning. The user must extinguish the fire by the application of water or earth.
- No fire shall be lit on a day of high, extreme, or catastrophic fire danger forecast for the district.

**CAMPING & COOKING FIRES ARE NOT PERMITTED DURING THE PROHIBITED BURNING TIME.**

## RESTRICTED & PROHIBITED BURNING TIMES FOR THE SHIRE OF WEST ARTHUR

### PROHIBITED BURNING TIME (PBT)

1<sup>st</sup> November 2025 to 23<sup>rd</sup> February 2026 (inclusive) each and every year. During this time, you must not start a fire in the open air. The penalty is up to \$10,000, 12 months' imprisonment or both.

### RESTRICTED BURNING TIME (RBT)

29<sup>th</sup> September to 31<sup>st</sup> October 2025 (inclusive) & 24<sup>th</sup> February to 13<sup>th</sup> April (inclusive) each and every year. These dates may be subject to variation according to seasonal conditions. Any changes will be advertised.

### PERMITS TO BURN

A Permit to Set Fire to the Bush (permit to burn), must be obtained from your local area Fire Control Officer (FCO) before you light a fire during the restricted period.

- When issued with a permit, you must comply with the conditions set out on that permit.
- All permits are automatically cancelled on days where the Fire Danger Rating for that district is High, Extreme or Catastrophic. Under certain circumstances an authorized Fire Weather Officer may issue a permit on a forecast High fire danger forecast day.
- Notice must be given to Department of Biodiversity, Conservation and Attractions (DBCA) if the intended burn will be within 3km of State Forest.
- The period of notice required under this section shall be no more than 28 days, or less than 4 days, except where the notice is given verbally, in which case the minimum period of the notice may be determined by mutual agreement.

**Burning without a permit will lead to prosecution; fines up to \$10,000 applicable.**

**4.0. Business Arising from Previous Minutes:**

No business arising from previous minutes.

**5.0. Reports and Presentations:****5.1. Community Emergency Services Manager:**

No report received.

**5.2. DFES UGS District Officer:**

Gavin Stevens was unable to attend this meeting, so Craig Smith is representing DFES.

Congratulations to everyone on their hard work during the busy fire season and at the big fires we have had. DFES believes that the way everyone conducted themselves helped in these incidents not escalating.

After Action Review re West Arthur / Wagin Fire – Actions that can be implemented. It is important that we get incident information to the communications centre as soon as possible. This is so DFES receives up-to-date information from the incident controller in a timely manner to enable DFES to support local brigades effectively.

Please utilise the Emergency WA app, not only volunteers but their families as well.

volunteer is tasked with a job by an incident controller and the volunteer has the capacity to do that job they will be covered by insurance. If a volunteer is not a member with DFES and has not presented themselves to an incident controller they will not be covered by insurance.

Please see attached reports.

**5.3. Forest Products Commission:**

Thinning operations have been ongoing across several share farm plantations in recent months with activity on Duncan South's and John South's properties. There are further operations scheduled for August/September 2025 in the Trigwell and Boscabel areas.

FPC Plantations – Attached is an email Greg sent to Kohdy (CESM) recently outlining FPC's plantation assets within the West Arthur Shire across various tenures and landowner partnerships. (>7,000ha).

The softwood/sandalwood plantations that will remain critical to FPC's immediate business plans are currently undergoing operational fire map upgrades and some field signage will also be upgraded in coming months on most properties to reflect this.

The FPC's internal fire roster has expanded this season with 36 new freehold properties. This year FPC will be backing away from staff on the DBCA roster and running their own fire rosters so they can respond to local governments. FPC anticipates this internal fire capacity will be increased again as more assets are purchased. FPC has hope with the increase of properties that down the track it will be getting more trucks; it still has 40 odd staff that can be sent out in any direction to help local governments.

Fire Maps – To assist Shire / FCOs / Neighbours with fires in and around FPC plantations, attached is a QR code link which enables first responders to access a map of the plantation on their digital device if needed. These QR codes are also available on the FPC signs. Ideally, FCOs and neighbours should access a map via this link before a fire occurs, so they have some familiarity with the access tracks, water points, gates etc.

FPC now has a dedicated training officer who coordinates and helps deliver all FPC internal training needs with DFES regions and DBCA fire management providers.

Community fire grants are still ongoing with those shires where the new estate properties are being acquired. Funds will be available to supplement items not necessarily available through ESL providers. West Arthur Shire should expect to receive an invitation prior to the end of the current FY.

See attached report.

**5.4. Department of Water and Environment Regulations:**

No Report Received.

**5.5. Williams Volunteer Fire and Rescue Service:**

No Report Received.

**5.6. Department of Biodiversity Conservation and Attractions:**

Afie Jazreen was unable to attend this meeting, so Darren Harvey has attended to represent DBCA.

Usually, DBCA plans for 30,000ha of prescribed burns across the Wellington District each year. Normal targets are 20,000ha in spring and 10,000ha in autumn. DBCA has not been reaching these targets in the past 5 years, e.g. last season DBCA only completed 2,400ha in spring. This is due to the change in climate and reduced opportunity.

Prescribed burning plans for autumn: there are 5 planned burns falling within the Shire of West Arthur. The main 3 are Fleays, Bennelaking and Leach.

At the time of the report there had been 104 bushfires recorded for the district since the start of the season, 3 within the Shire of West Arthur. Thanks to the bushfire brigade members for all their efforts.

See attached report.

**5.7. Bunbury Fibre Exports:**

- No fires over the past season to date.
- BFE has purchased a fire appliance (ex DBCA) that has spent the fire season predominately based at McAlinden. BFE has engaged a fire contractor to assist with mitigation and suppression works as required.
- BFE has also increased contractor training to increase the number of staff available to attend fires.
- BFE will establish a second pine plantation on the Bowelling-Duranillin Road this coming winter (Yarrabin), approximately 200ha.

---

Bush Fire Advisory Committee Minutes April 2025

---

- BFE will establish approximately 500ha of previously blue gum plantation on Trigwell Bridge Road (Gibbs) this coming winter. This is currently under PF Olsen Management, however BFE will undertake burning of slash heaps in discussion with CBFCO and within permit requirements.
- The remainder of this Gibbs plantation (200ha) will be established in 2026.
- Harvest slash at the Jackson Plantation on McAlinden Road on the Shire boundary will also be undertaken in discussion with West Arthur CBFCO and Boyup Brook CBFCO and within permit requirements.

**6.0. Officer and Brigade Reports:****6.1. Chief Bush Fire Control Officer Report:**

- Extend thanks to all FCOs and Shire staff for assistance throughout the season. We were met with 2 of the biggest fires in our shire for a long time, but experienced amazing work from all volunteers, DFES officers, community members and all other agencies.
- We had no loss of containment at either fireground; post incident action and the swiftness of volunteers to mobilise no doubt saved infrastructure and land from additional damage.
- Support from our weather committee and fire weather officers must be commended with their prompt actions, diligence, and clear delivery to the community on burning requirements.
- There has been discussion around burning permits, harvest movement bans, and their requirements and I feel confident that a very thorough process has been agreed on, and good time sensitive systems have been working well.
- With external contractors working with in the shire and not understanding the risks of bushfires to our communities, work has been done to ensure that the contractors have a solid understanding of our processes going forward.
- I would like to commend everyone taking on FCO roles for the first time as well as those staying on in their current roles.

**6.2. Arthur River Bush Fire Brigade:**

- Captain's Report – 11 fires in the Arthur River fire brigade for the 24/25 fire season. 4 on private property, 4 on main/shire roads. 1 fire started by natural causes and 2 fires ignited by power lines/poles, including the major fire started in Arthur River and moved into Wagin Shire.

---

Bush Fire Advisory Committee Minutes April 2025

---

- Request radio channel stickers/booklet and vehicle permit stickers. (CBFCO to arrange.)
- Reiterate the availability of Rural Fire Awareness Training for 2025 (Aug/Sept)?
- Dispensation for John Pascoe feed lot to be processed. (CBFCO to arrange.)
- Discussion around the Wagin fire and Western Power's interaction. (Need to inform FCO/IC what/when information can be released.)

See attached AGM Minutes

**6.3. Darkan Bush Fire Brigade:**

- Discussion around incident involving the Darkan fast fill, a high bit on a tank come and caught the arm of the fast fill and tip the whole thing backwards, the dual bar needs to be facing the same way as the vehicle coming into it. So that this doesn't happen again.
- Upgrades to fast fills (more O -rings and lay flats, hose reel, stabilisation legs).
- Discussion whether the early permits should be put on the West Arthur firefighters chat as well as FCO chat.
- Discussion around high fire danger and informing all who are issued permits their requirements.
- Reiterate information on start of season to public. Season timings, Harvest ban and vehicle ban requirements, Total Fire Ban Requirements.
- FCO to inform control of fire, only person to turn around units and reiterate updates on signal and to COMMS.

See attached AGM Minutes

**6.4. Duranillin Bush Fire Brigade:**

- DFES to mobilise ASAP when requested by FCO (reiterated the process and working well).
- Opportunity for DFES mop-up training in Collie.
- Better management for radio removal and replacement.
- Air Compressor for blowdown after fires.
- Discussion regarding getting more air controllers, about 4-5 people nominated from all brigades.

(See attached AGM Minutes and Financial Report.)

**7.0. Annual Appointment of Fire Control Officers:**

**8.0. Financial Report: 2025/26 Local Government Grant Scheme Submission:**

The Shire of West Arthur Local Government Grant Scheme (LGGS) submission has been processed for the 2025/26 financial year. It is a requirement for the Shire to submit to DFES an application for the operating and capital grants process prior to the 31<sup>st</sup> of March each year.

An opening offer from DFES of \$52,040 was made to the Shire. The Shire submitted a counteroffer of \$65,050 being easily justified mainly due to rising consumables and servicing costs, along with the Shire spending over the initial budgeted amount in the current financial year.

A request will be made to be reimbursed by DFES for the over expenditure.

**8.1. Current Financial Report:**

The 2024/25 LGGS expenditure as at 31/03/2025:

<u>Purchase Plant and Equipment:</u>	<u>\$645.00</u>
<u>Maintenance of Plant and Equipment:</u>	<u>\$15,668.00</u>
<u>Maintenance of Vehicles/Trailers:</u>	<u>\$41,272.84</u>
<u>Maintenance of Land/Buildings:</u>	<u>\$0.00</u>
<u>Clothing and Accessories:</u>	<u>\$5,465.58</u>
<u>Utilities, Rates and Taxes:</u>	<u>\$855.89</u>
<u>Other goods and Services:</u>	<u>\$14,750.17</u>
<u>Insurance:</u>	<u>\$27,736.68</u>
 <b><u>Total Expended</u></b>	 <b><u>\$106,394.16</u></b>
<b><u>ESL Operating Grant</u></b>	<b><u>\$57,737.00</u></b>
<b><u>Total of Overspend</u></b>	<b><u>\$48,657.16</u></b>

Note: Shire BFB Admin will send list of brigade members to captains who will then advise her which members are inactive. We can then look at reducing our insurance costs as only active members need to be insured.

**9.0. Mitigation Activity Fund Grant Program - Shire Reserves:**

---

Bush Fire Advisory Committee Minutes April 2025

---

The Western Australian Government established the Mitigation Activities Fund Grant Program or “MAFGP”, in combination with the progressive rollout of the Bushfire Risk Management (BRM) Program, to reduce the hazards that present an extreme, very high or high bushfire risk to assets. The combination of these two programs has assisted in ensuring that the community’s bushfire risks are systematically assessed, prioritised and mitigated.

The MAFGP objective is to reduce the hazard or exposure to identified assets that are at risk from the occurrence of bushfire on Local Government managed tenure. Local Governments who currently have an endorsed Bushfire Risk Management Plan are eligible to apply for MAF funding.

Within round one of the MAFGP for the 2024/25 financial year the Shire of West Arthur applied for four treatments to better protect critical infrastructure and significant community assets.

The total amount of funding applied for via the grant was \$129,600. The application was approved in July 2024.

The Shire of West Arthur then found a contractor who has now completed the MAF treatments for the sum of \$70,256.40. As this amount was significantly under the allocated budgeted amount, the Shire decided to conduct more mitigation work around the Telstra Tower and Moodiarrup Hall to use up the remainder of the grant funds. The extra work has also been completed.

## **10.0. Other Matters**

### **10.1. Mobile Starlink Unit for Use at Fires (Graeme Peirce)**

Graeme is keen on utilising mobile Starlink units to ensure reliable communications during a fire or other emergency. The following information was provided by Gavin Stevens, DFES A/District Officer, Narrogin:

- The one we used at the recent West Arthur fire was my own personal Starlink Mini - \$299 outright purchase and \$80 per month for 50Gb of data.
- DFES does have a kit for the region that was broken at the time that has a dish on a stand. It takes more people using it than my mini and, in our case, has priority data which costs \$374 a month
- Starlink is one provider of Low Earth Orbiting Satellite (LEOS) systems and, as I am not an expert, am not recommending one branch over another.
- If you want to take it to more than one location, you will need the roaming package <https://www.starlink.com/au/roam> (otherwise it is geo locked to 1 location).
- LGGS eligibility is for a station internet connection at every station. In theory if you brought a Starlink mini for Arthur River BFB as they don't currently have an internet connection then in theory that would be

Bush Fire Advisory Committee Minutes April 2025

---

eligible but that is a question for Peter Raykos to approve. They would not fund ones for FCOs as it is outside their funding guidelines.

- We are doing a trial in our office about making available a Starlink mini kit for our officers that can be easily moved car to car (I can send you what we are looking at if interested).
- The kits are the full Generation 3 I think (looks like the following) with separate modem and power cords and the mini is one dish (size of an A4 sheet of paper about 5-8cm thick) with all features built-in plus power cord:

For discussion.

Discussion held regarding the Shire possibly purchasing a mobile Star Link unit and using it on our vehicles during the off season then letting the bush fire brigades borrow it when needed.

Craig Smith mentioned there has been a proposal submitted through DFES to get Star Link on its vehicles; they currently have 2 units on trial.

Paul Saunders advised that a mobile Star Link mini unit costs \$299 and a plan can be purchased for \$15 per month. You can pay extra for the roaming service which can be turned on and off.

**10.2. PPE**

- PPE will be held at the shire office to be tried on for sizing and ordering, it is important that all members attending fires are equipped and wearing correct PPE.

**10.3. Firebreaks**

- All private and business properties must complete their firebreaks / hazard reduction work by November 1<sup>st</sup> every year.

**10.4. Memberships**

---

Bush Fire Advisory Committee Minutes April 2025

---

- It is extremely important that people who are attending fires are registered DFES Volunteers and have completed their required training.
- Relevant Registration Forms can be filled out at the Shire office.
- PPE will not be provided to non-registered DFES volunteers.

**10.5. Permits**

- Discussion on validating permits on high fire danger days. Need some guidelines on when to reissue. Further discussion to be held on the FCO group chat. Happy with the current process.
- Discussion about creating a base text with the information of permits on signal so all information is received, and the shire can keep a register. - A decision was made to send photos of the permits to the group chat; shire to save for its records.

**10.6. Fire Mitigation Works in Nangip Creek Reserve**

- It has been brought to the CEO's attention by concerned community members that Nangip Creek Reserve needs urgent mitigation works. The reserve is close to the Darkan townsite and even closer to the proposed new subdivision on Burrowes St West. This makes it a significant fire risk that needs to be addressed.
- Discussion held regarding mitigation works being done this year in the Nangip creek reserve. Darkan BFB Captain and Shire Manager Works and Services to inspect the reserve and determine the best way to mitigate the bush fire risk there.

**10.7. Annual Fire Prevention Presentation to the Community**

- Councillors suggested that the Shire could host a community fire prevention presentation each year before the beginning of the fire season. This might include segments by the CBFCO, CESM and/or DFES. Significant fire events are increasing, and it is entirely possible that more towns and farms could be threatened in the future. Fire awareness is vitally important in this environment. What are BFB members thought on this?  
Discussed at LEMC and a preseason presentation will be made available to the public.

**10.8. Dunleath Fire**

---

Bush Fire Advisory Committee Minutes April 2025

---

Please see attached report.

**11.0. General Business.**

- FCOs when issuing permits in townsite are to specify that windy days are required to move smoke away.
- Graeme Peirce has been nominated for the Murray Laing Bushfire Award for his outstanding leadership this season through many significant fire incidents.
- Times for restricted and prohibited burning periods:  
29/09/25 – 31/10/2025 – Restricted  
01/11/2025 – 23/02/2026 – Prohibited  
24/02/2026 – 13/04/2026 – Restricted

**12.0. Closure**

Chairperson declared the meeting closed at 10:30pm.

### Season Update

- **Busy Fire Season** - There has been many Fires across the region, many of which have been controlled quickly by the efforts of Local Government Bushfire Brigades and Farm Response. There have been a few incidents where the Department of Fire and Emergency Services have provided assistance and assumed control under Section 13 of the Bushfires Act 1954 due to the size and scale of incidents.
- **ROAC** – 17 April 2025 at the John Higgins Centre in Narrogin for all CBFCO's & CEO's.

## Bush Fire Advisory Committee

### Department of Fire and Emergency Services

- **Thank you for the Assistance** – Thank you to all crews who have attended fires in and outside of their normal area of responsibility. The West Arthur Shire crews have had an exceptionally busy season, and you are to be commended on your efforts and willingness to work together as a team to achieve good outcomes.
- **Debriefing** - Post these incidents the Local Crews, Leaders and DFES Officers have conducted After Action Reviews. Please note the strategic review of the West Arthur incident from late Jan 2025 is attached, Graeme, Neil and Vin participated in this event also.

#### A few Key Points relevant to the BFAC following those After-Action Reviews:

- **Operation Information Flow** – Ensuring that Sitreps and Incident information are being communicated to the DFES Comcen (**first 15 mins**), the quicker they get information the better informed we are, and we can ensure you are being supported and resources appropriately.
- **AIIMS Training and IMT (Incident Management Team)** – One of the key themes out of a few debriefs have been around IMT structures and when to start delegating functions and roles. One process that some Shires are implementing is the 2 tanks rule for FCO's. Meaning if an FCO is having to leave the fire ground to fill their fire unit up and the fire is still not contained or controlled, then that FCO should step back and assume the role of an Incident Controller and start delegating some tasks and functions, as other FCOs should be doing the same. .
- **Training** - Ensuring you have training for members to undertake key tasks and roles such as Incident Controller and Sector Commanders.
- **Communication** – A few Challenges around communication in remote areas, use of WAERN radios and Comms plans – pre-set sectors and use of command channel key
- **Cross Border Arrangements** – Establishing Cross Border Arrangements with neighbouring Local Government Areas prior to an incident starting.
- **BFB/FCO Powers** – There has been a few instances where fires have not actioned due to Brigades not knowing whose land it is, ie. being in a reserve or near DBCA land, Under the Bushfires Act 1954, The Bushfire Brigade can enter tenure and property to prevent the spread of fire as long as they are taking due care and informing the property owners of attendance.
- **Handing over Incidents** – Incidents that occur outside of the Gazetted Fire District (Townsite) are the responsibility of the Local Government; these fires are managed under the Bushfires Act 1954, however, if the Fire is in DBCA Land a Section 45 can be completed for DBCA to manage. This process needs to involve the LG IC and DBCA . Section 13 is the same process to go from LG to DFES.

Here are some of the reasons a Fire can be handed over for the following reasons:

- At the request of the Current Controlling Agency
- It's Beyond the capacity of the current Controlling Agency
- It's a Complex Incident
- Over multiple Local Government Areas

The key here is an early conversation with the RDC, we are here to help and as a last resort takeover we would much rather stand with you and support to grow capacity.

### Seasonal Outlook

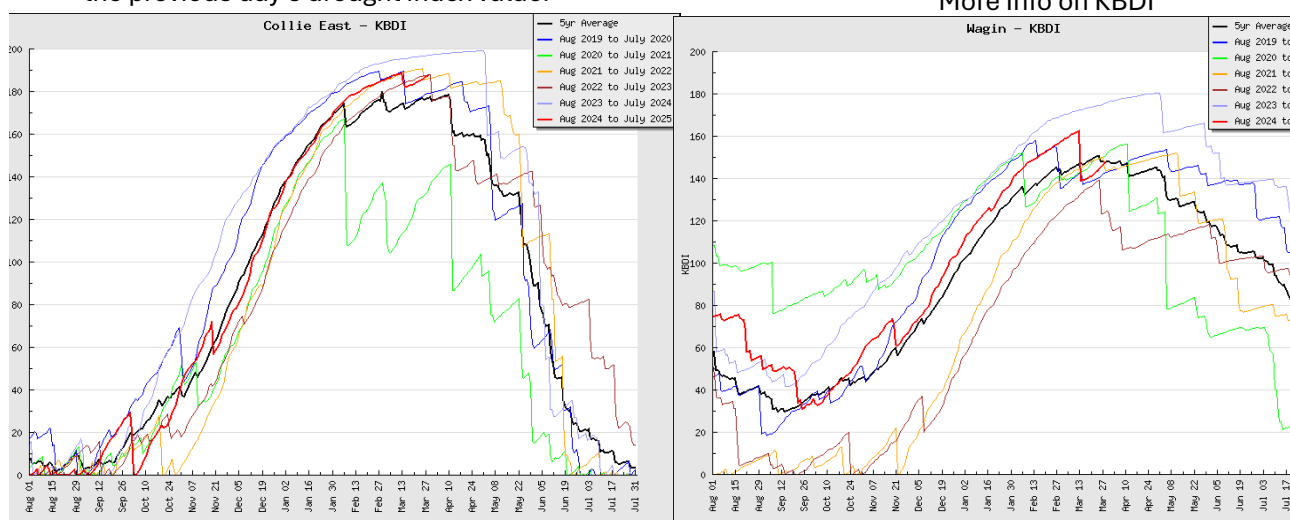

**KBDI Graph** - The Keetch-Byram Drought Index (KBDI) is a numerical value reflecting the dryness of the top layer of soils, deep forest litter, logs and living vegetation. The KBDI is expressed as a scale from 0–200, where the number represents the amounts of rainfall (in millimetres) to return the soil to saturation.

The index is calculated daily using:

- the areas mean annual rainfall
- the maximum temperature for the day
- the previous 24 hours' rainfall
- the previous day's drought index value.

More Info on KBDI

**Review of East Collie & Wagin KBDI (30 March 2025)**– With the current Graph and Seasonal conditions it appears the soil dryness was well above the 5 year average and post that 15-20+mm of rain in the landscape to brought the current soil dryness to the 5 year average. For Reference the region will generally exit the High Threat Period when the Scale reaches below 130mm and post the recent conditions we are extending till 17<sup>th</sup> April 2025 pending Deputy Commissioner sign off.

### Additional Updates

- **Emergency WA** – Use Emergency WA as your source of Truth for Incident Information. Stay up to date with [Emergency WA](#), with the New Emergency WA App now available on IOS and Android devices. Allowing you to stay up to date with real-life live data and updates. Able to set watch zones and receive updates if an incident occurs nearby.

#### Preparedness

- **Rural Fire Awareness Course** – Rural Fire Awareness Training Course is still available online – This is the minimum recommended requirement for Farm Response Unit. Training Link [Here](#).
- **Guideline for Operating Private Fire Equipment at Fire** – Useful resource available to Local Governments and Farm Response Members [Here](#).
- **Training Calendar** - As we exit Bushfire Season, the DFES Narrogin Team start the Training season, with the Upper Great Southern Training Calendar now being published and will be circulated to Local Governments. Training Calendar [Here](#).
- **Training Standards** - A reminder that the recommended minimum training for LGs/BFBs is below: Reference Link [Here](#).

#### Response

- **Not out of High Threat Period Yet** - We are still in High Threat Period for Bushfire; this means that there is still a risk of fire escalating.
- **Calling 000** - Please ensure all fires and incidents are being called through to 000 to ensure they are captured, managed and resourced appropriately. By logging each job we are ensuring that incidents are being captured, this supports big picture stuff like funding and additional appliances and requests.
- **Communication** - Please ensure LG/BFBs attending incidents are providing incident details to the DFES Comcen as soon as possible (first 15minutes) so we can ensure the incident is being supported and resourced appropriately.
- **Checklist** – A range of helpful checklist have been developed to assist you in reporting incident details. Available [Here](#) or **Scan QR Code >**
- **Personal Protective Equipment** - Please ensure that Personal Protect Equipment and Clothing is being wore on Fire Grounds, there have been a few recent safety incidents where Brigade members have been injured.
- **Public Information** – Ensuring that we are contacting Public Information to issue relevant warnings. A Bushfire Trigger Point Document is available [here](#).

**After Action Review 19 Feb 2025 – INC 707475 West Arthur Bushfire****Summary of Events**

After Action Review held in the Shire of Wagin on the 19<sup>th</sup> of February 2025, Facilitated by Department of Fire and Emergency Services and attended by representatives from the Shires of West Arthur and Wagin, Wagin Volunteer Fire and Rescue Services and Shire of Lake Grace. Prior to this event the Lessons Management Platform at DFES was used to collect feedback from a broad audience (IMT members from other regions, 3 x Shire debriefs and visiting crews). The Lessons Management team distilled that feedback into some broad themes and they were the focus of the Key Strategic Leaders After Action Review.

This After Action Review discusses and highlights key themes for the West Arthur/Wagin Bushfire. The four key areas addressed were Operational Challenges, Communication and Coordination, Safety and Security as well as Training and Preparedness. After small group development in these themes a whole group conversation was facilitated. Each member received 6 votes to vote for points they agreed strongly with, with a total of 12 voting members and 72 total votes. The key lessons learnt will be shared with Lessons Management and available in this summary for LEMC and other relevant discussion.

The After Action Review observations and insights are below:

### **Theme - Operational Challenges**

#### **Summary of key Insights from forums & online platform**

- **Volunteer Fatigue:** Volunteers experienced high levels of fatigue given the protracted nature of incident
- **Resource Allocation:** Appropriately trained personnel were required to fulfill and support shift needs and Incident Management Functions; Control, Operations, Planning, Public Information and Logistics
- **Operational Information flow:** Understanding Sector reports, initial classification and handover needs. As communication is key

#### **Key Leaders Strategic Insights (20 Total votes for this Theme)**

(Number before point denotes votes)

- **10** - Early Implementation and Triggers for incident escalation (Structures) including delegation of functions to support incident
  - Use of FCO's in Leadership roles to take on specific tasks such as Sector Commander or Ops
  - 2 Tank rule – if you must leave the fire ground as an FCO for a second tank of water it is time to stand back and take a co-ordination / leadership role (communicate key messages)
- **3** - Extra taskforces and resources from other regions or shires are helpful, so if required, get request in early to Regional Duty Coordinator.
- **3** - Transfer the IC phone from outgoing IC to Incoming IC so calling the same number but not the same person – Duty Phone concept
- **2** - State of service when power is out of Telstra towers (battery life) including vulnerabilities with grass growing through infrastructure is a concern.
- **2** - Regional training is unlike metropolitan training

### **Theme - Safety and Security**

#### **Summary of key Insights from forums & online platform**

- **Fire-ground Safety:** Issues with keeping members of the public and media away from the fire ground. Interactions with Media
- **PPC and equipment:** In place prior to incident and appropriate training to operate
- **Training in safety practises:** Hazardous Tree identification, Power lines, Crew Protection and Injury reporting

#### **Key Leaders Strategic Insights (18 Total votes for this Theme)**

(Number before point denotes votes)

- **8** - Live drive fire trucks are not fit for purpose of bushfire fighting due to the need to be mobile, use standby pumps and not PTO pump for bushfires.
- **4** - Fire Mapper good to map hazards – Hazardous Trees, Power poles, lines down, etc
- **4** - Volunteers knowing what the Control Point was for leading to logging on and off and resource allocation understandings
- **2** - Reflective tape on power poles to aid visibility in smoke

After Action Review 19 Feb 2025 – INC 707475 West Arthur Bushfire

### **Theme - Communication and Coordination**

#### **Summary of key Insights from forums & online platform**

- **Shire Boundary response protocols:** Radio Channels, Alerts and Warnings and shared responsibilities / mutual aid – Pre-planning
- **AIIMS:** Co-ordination functions being understood and engaged while operations are underway
- **Fire Mapper:** Resounding support for Fire Mapper platform
- **Incident data:** Keeping useful data for recovery and post incident follow up: hazardous trees, impacted livestock, etc.

#### **Key Leaders Strategic Insights (20 Total votes for this Theme)**

(Number before point denotes votes)

- **7-** There needs to be clear and defined triggers for when FCOs should establish an Incident Management Team, and when an Incident Controller needs to start delegating roles and tasks to FCOs.
- **5-** Basic Generic Comms Plans need to be developed and distributed to all as this can be used at fires to assist coordination
- **5-** Fire Mapper Use to help push information up and down from the Fire Ground to the IMT. Fire Mapper can also provide Radio Channel Information
- **3-** Fire Mapper Capacity to clarify Incident Controller and IMT roles, Radio Channels and have the ability to Check people in via digital T-Cards

### **Theme - Training and Preparedness**

#### **Summary of key Insights from forums & online platform**

- **Engagement in Training:** Appropriate training engagement to operate equipment and the ability to troubleshoot. Knowledge of AIIMS and Incident Control processes inline with a standard (progress of training to a higher level).
- **Leaders aware of roles and responsibilities:** Sector Commander, IMT functions, Local Emergency Management positions in place before hand (LEMA link) and relationships with other agencies (Legislative responsibilities)

#### **Key Leaders Strategic Insights (14 Total votes for this Theme)**

(Number before point denotes votes)

- **5** - More CESMs to assist Prevention, Preparedness Response and Recovery requirements on LGs through legislation
- **5** - More Emphasis required on insisting on members completing Training in line with Minimum Training Standards including FCO's, basic FF training and awareness of equipment (Formal training and brigade level training)
- **4** - Exercising of LEMA not adequate to have understanding of roles and needs during a large incident (having functions in place before an incident).

## West Arthur BFAC Meeting – 15<sup>th</sup> April 2025

### Forest Products Commission Report (April 2025)

#### Harvesting Operations

Thinning operations have been ongoing across several sharefarm plantations in recent months with activity on Duncan South, John Souths properties. There are further operations scheduled for August September 2025 in the Trigwell and Boscobel areas.

#### Preplant Site Preparation (Autumn 2025)

Establishing operations are currently across a couple areas within the shire in preparation for this winter. Machines will be onsite in the Dept Water estate preparing heaps for ignition in April/May prior to earthworks and planting.

Approx 20Ha will be planted in the west Darkan (adj Ewens) area and around 13ha will be planted in the Bowelling area down on Trigwell Bridge Rd. (adj Robinsons)

#### FPC Fire Roster

The FPC's internal fire roster has expanded this season with the extra responsibilities associated with the new plantation estate being established on freehold lands across several shires. We anticipate this internal fire capacity will be increased again as more assets are purchased.

FPC Fire Duty officers receive automatic alerts (Via DFES COMCEN) for any fires 000 reported within 5km of an FPC plantation asset and have access to both DFES and DBCA fire platforms for monitoring fires and appliances in attendance. The FPC Duty Officer contact remains the same 97255288 should FCO's need to contact them for assistance in an incident.

#### Fire Management Plans & Plantation Fire Maps

This document will capture all FPC's managed estate and the standing orders for a fire response based on the land tenure. It will align with DBCA's Regional Fire Preparedness and Response plans where FPC and DBCA share responsibilities. It will also identify and align with Shire BFRMP's for those new freehold plantations where FPC and the local shire share responsibilities for a bushfire response.

FPC are currently preparing individual *Fire Operations maps* for each plantation to share with FCO's Neighbours and other fire management stakeholders. FPC will be making these maps available on its external website via each LG for the public to access early in 2025.

FPC will also be looking to add QR codes to the gate signs to access the maps with digital devices where there is adequate phone coverage.

### **Fire Training – Plantation Fire**

FPC now has a dedicated training officer who coordinates and helps deliver all FPC internal training needs with DFES regions and DBCA Fire Management providers.

Bryce Edwards (0429 562485) is available to assist brigades with any training requirements in and around Plantation Fire and Rural Fire Awareness and liaises closely with Shire CESM,s.

Bryce also coordinates the management of FPC's fire fleet and installation of field water sources (tanks) across the FPC's plantation estate.

### **Community Fire Grants**

Community fire grants are still ongoing with those shires where the new estate properties are being acquired. Those shires will be notified once the new application format is released, and funds will be available to supplement items not necessarily available from the ESL provisions. West Arthur should expect to receive an invitation prior to the end of the current FY.

### **New FPC Fire Liaison person**

After roughly 17yrs of attending BFACs at Darkan on behalf of FPC I will be retiring in July. Thanks to everyone I've met worked with across the shire over the years and special memories of the community planting day at Kylie reserve in 2007. *(Still one of FPC best Sandalwood plantations)*

My replacement is still to be confirmed however there are still several FPC staff who are familiar with the FPC's plantations in the Shire and will be able to provide direction and appropriate support for any fires that occur into the future.

All the best and will be keeping an eye on Sandawindy as the trees develop and operations occur.

Kind Regards

Greg

## Arthur River Bush Fire Brigade Meeting 03/04/2025

Minutes of meeting held on Thursday 3/4/2025 at Arthur River Country Club. Meeting declared open at 7:15pm

Captain / Chairperson: ~ Paul Saunders

Secretary: ~ Connor Watkins

Members Present: Alan Manuel, Ben Robinson, Connor Watkins, John Pascoe, Paul Saunders, Sam Burges, Graeme Peirce, Darrel Abbott, George Gibson, Steve Treen, Neil Morrell, Garry Robinson

Members Apologies: Tim Scott, Matt Carne, Bernie Panizza, David Kain, Scott DeGaris, Paul South, David Robinson, Jackson Manuel.

Minutes from meeting held in August 2024 were read by Paul Saunders, accepted by Connor Watkins and seconded by Ben Robinson

From Business arising 2023

- New fast fills continue to be a great resource, additional lay flat pipe and ropes would be a good addition. Pre season walkthrough setting up would be useful to avoid return to dam line being too close to suction. More foot valve/float set ups for old fast fills would be good.
- Nothing done about poor design on foam container tray on truck which resulted in injury to local brigade member in previous fire season. Paul Saunders to bring up at BFAC meeting again.
- Changing over fire radios in private units still an issue.
- Purple pass stickers for private units to get through road closures to access fires. GP to follow up with shire
- Rural Fire Awareness Training course to be put on by shire pre fire season yearly.

Captains Report

- 11 fires in Arthur River fire Brigade are for the 24/25 fire season
  - 4 fires on private property
  - 4 fires main/shire roads
  - 1 fires started by natural causes
  - 2 fire ignited by power lines/poles
- We have had a very strong representation at surrounding brigades fires with private units, fast response Ute and AR truck.

## Financial Report

■ Opening Balance – 13/08/2024	\$6048.92
■ Income	\$1021.08
■ Expenses	\$0
■ Outstanding to be Paid	aprox \$130
■ Closing Balance – 03/04/2024	\$7070.80

## General Business

- Graeme Peirce (Acting fire chief) reviewed major fires of the season.
- Access to fire mapper app to be provided for brigade members.
- Requirement of PPE after incidents at previous fires. New PPE available upon order.
- FCO's to be given access to neighboring fire chats to assign assets if required.
- Receipts for expenses during fires to be assigned to DFES where possible otherwise shire of West Arthur with reimbursement form.
- Arthur river phone tower troublesome during fire/power outage. Batteries only last 3-4 hours and back up generator not supplied as Telstra have said it would be.
- Dispensation for feedlots during fire ban. Requested by John Pascoe. What are the requirements?
- Can we implement a permit system for contractors in the shire?
- \$1000 of Fuel Vouchers not supplied to the brigade this year. Who has them/where are they?
  
- Meeting closed at 9:00pm

## General Business

Graeme Pierce discuss in some detail the fires at Dunleith and Arthur River and the learning from these.

James Jefferies pointed out that from these fires, its now time for Greame Peirce to have his own light fast attack vehicle from which he can command from.

Graeme stressed the importance of wearing your protective clothing when attending fires and mopping up. If you require additional PPE to have in other vehicles that maybe be attending a fire, let him know and will get them ordered.

Discussed why a Harvest Movement vehicle ban does not automatically go on if a fire start.

Graeme reminded if a fire starts, early intervention via a notification on Signal is important.

Greg Recetti ask where are FPC at in terms of having their own fire trucks and equipment. Graeme advised that they do have trucks and have been turning up to fires. Importantly they have been maintaining very good communication with himself, actively attending BFAT meetings and updating where water points are in the event of a fire on FPC land.

Adrian South discussed a new app called Fire Live, which can provide real time location of users, where they are located within the fire ground. this has the benefit of mapping the progress of the fire and boundries. Users can provide information on assets that require protection and the locations of Fast fill pumps.

Tim Harrington if DFES are looking to sell 2nd hand Fire Trucks, noting there importance on a fire ground, and how the increased numbers that farmers have in this brigade has proved very sucessful in putting out fires.

Graeme reminded that the BFAT meeting is on the 15th July and if you can attend it will be beneficial.

Greame thanks all the volenteers for all there hard effort with this years fires. Our brigade is in a very good position with fire experience.

James Jefferies thank Graeme on all our behalfs for an amazing job with nopt only the fires during the season but especially the Dunlieth and Arthur River Fires.

Meeting closed at 7:31pm.

**SUMMARY:**

Council is requested to consider the financial reports for the period ending 30 April 2025.

**BACKGROUND:**

The financial reports for the period ending 30 April 2025 are attached.

**COMMENT:**

If you have any questions regarding details in the financial reports, please get in touch with the office before Council meeting so that sufficient time is given to research the request. This will enable the information to be provided at the Council meeting.

**CONSULTATION:**

Not required.

**STATUTORY ENVIRONMENT:**

Regulation 34 (1) of the Local Government (Financial Management) Regulations 1996 states that a Local Government is to prepare each month a statement of financial activity reporting on the revenue and expenditure, as set out in the annual budget under regulation 22(1)(d), for the previous month (the relevant month) in the following detail —

- (a) annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c); and
- (b) budget estimates to the end of the relevant month and
- (c) actual amounts of expenditure, revenue and income to the end of the relevant month and
- (d) material variances between the comparable amounts referred to in paragraphs (b) and (c); and
- (e) the net current assets at the end of the relevant month, and a note containing a summary explaining the composition of the net existing assets.

**POLICY IMPLICATIONS:**

Nil

**FINANCIAL IMPLICATIONS:**

There are no financial implications. Reported income and expenditure will be assessed by management as being consistent with the 2024/25 Annual Budget.

**STRATEGIC IMPLICATIONS:**

West Arthur Towards 2031

Theme: Leadership and Management

Outcome: Establish and maintain sound business and governance structures

Strategy: Ensure that the local community is provided with value for money through the prudent expenditure of rates

**RISK IMPLICATIONS:**

***Risk management is the removal of uncertainty from business decisions. Risk is expressed in terms of likelihood it may occur and the consequences that may flow from it.*** The consequences may be positive or negative or simply a deviation from the expected. The risk or consequence may be related to health and safety; financial; business or service interruption; compliance; reputation; or the environment. ***Reference to the risk matrix below will generate a risk rating by assessing the likelihood and consequence and multiplying these scores by each other.*** The greater the risk rating, the greater the risk and the higher the need for specific plans to be developed. All items with a risk rating greater than 10 should be added to the Risk Register and specific controls developed.

**Risk Themes:**

A risk theme is the categorising of risk. For example, the collection of risks that represent compliance failure. The risk themes in the shire Risk Register include:

- Business Disruption
- Community Disruption
- IT or Communications Failure
- External Threat or Fraud
- Misconduct
- Inadequate safety or security practices
- Inadequate project or change management
- Errors Omissions or Delays
- Inadequate Document Management Processes
- Inadequate supplier / contract management
- Providing inaccurate advice / information
- Ineffective Employment practices
- Compliance failure
- Inadequate asset management
- Inadequate engagement practices
- Ineffective facility or event management
- Inadequate environmental management

**Risk Matrix:**

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)

## NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY FOR THE PERIOD ENDED 30 APRIL 2025

### 1 BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

#### BASIS OF PREPARATION

This prescribed financial report has been prepared in accordance with the *Local Government Act 1995* and accompanying regulations.

##### **Local Government Act 1995 requirements**

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996*, prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

*Local Government (Financial Management) Regulations 1996*, regulation 34 prescribes contents of the financial report. Supporting information does not form part of the financial report.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

#### THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements.

#### Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- impairment of financial assets
- estimation of fair values of land and buildings, infrastructure and investment property
- estimation uncertainties made in relation to lease accounting
- estimated useful life of intangible assets

#### SIGNIFICANT ACCOUNTING POLICES

Significant accounting policies utilised in the preparation of these statements are as described within the 2023-24 Annual Budget. Please refer to the adopted budget document for details of these policies.

#### PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 16 May 2025

**KEY INFORMATION**

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of net current assets.

The local government classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at amortised cost held with registered financial institutions are listed in this note other financial assets at amortised cost are provided in Note 4 - Other assets

**SIGNIFICANT ACCOUNTING POLICIES**

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

**Initial recognition and measurement for assets held at cost**

Plant and equipment including furniture and equipment is recognised at cost on acquisition in accordance with *Financial Management Regulation 17A*. Where acquired at no cost the asset is initially recognise at fair value. Assets held at cost are depreciated and assessed for impairment annually.

**Initial recognition and measurement between mandatory revaluation dates for assets held at fair value**

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

<b>Total receivables general outstanding</b>						<b>33,413</b>

Amounts shown above include GST (where applicable)

## KEY INFORMATION

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

## Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

**KEY INFORMATION**

**Other financial assets at amortised cost**

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

**Inventory**

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

**KEY INFORMATION**

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the period that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

All debenture repayments were financed by general purpose revenue.  
Self supporting loans are financed by repayments from third parties.

KEY INFORMATION

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Non-current borrowings fair values are based on discounted cash flows using a current borrowing rate.

**KEY INFORMATION**

**Provisions**

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

**Employee Related Provisions**

**Short-term employee benefits**

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

**Other long-term employee benefits**

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as employee related provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

**Contract liabilities**

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer.

**Capital grant/contribution liabilities**

Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

**SUMMARY:**

Council is requested to endorse payments of accounts for April 2025 as listed and note the attached credit card transactions.

**BACKGROUND:**

The schedule of accounts for payment is included as an attachment for Council information.

**COMMENT:**

If you have any questions regarding payments in the listing, please contact the office before the Council meeting.

**CONSULTATION:**

No consultation is required.

**STATUTORY ENVIRONMENT:**

Local Government (Financial Management) Regulations 1996

**12. Payments from municipal fund or trust fund, restrictions on making**

- (1) A payment may only be made from the municipal fund or the trust fund —
  - (a) if the local government has delegated to the CEO the exercise of its power to make payments from those funds — by the CEO; or
  - (b) otherwise, if the payment is authorised in advance by a resolution of the council.
- (2) The council must not authorise a payment from those funds until a list prepared under regulation 13(2) containing details of the accounts to be paid has been presented to the council.

**13. Payments from municipal fund or trust fund by CEO, CEO's duties as to etc.**

- (1) If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared —
  - (a) the payee's name; and
  - (b) the amount of the payment; and
  - (c) the date of the payment; and
  - (d) sufficient information to identify the transaction.

- (2) A list of accounts for approval to be paid is to be prepared each month showing —
  - (a) for each account which requires council authorisation in that month —
    - (i) the payee's name; and
    - (ii) the amount of the payment; and
    - (iii) sufficient information to identify the transaction;  
and
  - (b) the date of the meeting of the council to which the list is to be presented.
- (3) A list prepared under sub regulation (1) or (2) is to be —
  - (a) presented to the council at the next ordinary meeting of the council after the list is prepared; and
  - (b) recorded in the minutes of that meeting.

**POLICY IMPLICATIONS:**

Policy F29 – Purchasing Policy

Policy F2 – Corporate Transaction Cards Policy

**FINANCIAL IMPLICATIONS:**

There are no financial implications. Reported expenditure is assessed by management as being consistent with the adopted Annual Budget.

**STRATEGIC IMPLICATIONS:**

West Arthur Towards 2031

Theme: Leadership and Management

Outcome: Establish and maintain sound business and governance structures

Strategy: Comply with regulations and best practice standards to drive good decision making by Council and Staff

**RISK IMPLICATIONS:**

***Risk management is the removal of uncertainty from business decisions. Risk is expressed in terms of likelihood it may occur and the consequences that may flow from it.*** The consequences may be positive or negative or simply a deviation from the expected. The risk or consequence may be related to health and safety; financial; business or service interruption; compliance; reputation; or the environment. ***Reference to the risk matrix below will generate a risk rating by assessing the likelihood and consequence and multiplying these scores by each other.*** The greater the risk rating, the greater the risk and the higher the need for specific plans to be developed. All items with a risk rating greater than 10 should be added to the Risk Register and specific controls developed.

**Risk Themes:**

A risk theme is the categorising of risk. For example, the collection of risks that represent compliance failure. The risk themes in the shire Risk Register include:

- Business Disruption
- Community Disruption
- IT or Communications Failure
- External Threat or Fraud
- Misconduct
- Inadequate safety or security practices
- Inadequate project or change management
- Errors Omissions or Delays
- Inadequate Document Management Processes
- Inadequate supplier / contract management

- Providing inaccurate advice / information
- Ineffective Employment practices
- Compliance failure
- Inadequate asset management
- Inadequate engagement practices
- Ineffective facility or event management
- Inadequate environmental management

**Risk Matrix:**

Consequence Likelihood		Insignificant	Minor	Moderate	Major	Catastrophic
		1	2	3	4	5
Almost Certain	5	Medium (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely	4	Low (4)	Medium (8)	High (12)	High (16)	Extreme (25)
Possible	3	Low (3)	Medium (6)	Medium (9)	High (12)	High (15)
Unlikely	2	Low (2)	Low (4)	Medium (6)	Medium (8)	High (10)
Rare	1	Low (1)	Low (2)	Low (3)	Low (4)	Medium (5)

Description of Key Risk	Unauthorised (or incorrectly authorised) payments being made
Risk Likelihood (based on history and with existing controls)	Rare (1)
Risk Consequence	Major (4)
Risk Rating (Prior to Treatment or Control): Likelihood x Consequence	Low (4)
Principal Risk Theme	Misconduct
Risk Action Plan (Controls or Treatment Proposed)	Payments listing provided to Council each month

**VOTING REQUIREMENTS:**

Simple Majority

**OFFICER RECOMMENDATION:**

That Council;

1. in accordance with section 13 of the Financial Management Regulations of the Local Government Act 1995 and in accordance with delegation, note April 2025 Municipal Fund vouchers 03042025.1-03042025.33, 17042025.1-17042025.57, Licensing, Salaries and Wages, EFT Transfers and Direct Debits totalling \$467,901.99 listed (attached) as approved for payment.

**12.3 SALE OF LAND FOR NON-PAYMENT OF RATES - 16 HORLEY STREET - A986**

**SUMMARY:**

The Council is requested to consider the sale of 16 Horley Street, Duranillin (Assessment A986) as property rates and charges have been in arrears for over three years.

**BACKGROUND:**

Proceedings against the owner of assessment A986 have been commenced under the delegated authority. The property owner cannot be established and has failed to pay rates since 2004.

**COMMENT:**

The Shire has been pursuing recovery of unpaid rates for a parcel of land believed to be unoccupied and without clear ownership since the early 2000s. The following steps have been undertaken to identify and contact the responsible parties:

- **18 December 2023:** The matter was referred to Ampac for recovery. No current address or mobile number was available to issue demands.
- **12 February 2024:** Title search revealed the property remains in the name of **Peter and Shirley Plank**.
- **12 March 2024:** Historical inquiry indicated the property was **informally sold to Mr. Dawson in the 1970s**, and later to **Mr. Nicholson**, with occupation dating back to **at least 1996**.
- **April 2024:** Skip trace was conducted to locate Mr. Nicholson; no useful information was obtained.
- **May 2024:** Legal advice received – due to the inability to locate the occupiers or any legal claimants, the Shire should consider proceeding under **Section 6.64 of the Local Government Act 1995** to recover outstanding rates and charges.
- **June 2024:** Skip trace was conducted for Mr. Dawson – again, no conclusive information was found.
- **April 2025:** Probate search completed – **no record** of probate or letters of administration for Mr. Dawson or Mr. Nicholson was found.

All reasonable debt recovery options have been exhausted. The rates have gone unpaid since 2004, and the debt continues to accrue interest and penalties, increasing the Shire's financial burden.

Local Government Act 1995 (The Act)

Local Government (Financial Management) Regulations 1996 (Regulations)

Sections 6.64 and 6.75 of the Act and Regulations 72 to 78 govern the actions against landowners of rateable land to which rates have remained unpaid for more than three (3) years.

**6.64. Actions to be taken**

(1) If any rates or service charges which are due to a local government in respect of any rateable land have been unpaid for at least 3 years the local government may, in accordance with the appropriate provisions of this Subdivision take possession of the land and hold the land as against a person having an estate

or interest in the land and —

- (a) from time to time lease the land; or
- (b) sell the land; or
- (c) cause the land to be transferred to the Crown; or
- (d) cause the land to be transferred to itself.

(2) On taking possession of any land under this section, the local government is to give to the owner of the land such notification as is prescribed and then to affix on a conspicuous part of the land a notice, in the form or substantially in the form prescribed.

(3) Where payment of rates or service charges imposed in respect of any land is in arrears the local government has an interest in the land in respect of which it may lodge a caveat to preclude dealings in respect of the land, and may withdraw caveats so lodged by it.

**6.68. Exercise of power to sell land**

(1) Subject to subsection (2), a local government is not to exercise its power under section 6.64(1)(b) (in this Subdivision and Schedule 6.3 referred to as the **power of sale**) in relation to any land unless, within the period of 3 years prior to the exercise of the power of sale, the local government has at least once attempted under section 6.56 to recover money due to it.

(2) A local government is not required to attempt under section 6.56 to recover money due to it before exercising the power of sale where the local government —

- (a) has a reasonable belief that the cost of the proceedings under that section will equal or exceed the value of the land; or
- (b) having made reasonable efforts to locate the owner of the property is unable to do so.

(3A) A local government is to ensure that a decision to exercise a power of sale without having, within the period of 3 years prior to the exercise of the power of sale, attempted under section 6.56 to recover the money due to it and the reasons for the decision are recorded in the minutes of the meeting at which the decision was made.

(3) Schedule 6.3 has effect in relation to the exercise of the power of sale.

*[Section 6.68 amended: No. 17 of 2009 s. 40.]*

**6.75. Land to be vested in local government**

(1) Where, at the expiration of 12 years from the taking of possession of any rateable land by a local government under

section 6.64 —

- (a) all rates and service charges due and payable in respect of the land have not been paid; and

- (b) the land has not, under the provisions of this Subdivision, been —
- (i) sold by the local government; or
- (ii) transferred to the local government; or
- (iii) transferred to the Crown,

by operation of this section the fee simple in the land is to be transferred to the local government subject to —

- (c) easements in favour of the public which affect the land;
- and

(d) the rights of the Crown in right of the State or Commonwealth or a department, agency, or instrumentality of the Crown in right of the State or Commonwealth; and

(e) rates and taxes (other than local government rates and service charges) due on the land, but free from other encumbrances.

(2) Schedule 6.3 has effect in relation to a transfer under this section.

Section of the Act referenced:

- 6.64 Actions to be taken.
- 6.68 Exercise of power to sell land

Statewide public notice must be given of the sale of land for non-payment of rates or service charges, and the sale shall be conducted as a public auction as prescribed in form 5 of the Regulation [reg.75].

#### **POLICY IMPLICATIONS:**

F28 – Revenue Collection indicates that other courses of action should be taken to collect debt, which include the sale of land under s6.64 of the Local Government Act 1995.

#### **FINANCIAL IMPLICATIONS:**

As of 15 May 2025, the total amount outstanding on the property is \$40,483.77, including legal fees and interest. There will be further costs incurred to sell the property.

**OFFICER RECOMMENDATION:**

That Council, having noted that reasonable efforts to locate the owner of the property at 16 Horley Street, Duranillin have been made:

1. Authorise the CEO, pursuant to section 6.64(1)(b) of the *Local Government Act 1995 (WA)*, proceed to sell 16 Horley Street, Duranillin (Certificate of Title 1107/572) which has been in arrears for three (3) or more years, and recover from the proceeds of sale the outstanding balance; and
2. Grant authority to the Shire President and the Chief Executive Officer to execute and, if necessary, affix the common Seal of the Shire to any documentation required to effect the property sale in clause one above.

**SUMMARY:**

The Council is requested to consider the sale of 43 Arthur Street, Darkan (Assessment A727) as property rates and charges have been in arrears for over three years.

**BACKGROUND:**

Proceedings against the owner of assessment A727 have been commenced under the delegated authority. The property owner has failed to pay rates since 2007.

**COMMENT:**

The Shire has been actively pursuing the recovery of outstanding rates on a property without sufficient payment for over three years. A series of formal recovery actions have been undertaken, as outlined below:

- **December 2023:** The outstanding rates debt was referred to debt collectors - AMPAC.
- **March 2024:** A **skip trace** was initiated to locate the responsible ratepayers.
- **March 2024:** A **General Procedure Claim (GPC)** was issued through the Magistrates Court.
- **July 2024:** The ratepayers offered a payment arrangement of **\$100 per week**. Given the outstanding amount, this offer was considered insufficient and was **declined by the Shire (SOWA)** after consulting with AMPAC.
- **July 2024:** A **Property Seizure and Sale Order (PSSO)** was issued.
- **August 2024:** The **Bailiff attended the property** and deemed no valuable goods were available for seizure.

All reasonable debt recovery options have been exhausted. The rates have gone unpaid since 2007, and the debt continues to accrue interest and penalties, increasing the Shire's financial burden.

**SUMMARY:**

The Council is requested to consider the sale of 17 Nangip Crescent, Darkan.

**BACKGROUND:**

The Shire recently acquired a parcel of land at 17 Nangip Crescent, Darkan, following the completion of the statutory process under the Local Government Act 1995 for rate non-payment.

At the time of acquisition, it was proposed that the land be used to construct a staff residence to support staff retention and address housing challenges in the area.

**COMMENT:**

Following a preliminary site assessment by officers, it has become evident that the land presents significant challenges for development. The block is notably steep, with substantial earthworks, retaining walls, and engineering requirements for construction. These factors contribute to prohibitively high costs, making it financially unviable for the Shire to proceed with a staff housing project on this site.

Given the constraints and costs associated with developing this land, officers recommend that the Shire now proceed with the disposal of the property via public auction. Selling the property through public auction will enable transparency, competitiveness, and compliance with disposal requirements under Section 3.58 of the *Local Government Act 1995*.

Funds from the sale may be redirected to future housing or other strategic initiatives as determined by the Council.

Local Government Act 1995 (The Act)

**3.58. Disposing of property**

(1) In this section —

*dispose* includes to sell, lease, or otherwise dispose of, whether absolutely or not;

*Property* includes the whole or any part of the interest of a local government in property, but does not include money.

- (2) Except as stated in this section, a local government can only dispose of property to —
- (a) the highest bidder at public auction; or
  - (b) the person who at public tender called by the local government makes what is, in the opinion of the local government, the most acceptable tender, whether or not it is the highest tender.
- (3) A local government can dispose of property other than under subsection (2) if, before agreeing to dispose of the property —
- (a) it gives local public notice of the proposed disposition —
    - (i) describing the property concerned; and
    - (ii) giving details of the proposed disposition; and
    - (iii) inviting submissions to be made to the local government before a date to be specified in the notice, being a date not less than 2 weeks after the notice is first given;
 and
    - (b) it considers any submissions made to it before the date specified in the notice and, if its decision is made by the council or a committee, the decision and the reasons for it are recorded in the minutes of the meeting at which the decision was made.
- (4) The details of a proposed disposition that are required by subsection (3)(a)(ii) include —
- (a) the names of all other parties concerned; and
  - (b) the consideration to be received by the local government for the disposition; and
  - (c) the market value of the disposition —
    - (i) as ascertained by a valuation carried out not more than 6 months before the proposed disposition; or
    - (ii) as declared by a resolution of the local government on the basis of a valuation carried out more than 6 months before the proposed disposition that the local government believes to be a true indication of the value at the time of the proposed disposition.
- (5) This section does not apply to —
- (a) a disposition of an interest in land under the *Land Administration Act 1997* section 189 or 190; or
  - (b) a disposition of property in the course of carrying on a trading undertaking as defined in section 3.59; or
  - (c) anything that the local government provides to a particular person, for a fee or otherwise, in the performance of a function that it has under any written law; or
  - (d) any other disposition that is excluded by regulations from the application of this section.
- [Section 3.58 amended: No. 49 of 2004 s. 27; No. 17 of 2009s. 10.]*

The disposal of property is subject to Section 3.58 of the Local Government Act 1995. The public auction process complies with these requirements and ensures fair market value.

**POLICY IMPLICATIONS:**

Nil.

**FINANCIAL IMPLICATIONS:**

Costs associated with the sale (e.g. auctioneer fees, advertising) will be minimal and will be recovered from the sale proceeds. The disposal may also result in the property returning to the rate base if purchased by a private party.

**STRATEGIC IMPLICATIONS:**

**SUMMARY:**

This report:

- provides details of the outcomes from public advertising of the draft Shires of Wagin, West Arthur and Williams Joint Local Planning Strategy;
- recommends that Council resolve to support and finally adopt the draft Strategy subject to modifications to address issues raised and recommendations provided in the submissions received during public advertising;
- authorises the Shire President and Chief Executive Officer to sign the draft Shires of Wagin, West Arthur and Williams Joint Local Planning Strategy as required; and
- authorises the Shire's Chief Executive Officer to submit a copy of the draft Strategy as advertised, a Schedule of Submissions and a Schedule of Modifications to the Western Australian Planning Commission for consideration and final endorsement.

**BACKGROUND:**

At its Ordinary Meeting held on 28 November 2024 Council unanimously resolved to advertise the draft Shires of Wagin, West Arthur and Williams Joint Local Planning Strategy for public comment for a period of 60 days (i.e. Resolution CO-2024-126).

**COMMENT:**

In accordance with Council's resolution on 28 November 2024 the draft Strategy (see Attachment 3) was advertised for public comment in accordance with the procedural requirements of regulation 13 of the

*Planning and Development (Local Planning Scheme) Regulations 2015* for sixty (60) days. This process included:

- Publication of a notice and copy of the final amended draft version of the Strategy on the Shire's website;
- Publication of notices in local newsletters, the Shire's Facebook page and the Narrogin Observer newspaper;
- Correspondence to all landowners directly affected by the draft Strategy and other major stakeholders; and
- Correspondence to a number of State Government agencies and essential service providers.

A total of eleven (11) submissions were received during public advertising, ten (10) of which were from State government agencies and one (1) from the Shire of West Arthur. A summary of all submissions received and a recommendation in respect of each is provided in Attachment 1 (i.e. Schedule of Submissions).

A Schedule of Modifications to the draft Strategy is also provided in Attachment 2 to reflect the recommendations provided in Attachment 1 in respect of all submissions received.

It is significant to note no submissions were received from those landowners directly affected by the draft Strategy or the local community more generally either supporting or objecting to the draft Strategy. As such it is reasonable to conclude all affected landowners and the local community more generally are satisfied with and supportive of the draft Strategy and do not have any objections.

Council should note none of the submissions received raised any objections to the draft Strategy however a number of comments and recommendations were provided to ensure the Strategy is based on the latest available information (e.g. population forecasts), technically correct, and consistent with the aims and objectives of the State Planning Framework as well as the Shire's strategic planning framework.

In light of all the above it is recommended Council resolve, pursuant to regulation 14 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, to:

- a) support and finally adopt the draft Strategy subject to the various modifications contained in the Schedule of Modifications provided in Attachment 2 to reflect the recommendations provided in a number of submissions received during public advertising; and
- b) authorise the Shire's Chief Executive Officer to submit a copy of the draft Strategy as advertised, a Schedule of Submissions and a Schedule of Modifications to the Western Australian Planning Commission for consideration and final endorsement within sixty (60) days of receipt as required by the aforementioned regulations.

Assuming the Western Australian Planning Commission endorses the Strategy in accordance with some or all of the modifications proposed by the Shires of Wagin, West Arthur and Williams, the Strategy will be amended accordingly and must then be published on each Shire's website and made available for public inspection at each Shire's administration centre during normal business hours.

#### **CONSULTATION:**

As per the advice provided in the comment section above.

#### **STATUTORY ENVIRONMENT:**

*Planning and Development Act 2005*

*Planning and Development (Local Planning Schemes) Regulations 2015*

#### **POLICY IMPLICATIONS:**

Nil

**FINANCIAL IMPLICATIONS:**

There are no immediate financial implications for the Shire aside from the administrative and advertising costs associated with progressing and finalising the draft Strategy in accordance with the procedural requirements of the *Planning and Development (Local Planning Schemes) Regulations 2015* which have been accounted for in the Shire's annual budget.

**STRATEGIC IMPLICATIONS:**

The preparation and adoption of a Local Planning Strategy is generally consistent with the aims and objectives of the Shire's *Strategic Community Plan Towards 2031*, *Corporate Business Plan 2021-2025* and *Economic Development Strategy 2023-2033*.

**RISK IMPLICATIONS:**

***Risk management is the removal of uncertainty from business decisions. Risk is expressed in terms of likelihood it may occur and the consequences that may flow from it.*** The consequences may be positive or negative or simply a deviation from the expected. The risk or consequence may be related to health and safety; financial; business or service interruption; compliance; reputation; or the environment. ***Reference to the risk matrix below will generate a risk rating by assessing the likelihood and consequence and multiplying these scores by each other.*** The greater the risk rating, the greater the risk and the higher the need for specific plans to be developed. **OFFICER RECOMMENDATION:**

That Council resolve, in accordance with regulation 14 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, to:

1. Acknowledge receipt of all submissions received during public advertising of the draft Shires of Wagin, West Arthur and Williams Joint Local Planning Strategy and endorse the recommendations in respect of each as documented in Attachment 1;
2. Support the draft Shires of Wagin, West Arthur and Williams Joint Local Planning Strategy subject to the various proposed modifications provided in Attachment 2;
3. Authorise the Shire President and Chief Executive Officer to sign the draft Shires of Wagin, West Arthur and Williams Joint Local Planning Strategy as required; and
4. Authorise the Shire's Chief Executive Officer to submit a copy of the draft Shires of Wagin, West Arthur and Williams Joint Local Planning Strategy as advertised, Schedule of Submissions (i.e. Attachment 1) and Schedule of Modifications (Attachment 2) to the Western Australian Planning Commission for consideration and final endorsement.

11	Shire of West Arthur	Mr Vin Fordham Lamont – Chief Executive Officer  PO Box 112 DARKAN WA 6392	The Shire of West Arthur has recently completed preparation of a draft Biodiversity Strategy to establish a comprehensive framework for the protection, enhancement, and sustainable management of local biodiversity. It is suggested this document, which contains some useful guidance and plans, should be referenced in Parts 1 and 2 of the Local Planning Strategy in the sections pertaining to 'Environment' to raise awareness of its existence and the strategic direction it espouses.	As per the Shire's submission.	That Parts 1 and 2 of the proposed Local Planning Strategy as it applies to 'Environment' be amended to include reference to the <i>Shire of West Arthur Biodiversity Strategy</i> and the need to consider its aims and objectives when planning for any future development which may have potential to compromise local biodiversity values.

14.	Amend the 'Strategic Implications' for Flood on page 93 so it reads as follows: <i>There is broad consensus among scientists that while overall winter rainfall may reduce, extreme rainfall events which can result in flooding will become more frequent because of the changing global climate. This may have future implications for strategies which seek to increase development in settlement areas.</i> <i>Land use intensification in locations which may be impacted by flooding should be carefully considered. In locations where there is an elevated flood risk, local planning schemes and development proposals should identify flood prone areas and outline measures to manage flood risk to people, property and infrastructure.</i> <i>The broader planning framework should enable appropriate development consistent with the intent and principles of State Planning Policies 2.9 and 3.4.</i>	To reflect the recommendation provided in the submission received from the Department of Water and Environmental Regulation to ensure the 'Strategic Implications' for Flood are consistent with the position adopted by the Department's Flood Risk Science Section. <i>Note: the bold text reflects the modifications recommended by the Department.</i>

**16        NEW OR URGENT BUSINESS INTRODUCED BY DECISION OF THE MEETING**

New business of an urgent nature introduced by decision of the meeting. Best practice provides that Council should only consider items that have been included on the Agenda (to allow ample time for Councillors to research prior to the meeting) and which have an Officer Report (to provide the background to the issue and a recommended decision).
